Dura-Line Corporation 401(k) Retirement Savings Plan

2015 Client Service Communication

**The Plan Investment Committee of
Dura-Line Corporation 401(k) Retirement Savings Plan**

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of the Dura-Line Corporation 401(k) Retirement Savings Plan (the "Plan") as of and for the year ended December 31, 2015, and have issued our report thereon dated October 10, 2016. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note (3) to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, in accordance with the auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated February 9, 2016. Professional standards also require that we communicate to you certain other matters related to our audit.

This information is intended solely for the information and use of the plan administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the confidence you place in LBMC as your business advisor. We strive to help you stay compliant, manage risk, and improve performance as you manage your employee benefit plan.

Other Services	Performed certain nonattest services including drafting the financial statements of the Plan in conformity with the modified cash basis of accounting based on information provided by you.

Qualitative Assessments

Area	Detail
Qualitative Aspects of Accounting Practices – Accounting Policies	<p>Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note (2) to the financial statements. The Plan adopted Financial Accounting Standards Board (“FASB”) Accounting Standards Update (“ASU”) No. 2015-07, “Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent),” which removes the requirement to categorize within the fair value hierarchy investments for which fair value are estimated using the net asset value (“NAV”) practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. The Plan also adopted FASB ASU No. 2015-12, “Plan Accounting: Defined Benefit Pension Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit- Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient,” which simplifies disclosures requirements for employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts (“FBRICs”). ASU 2015-12 also clarifies that indirect investments in FBRICs through investment companies, such as stable value collective trust funds, are not included in the scope of the FBRICs guidance because these type of investments typically qualify for measuring fair value at the NAV practical expedient. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.</p>
Qualitative Aspects of Accounting Practices - Estimates	<p>Accounting estimates are an integral part of the Plan’s financial statements and are based on management’s knowledge and experience, as well as certain assumptions. Certain accounting estimates are particularly sensitive due to: (i) their significance to the financial statements; and (ii) because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements relate to management’s estimate of the fair value of the Plan’s investments. Investments are carried at fair value as determined on the last day of the Plan year, as described in Note (4) to the financial statements.</p> <p>We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.</p>
Qualitative Aspects of Accounting Practices – Disclosures	<p>Financial statement disclosures are neutral, consistent, and clear.</p>

Corrected and Uncorrected Misstatements

While professional standards require communication of all misstatements identified during the audit that are more than trivial in nature and magnitude to management, we are pleased to report that no such misstatements were identified as a result of our audit procedures.

Interaction With Management, Independence, and Other Matters

Area	Detail
Difficulties Encountered in Performing the Audit	<p>For purposes of this report, “difficulties” may include matters such as:</p> <ul style="list-style-type: none"> • the unavailability of, or significant delays in management providing information, • an unreasonable time frame within which to complete the audit, • extensive unexpected effort required to obtain audit evidence, or • restrictions imposed on the auditor by management. <p>We encountered no significant difficulties in performing and completing our audit.</p>
Disagreements with Management	<p>For purposes of this report “disagreements with management” include matters that, individually or in the aggregate, could be significant to the Plan’s financial statements or the auditor’s report—regardless of whether they were satisfactorily resolved. Examples of such matters include, but are not limited to, the application of accounting principles to a specific transaction, the basis for management’s judgments about accounting estimates, and the scope of the audit. We are pleased to report that no such disagreements arose during the course of our audit.</p>
Management Consultations with Other Independent Accountants	<p>If management were to consult with other accountants about the application of an accounting principle to the Plan’s financial statements or the type of auditors’ opinion that may be expressed on those statements, professional standards require the consulting accountant to confer with us to determine that the consultant has all relevant facts. To our knowledge, there were no such consultations with other accountants.</p>
Management Representations	<p>We have requested certain representations from management that are included in the management representation letter dated October 10, 2016.</p>
Independence	<p>We are not aware of any relationships between our firm and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence that have occurred during the period from January 1, 2015, through the date of this report.</p>
Other Findings or Issues	<p>We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year both prior to, and subsequent to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.</p>

Internal Control Related Matters

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, we considered the Plan's internal control ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note (3) to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

During the course of our audit, we identified the following items that are an opportunity for improving internal controls and enhancing compliance with Internal Revenue Service and DOL regulations:

During our testing of employee and employer contributions we noted a discrepancy between the third party administrator's (TPA) record of individual's deferral elections and withholdings per the payroll system for three individuals tested. We recommend that the plan sponsor review their process for ensuring all participants' changes in deferral elections are reported timely from the TPA and that all changes are accurately and timely made in payroll. Management may also consider a periodic comparison of rates from the TPA's records to their payroll withholding rates. We also recommend that the Plan Sponsor contact the ERISA attorney to determine if corrective action needs to be taken to remedy the issue noted.
