Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. Other Matter - Supplemental Schedules

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by State Street Bank and Trust Company, the trustee of the Plan. Their report, dated October 1, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of the Plan

The following description provides only general information about the Herman Kay Company, Incorporated Employee 401(k) Savings Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established and became effective on June 1, 1996. The Plan is a defined contribution plan covering all non-union eligible employees of Mystic, Inc. and certain affiliates (the "Company"). The Board of Trustees have responsibility for the operation and administration of the Plan, including the appropriateness of the Plan's investment elections and monitoring investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility - A non-union employee, having attained age 21, can become eligible to participate in the Plan on the first day of the Plan year quarter following the completion of three months of service, as defined by the Plan.

Contributions - Contributions to the Plan include: (i) voluntary salary deferrals, including Roth 401(k) deferrals, (ii) employer matching contributions, (iii) profit sharing contributions, and (iv) rollover contributions.

The Plan permits eligible employees to have from 1% to 50% of their total compensation contributed to the Plan, up to the maximum pre-tax contribution limits set annually by the Internal Revenue Service ("IRS"). The Plan permits participants to select the investment allocations for their accounts.

The Company may make matching contributions, as defined by the Plan. Currently, the Company will provide a matching contribution of 25% of each participant's pre-tax contribution up to 6% of eligible compensation. During the year ended December 31, 2015, the Company made matching contributions of $116,363.

The company may elect to make discretionary profit sharing contributions to the Plan. For the year ended December 31, 2015, the Company did not make any profit sharing contributions.

Eligible employees may rollover distributions from other qualified retirement plans, as defined in the Plan, and certain Individual Retirement Accounts ("IRA's"). Rollover contributions are not matched by the Company. These contributions are 100% vested and will automatically be invested in accordance with the participant's investment election.

Investment Elections - Amounts contributed to the Plan are held in a trust under the Plan. Participants may choose to allocate the current contribution among the various investment funds. Each participant may change their investment mix of future contributions and the current Plan accounts among the investment funds.

(1) Description of the Plan (Continued)

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's matching contribution, if any, (b) Company profit sharing contributions, if any, and (c) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Funds held in the voluntary salary reduction, profit sharing contribution and rollover contribution accounts are fully vested and are non-forfeitable.

The Plan has a provision for certain employer contributions. The vesting schedule attributable to employer discretionary matching contributions is as follows:

Years of Vesting Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants - Participants may borrow from the Plan under a loan feature which became effective at the Plan's inception. Loans will be granted with a minimum amount of $500 and a maximum amount equal to 50% of a participant's vested account balance, but not more than $50,000, reduced by the participant's highest loan balance if any, during the preceding 12 months. The interest rate on the loan is based on the prime rate as published in the Wall Street Journal on the 14th day of each month (or on the first business day preceding the 14th in the event the 14th is not a business day), plus one percent. All loans must be adequately secured by the participants' vested interest in the Plan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the vested value of his or her account or installments over a period of not more than hiss or her assumed life expectancy, as defined in the Plan. If the vested value exceeds $5,000 no distribution will be made without the employee's consent prior to reaching normal retirement age, as defined in the Plan. In addition, participants are entitled to hardship withdrawals as defined by the Plan. In no event, may payments begin any later than April 1st following the calendar year in which the participant reaches age 70-1/2.

Forfeitures - If a Participant terminates employment before being fully vested in his or her employer matching contributions, then the non-vested portion of the terminated participant's account balance remains in the Plan as a forfeiture. Forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan by the Company. During the year ended December 31, 2015, there were forfeitures of $4,546.

(2) Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). This ASU removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under ASC 820. This ASU is effective for the Plan retrospectively for the year ending December 31, 2016 with early adoption permitted. Plan management has early adopted ASU 2015-07 and its application was applied retrospectively.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts but will continue to provide certain disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts. Upon adoption, contract value will be the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. This ASU is effective for the Plan retrospectively for the year ending December 31, 2016 with early adoption permitted. Plan management has early adopted all three parts of ASU 2015-12 and its application was applied retrospectively.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information principally provided by the Plans trustee, as described in Note 3.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Certain costs incurred by the plan for investment management services and transaction fees are included in net appreciation (depreciation) in fair value of investments, rather than as direct payments.

(2) Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Operating Expenses - Certain administrative expenses of maintaining the Plan are paid by the Company. Expenses associated with administering participants' accounts are paid from Plan assets, which are first reduced by any forfeitures the Plan Administrator has directed to be used for payment of expenses. Any remaining expenses are shared among all participant accounts. Certain investment transaction related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 11, 2016, the date the financial statements were available to be issued.

(3) Information Certified and Provided by State Street Bank & Trust Co. (Unaudited)

The following is a summary of the investment information as of December 31, 2015 and 2014, and for the years then ended included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Notes 4 and 5 and supplemental schedule which appears throughout the financial statements and supplemental schedule related to the following investments:

	December 31, 2015	December 31, 2014
Investments at Fair Value:		
Common Collective Trust	$ 615,331	$ 722,733
Mutual Funds	7,714,194	7,360,505
Total Investments at Fair Value	$ 8,329,525	$ 8,083,238

The custodian also certified to the completeness and accuracy of the following investment income:

	Year ended December 31, 2015
Net Depreciation in Fair Value of Investments	$ (428,782)
Interest and Dividends	298,389

(4) Investments

During the year ended December 31, 2015, the Plan's investments (including investments bought, sold and held during the years) (depreciated) in fair value by $(428,782).

(5) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(5) Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the net asset value (NAV) of units of the underlying trust. The principal value per unit of the fund is determined at the end of each day by dividing the net assets by the number of units outstanding. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,714,194	$ --	$ --	$ 7,714,194
Total Assets in the Fair Value Hierarchy	$ 7,714,194	$ --	$ --	7,714,194
Investments Measured at Net Asset Value*				615,331
Total Assets at Fair Value	$ 7,714,194	$ --	$ --	$ 8,329,525

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,360,505	$ --	$ --	$ 7,360,505
Total Assets in the Fair Value Hierarchy	$ 7,360,505	$ --	$ --	7,360,505
Investments Measured at Net Asset Value*				722,733
Total Assets at Fair Value	$ 7,360,505	$ --	$ --	$ 8,083,238

(5) Fair Value Measurements (Continued)

Changes in Fair Value Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2015 and 2014:

	December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trust:				
Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053 (a)	$ 615,331	None	Daily	Same Day

	December 31, 2014			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trust:				
Invesco Stable Asset Trust ADP 30 (b)	$ 722,733	None	Daily	Same Day

(a) The Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053 was formed for the purpose of allowing participating plan sponsors, who maintain defined contribution plans qualified under Sections 401(a) and 501(a) of the Internal Revenue Code, to invest in MetLife Group Annuity Contract 25053 and MetLife Group Annuity Contract 37000 issued by Metropolitan Life Insurance Company (MetLife) to Reliance Trust Company. The Fund's objective is the safety and preservation of principal and accumulated interest for participant-initiated transactions.

(b) The Invesco Stable Asset Trust is a collective trust of Invesco Trust Company. The Trust was established for purposes of collectively investing and reinvesting the assets of eligible pension and profit sharing trusts and other eligible entities. The Trust's primary investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity.

(6) Related Party Transactions and Party-in-Interest Transactions

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments rather than as direct payments. Certain administrative fees paid by the Plan directly to ADP, LLC, the Plan record keeper, were $1,625 for the year ended December 31, 2015. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(7) Tax Status

The Plan is based on a "volume submitter" plan document. The sponsor of the volume submitter document has received a favorable determination letter from the Internal Revenue Service (IRS) dated July 16, 2014, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code ("IRC"). In accordance with Revenue Procedures, the Company has chosen to rely on the IRS determination letter issued to the sponsor of the volume submitter document as evidence that the form of the Plan is tax-qualified. The Plan is also required to be operated in conformity with the IRC to maintain its tax-qualified status. The Plan administrator believes that the Plan, which has been amended since the date of the determination letter, continues to be tax-qualified in both form and operation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement, subject to the provisions of ERISA, to discontinue its contributions and to amend or modify the Plan at any time. In the event of plan termination, all participants will become 100 percent vested in their total account balance under the Plan.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
