Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Typical Life Corp 401(k) Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Mutual of America Life Insurance Company, the current custodian of the Plan, and State Street Bank and Trust Company, the former trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that Mutual of America Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2015 and 2014 and for the period July 1, 2014 to December 31, 2015, and that State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2014 to June 30, 2014. The plan administrator has obtained certifications from the current custodian and former trustee as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the plan administrator by the custodian and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2015 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian and former trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Typical Life Corp 401(k) Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1 - Description of Plan

The following description of the Typical Life Corp 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined contribution pension plan covering substantially all employees of Typical Life Corporation (the Agency). To be eligible to make salary deferrals, employees must complete six months of service. To be eligible for employer matching contributions, employees must additionally complete 1,000 hours during the Plan year and be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

State Street Bank and Trust Company (State Street), the former trustee and investment manager of the Plan, and ADP Recordkeeping, the former record keeper of the Plan, were replaced with Mutual of America Life Insurance Company (Mutual of America), the current custodian and record keeper of the Plan, on July 1, 2014. Effective July 1, 2014, a new trustee was named from within the Company.

Contributions

Each year, participants may contribute up to 100% (up to 90% prior to July 1, 2014) of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan. The Agency may make a discretionary matching contribution to the Plan. Participants must make elective deferrals to the Plan to receive this matching contribution. The percentage of elective deferrals to be matched will be determined by the Agency and allocated to all eligible participants at the end of the Plan year. Effective July 1, 2014, participants must be employed on the last day of the plan year to receive the employer matching contribution. For the years ended December 31, 2015 and 2014, the Agency made discretionary matching contributions of \$18,000 and \$15,000, respectively. The Agency may also make non-elective contributions to the Plan. The non-elective contribution will be allocated to all employees eligible to participate in the Plan. The participant's share of the non-elective contribution is in proportion to their eligible earnings compared to the eligible earnings of the other employees who will also share in the contribution. There were no non-elective contributions made during 2015 or 2014. Contributions are subject to certain IRS limitations.

The Plan was amended effective July 1, 2014 to allow after-tax Roth contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Agency's contributions, (b) plan earnings, and (c) forfeitures of terminated participants' nonvested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the employer matching and non-elective contributions is based on years of service. A participant is 100% vested after six years of credited service based on the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0 %
2	20
3	40
4	60
5	80
6	100

Regardless of the number of years of service, a participants' account balance becomes fully vested when a participant retires, becomes permanently disabled, or dies.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 (\$500 prior to July 1, 2014) up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless the loan is to acquire the participant's principal residence, in which case the loan may be for up to ten years (30 years prior to July 1, 2014). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the current lending rates. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments under a systematic withdrawal plan. Prior to July 1, 2014, participants were only able to obtain a lump sum of their vested interest in their account.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$1,655 and \$219, respectively. These accounts will be allocated to participants who are employed on the last date of the plan year. Prior to July 1, 2014, forfeited balances of terminated participants' nonvested accounts were used to reduce future Agency contributions or pay administrative expenses. During 2015 and 2014, \$1,428 and \$-0-, respectively, of forfeited nonvested accounts were allocated to participants.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Note 2 - Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Agency and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for annual periods beginning after December 15, 2016 and interim periods within those fiscal years, with early adoption permitted. The Plan has adopted this standard effective December 31, 2015 and applied the amendments retrospectively to December 31, 2014.

Note 2 - Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements (continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early.

Note 3 - Information Certified and Provided by State Street Bank and Trust Company and Mutual of America Life Insurance Company

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Under that section, no auditing procedures are required to be performed with respect to the information certified by Mutual of America, the current custodian of the Plan, or State Street, the former trustee of the Plan. The current custodian and former trustee have certified the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statement of net assets available for benefits as of December 31, 2015 and 2014 and the supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity and interest income on notes receivable from participants reported in the statement of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.

Note 4 - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Typical Life Corp 401(k) Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 4 - Fair Value Measurements (continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The pooled separate account is valued at the net asset value (NAV) of units. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, as reported by the insurance company.

The investment contract with insurance company is valued at fair value by the insurance company and represents contributions made under the contract, plus interest at the credited rate, less funds used to purchase annuities and pay administrative expenses charged.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Typical Life Corp 401(k) Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 4 - Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Fair Value Measurements at December 31, 2015				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investment contract with insurance company	\$ -	\$ 34,641	\$ -	\$ 34,641
Investments measured at net asset value ⁽¹⁾				374,595
				\$ 409,236
Fair Value Measurements at December 31, 2014				
Investment contract with insurance company	\$ -	\$ 20,958	\$ -	\$ 20,958
Investments measured at net asset value ⁽¹⁾				437,775
				\$ 458,733

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of Level 3.

Note 4 - Fair Value Measurements (continued)

Fair Value of Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)

The following table summarizes investments measured at fair value based on net asset value (NAV) per share:

		Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
		December 31, 2015	December 31, 2014			
Pooled Separate Accounts

Other	(f)	226	4,961	-	Immediate	None

- a) This class invests in an appropriate asset allocation associated with its target retirement date. The class's objective is to seek current income, capital preservation, or capital appreciation appropriate with its targeted retirement date. Investments in this class can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per unit of the underlying investments.
- b) This class invests primarily in equity securities. The class's primary objective is capital appreciation. Investments in this class can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per unit of the underlying investments.
- c) This class invests primarily in fixed income securities. The class's objective is to provide current income. Investments in this class can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per unit of the underlying investments.
- d) This class invests primarily in common stocks. The class's objective is to provide results that correspond with the S&P Index. Investments in this class can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per unit of the underlying investments.
- e) This class invests primarily in fixed income and equity securities. The class's objective seeks both current income and capital appreciation. Investments in this class can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per unit of the underlying investments.
- f) These classes allocate its assets among stocks, bonds, money market instruments and U.S. commercial real estate. The classes' objective seeks total return. Investments in these classes can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in these classes have been estimated using the net asset value per unit of the underlying investments.

Notes to Financial Statements

December 31, 2015 and 2014

Note 5 - Investment Contract with Insurance Company

In 2014, the Plan entered into an investment contract with Mutual of America Life Insurance Company. Mutual of America Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The minimum interest rate is guaranteed to never go below 1.00%. As of December 31, 2015 and 2014, the interest rate amounted to 1.00%.

Note 6 - Tax Status

Effective July 1, 2014, the Agency adopted a non-standardized form of a prototype plan sponsored by Mutual of America Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014 stating that the prototype plan is qualified under the appropriate section of the Internal Revenue Code (IRC). Prior to July 1, 2014, the Agency adopted a standardized form of a prototype plan sponsored by Automatic Data Processing, Inc. (ADP). The prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the prototype plan is qualified under the appropriate section of the IRC. The prototype plan opinion letters have been relied upon by this Plan. The Plan has been amended since receiving the opinion letters. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2012.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Agency has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Agency contribution portion of their account.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Typical Life Corp 401(k) Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 9 - Related Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Mutual of America and State Street. Mutual of America is the current custodian and State Street is the former trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for investment management and custody services are immaterial.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of employer contributions received per the financial statements to Form 5500 for the years ended December 31:

	<u>2015</u>	<u>2014</u>
Employer Contributions Received per the Financial Statements	\$ 18,000	\$ 15,000
Employer Contributions Receivable		
Beginning of year	-	12,000
End of year	-	-
Employer Contributions Received per the Form 5500	<u>\$ 18,000</u>	<u>\$ 27,000</u>

Note 11 - Prohibited Transaction

During 2015, the plan sponsor inadvertently failed to deposit \$3,166 of participant deferrals within the required timeframe as stated by the United States Department of Labor's regulations. The plan sponsor intends to reimburse the Plan for lost interest. The plan sponsor intends to file Form 5330 and intends to pay the applicable excise tax in 2016. The excise tax payments will be made from the plan sponsor's assets and not from assets of the Plan.

Note 12 - Subsequent Events
