NOTE A - DESCRIPTION OF THE PLAN

The following description of the Crate and Barrel Retirement Savings Plan (the "Plan") provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution 401(k) plan covering eligible employees of Euromarket Designs, Inc. and Meadowbrook LLC (collectively, the "Company"). Full-time and part-time employees are eligible to participate upon hire. Seasonal employees are eligible to participate upon completing one year of service and 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

   The Plan is funded by voluntary traditional and Roth contributions of participants, required employer matching contributions and discretionary employer profit sharing contributions. Participants may contribute to the Plan, through regular payroll deductions, an amount equal to 1% to 75% of compensation, subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made or accrued required employer matching contributions of $2,540,776 to the Plan for the year ended December 31, 2015. There were no discretionary employer profit sharing contributions made for the year ended December 31, 2015.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Trustees. Participants may change their investment options at any time.

4. Participant Accounts

   Each participant's account is credited with the participant's contribution, an allocation of the Company's required matching contribution, an allocation of the Company's discretionary profit sharing contributions, and an allocation of plan earnings. The Company's required matching contributions is allocated based on 50% of the participant's contribution, up to 3% of the participant's eligible compensation. Employees are grouped into categories based on employer and years of service. The Company's discretionary profit sharing contributions are allocated based on each participant's eligible compensation to total eligible compensation within each participant's respective group.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Vesting

Participants are immediately fully vested in all contributions plus the actual earnings thereon.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at the prime rate in effect at the loan's inception (3.25% to 8.25%). Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $154,072 for the year ended December 31, 2015.

8. Accrued Investment Consulting Fees

Accrued investment consulting fees represent fees payable for certain investment services. Accrued investment consulting fees totaled $60,000 at December 31, 2015 and 2014, respectively.

9. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net depreciation in fair value of investments.

10. Forfeitures

At December 31, 2015 and 2014, unallocated plan assets resulting from forfeited nonvested accounts totaled $43,328 and $18,920, respectively. These accounts will be used to pay the Plan's administrative expenses. No forfeitures were used to pay administrative expenses during 2015.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of government agency securities, corporate debt instruments, and other fixed income securities that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled investment funds: Accounted for under the equity method, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Plan Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 126,095,613	$ -	$ -	$ 126,095,613

Investments measured at NAV*				18,771,402
Investments, at fair value				$ 145,995,859

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015, and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 19,196,883	$ -	None	12 Months

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Eton Park Overseas Fund	$ 56,436	Equity Method	Payout Date	1/1/16-12/31/16
TA Realty Associates	218,690	Equity Method	Illiquid	Various
	$ 275,126			

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determines the Plan's valuation policies utilizing information provided by the trustee. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

7. Adoption of New Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent),* which exempts investments measured using the NAV practical expedient in ASC 820, *Fair Value Measurement,* from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard as it simplifies the disclosures relating to investments measured using the NAV practical expedient. Accordingly, the amendment was retrospectively applied resulting in an adjustment to the 2014 presentation of investments on the statement of net assets available for benefits and adjustment to the 2014 presentation of information reported in Note B-2.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)* . This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Adoption of New Accounting Standards (Continued)

Management has elected to adopt Parts I and II early for the 2015 plan year. Accordingly, the amendments were retrospectively applied resulting in adjustment to the 2014 presentation of investments on the statement of net assets available for benefits and adjustment to the 2014 presentation of information reported in Note B and Note C. Part III is not applicable to this Plan.

NOTE C - INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2015	2014
Investments, at fair value		
Mutual funds	$ 126,095,613	$ 126,648,379
Stable value collective trust fund	19,196,883	18,771,402
Pooled investment funds	275,126	576,078
Notes receivable from participants	4,705,242	4,594,377
	$ 150,272,864	$ 150,590,236

The trustee also certified the completeness and accuracy of $6,253,454 of net depreciation in fair value of investments and $7,329,846 of interest and dividend income related to the aforementioned assets for the year ended December 31, 2015.

NOTE D - INCOME TAX STATUS

Effective March 15, 2015, the Plan adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the application provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants become fully vested in their respective account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - PLAN AMENDMENTS

Effective March 15, 2015, the Plan was amended and restated. The amendment included the removal of the vesting schedule, allowing required employer matching contributions, and adding an automatic re-enrollment and automatic increase feature. Interested parties should refer to the amended and restated plan document for a complete description of the changes.

Effective September 1, 2015, the Plan was amended to remove the age requirement for seasonal employees and allow in-service withdrawals of all contribution types. Interested parties should refer to the amendment for a complete description of the changes.

The accompanying notes are an integral part of this statement.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Crate and Barrel Retirement Savings Plan (the "Plan") provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution 401(k) plan covering eligible employees of Euromarket Designs, Inc. and Meadowbrook LLC (collectively, the "Company"). Full-time and part-time employees are eligible to participate upon hire. Seasonal employees are eligible to participate upon completing one year of service and 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

   The Plan is funded by voluntary traditional and Roth contributions of participants, required employer matching contributions and discretionary employer profit sharing contributions. Participants may contribute to the Plan, through regular payroll deductions, an amount equal to 1% to 75% of compensation, subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made or accrued required employer matching contributions of $2,540,776 to the Plan for the year ended December 31, 2015. There were no discretionary employer profit sharing contributions made for the year ended December 31, 2015.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Trustees. Participants may change their investment options at any time.

4. Participant Accounts

   Each participant's account is credited with the participant's contribution, an allocation of the Company's required matching contribution, an allocation of the Company's discretionary profit sharing contributions, and an allocation of plan earnings. The Company's required matching contributions is allocated based on 50% of the participant's contribution, up to 3% of the participant's eligible compensation. Employees are grouped into categories based on employer and years of service. The Company's discretionary profit sharing contributions are allocated based on each participant's eligible compensation to total eligible compensation within each participant's respective group.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Vesting

Participants are immediately fully vested in all contributions plus the actual earnings thereon.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at the prime rate in effect at the loan's inception (3.25% to 8.25%). Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $154,072 for the year ended December 31, 2015.

8. Accrued Investment Consulting Fees

Accrued investment consulting fees represent fees payable for certain investment services. Accrued investment consulting fees totaled $60,000 at December 31, 2015 and 2014, respectively.

9. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net depreciation in fair value of investments.

10. Forfeitures

At December 31, 2015 and 2014, unallocated plan assets resulting from forfeited nonvested accounts totaled $43,328 and $18,920, respectively. These accounts will be used to pay the Plan's administrative expenses. No forfeitures were used to pay administrative expenses during 2015.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of government agency securities, corporate debt instruments, and other fixed income securities that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled investment funds: Accounted for under the equity method, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Plan Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 126,095,613	$ -	$ -	$ 126,095,613
Pooled investment funds	-	-	275,126	275,126

Investments measured at NAV*				18,771,402
Investments, at fair value				$ 145,995,859

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015, and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 19,196,883	$ -	None	12 Months

2. Fair Value Measurements (Continued)

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Eton Park Overseas Fund	$ 56,436	Equity Method	Payout Date	1/1/16-12/31/16
TA Realty Associates	218,690	Equity Method	Illiquid	Various
	$ 275,126			

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determines the Plan's valuation policies utilizing information provided by the trustee. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

7. Adoption of New Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent),* which exempts investments measured using the NAV practical expedient in ASC 820, *Fair Value Measurement,* from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard as it simplifies the disclosures relating to investments measured using the NAV practical expedient. Accordingly, the amendment was retrospectively applied resulting in an adjustment to the 2014 presentation of investments on the statement of net assets available for benefits and adjustment to the 2014 presentation of information reported in Note B-2.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)* . This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Adoption of New Accounting Standards (Continued)

Management has elected to adopt Parts I and II early for the 2015 plan year. Accordingly, the amendments were retrospectively applied resulting in adjustment to the 2014 presentation of investments on the statement of net assets available for benefits and adjustment to the 2014 presentation of information reported in Note B and Note C. Part III is not applicable to this Plan.

NOTE C - INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2015	2014
Investments, at fair value		
Mutual funds	$ 126,095,613	$ 126,648,379
Stable value collective trust fund	19,196,883	18,771,402
Pooled investment funds	275,126	576,078
Notes receivable from participants	4,705,242	4,594,377
	$ 150,272,864	$ 150,590,236

The trustee also certified the completeness and accuracy of $6,253,454 of net depreciation in fair value of investments and $7,329,846 of interest and dividend income related to the aforementioned assets for the year ended December 31, 2015.

NOTE D - INCOME TAX STATUS

Effective March 15, 2015, the Plan adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the application provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants become fully vested in their respective account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - PLAN AMENDMENTS

Effective March 15, 2015, the Plan was amended and restated. The amendment included the removal of the vesting schedule, allowing required employer matching contributions, and adding an automatic re-enrollment and automatic increase feature. Interested parties should refer to the amended and restated plan document for a complete description of the changes.

Effective September 1, 2015, the Plan was amended to remove the age requirement for seasonal employees and allow in-service withdrawals of all contribution types. Interested parties should refer to the amendment for a complete description of the changes.
