Plan Description

The following description of the Mills James Productions, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan agreement. The Plan also provides for Roth elective deferrals. Effective January 1, 2015, the Plan implemented an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. At the option of the Company, a discretionary matching contribution equal to a uniform percentage of each participant's contribution to the Plan may be made. No discretionary matching contribution was made during 2015 or 2014. The Company may also make an employer elective contribution at the option of the Company's management. No employer elective contribution was made during 2015 or 2014. Additional amounts may be contributed at the discretion of the Company's management.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options

A participant may direct Company and participant contributions in any of the various investment options offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by no more than half of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. The interest rates on participant notes are 4.25% as of December 31, 2015 and 2014. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to separation of service, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or elect a partial withdrawal. For termination of service due to death of a participant, the beneficiary will receive a lump-sum distribution that will be equal to the participant's account. The participant's account will become fully vested upon the death of the participant or upon total permanent disability.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$17,631 and \$5, respectively.

Plan Description (continued)

Forfeited Accounts (continued)

Amounts forfeited by participants who have terminated service prior to becoming fully vested are used to first pay administrative expenses of the Plan and then to reduce future employer contributions. During 2015 and 2014, forfeitures of \$0 and \$13,926 from non-vested accounts were used to pay administrative expenses of the Plan, respectively.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan agreement.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement, under Topic 820 – Disclosure for Investment of Certain Entities that calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share as the practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which that practical expedient is not applied, will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, and is to be applied retrospectively, with early adoption permitted. The Plan has elected to early adopt ASU 2015-07, but there was no impact on the Plan's investments.

In July 2015, the FASB issued ASU 2015-12, *Amendments to Plan Accounting*, under Topics 960, 962 and 965 (ASU 2015-12). The amendments in Part II of ASU 2015-12 require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes to the financial statements. Part II also eliminates the requirement to disclose the net appreciation (depreciation) in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Part I and Part III of ASU 2015-12 are not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted and should be applied retrospectively. The Plan has elected early adoption of ASU 2015-12, which had no impact on the statements of net assets available for benefits or statement of changes in net assets available for benefits.

Information Prepared and Certified by Investment Custodian (continued)

The investment custodian also certified to the completeness and accuracy of \$160,740 and \$515,902 of net appreciation in fair value of investments for the years ended December 31, 2015 and 2014, respectively, and \$2,617 and \$2,448 of interest income related to the aforementioned assets for the years ended December 31, 2015 and 2014, respectively.

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2015 and 2014.

Pooled

Separate

Accounts: Valued at the net asset value of the underlying investments reported by Nationwide Financial Services, Inc. including its subsidiary, Nationwide Trust Company, FSB, a division of Nationwide Bank (Nationwide).

401(k) PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2015 and 2014

Fair Value Measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The pooled separate accounts are considered Level 2 in the fair value hierarchy.

Plan Termination

The Company has the right to discontinue its contributions at any time. Although it has not expressed any intent to do so, the Company also has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants' accounts will become fully vested.

Tax Status

Effective March 10, 2009, the Company amended their Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008. The opinion stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Certain plan investments are shares of pooled separate accounts managed by Nationwide. Nationwide is the investment custodian and, therefore, these transactions qualify as party-in-interest. Additionally, Advanced Pension Solutions is a third party administrator of the Plan and Morgan Stanley is the investment broker; thus, they are considered parties-in-interest. Administrative expenses paid by the Plan to the above entities amounted to \$11,571 and \$32,650 during 2015 and 2014, respectively.

MILLS JAMES PRODUCTIONS, INC.
401(k) PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2015 and 2014

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2015 statement of net assets available for benefits.

Plan Amendments

Effective January 1, 2015, the Plan implemented an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. See the *Contributions* footnote herein for further details.

Effective January 1, 2015, the Plan also implemented new rules regarding how participants who have separated from employment will receive their vested account balance. A participant may still elect to have their account balance distributed as soon as administratively feasible; however, if the participant's vested account balance does not exceed \$5,000, the distribution will be made to the participant regardless of consent to receive it. Further, if the participant's vested account balance exceeds \$1,000, but does not exceed \$5,000, the Plan will rollover the participant's distribution to an IRA, absent any participant election.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
