PROLAMINA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Prolamina Retirement Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on December 1, 2000. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of Prolamina, Inc. ("the Company") excluding union, nonresident aliens, and any individual performing service for the Company other than as an employee with three months of service and who have attained the age of twenty-one (21) years are eligible to participate. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Participants may elect to contribute up to 50% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions. Currently the Company is matching fifty percent (50%) of each Participant's contribution, up to 6% of compensation, for the Plan year. The Company may also make a discretionary profit sharing contribution to the Plan, which will be allocated among eligible participants' accounts based upon a ratio of each participant's compensation for that plan year to total compensation of all participants for that plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their own contributions. Vesting in the Company contributions increases annually, based on the following:

<u>Completed years of continuous service</u>	<u>Vesting percentage</u>
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Participants also become 100% vested in all Company contributions when the participant retires, dies, becomes disabled, reaches age 65 while employed, or the Plan is terminated.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% on the date the loan is requested. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Each participant is eligible to receive benefits at his normal retirement date which is the participant's 65th birthday. There are provisions for early or late retirement, disability, termination of employment and death benefits.

The sole method of distribution of benefits shall be payment in a single lump sum.

Forfeited Accounts

As of December 31, 2015, non-vested forfeited accounts totaled \$28,240 (2014 - \$11,532). These accounts will be used to reduce future employer contributions and/or administrative expenses. During the year ended December 31, 2015, administrative expenses were reduced by \$8,629 from forfeited non-vested accounts (2014 - \$12,450).

2. **Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Pronouncements

As of December 31, 2014, the Company adopted *FASB ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy.

As of December 31, 2014, the Company adopted *FASB ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit –Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United State of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PROLAMINA RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 6, 2016, which is the date the financial statements were available to be issued.

3. **Investments**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2015 and 2014, and investment income for the years then ended, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

4. **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

PROLAMINA RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS, Continued

Fair Value Measurements, Continued

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liabilities have a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 or 2014.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

	<u>2015</u>	<u>2014</u>
Level 1 Valuation:		
Registered Investment Companies	\$ 27,311,006	\$ 28,102,374

Investments at fair value	<u>\$ 29,235,450</u>	<u>\$ 29,816,749</u>

*In accordance with Subtopic 820-10, certain investments that were measured at net asset per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no level 2 or level 3 valuation measurements for the years ended December 31, 2015 and 2014.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015 and 2014, respectively.

5. **Common Collective Trust - Stable Value Fund**

Morley's Stable Value Fund (the "Fund") is designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The Fund seeks to earn a high level of income consistent with those objectives. The Fund consists of a diversified portfolio of high-quality stable value investment contracts issued by life insurance companies, bank and other financial institutions. The income return on the Fund is a blend of all the rates of the various investments purchased by the Fund. This accrual of income is reflected in the Fund's unit price which is priced daily and is not held constant.

6. **Party-in-Interest Transactions**

Certain Plan investments are managed by Voya. Voya is a trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Certain employees and officers of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan. The Plan sponsor may pay certain expenses directly related to the Plan's operations.

7. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

PROLAMINA RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS, Continued

9. **Tax Status**

The Company has adopted a prototype Plan document and is relying on the prototype sponsor's opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008. The letter states that the prototype and related trust are designed in accordance with applicable sections of the IRC. Although, the prototype Plan has been amended since receiving the opinion letter, the prototype sponsor and the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financials statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken any uncertain position that likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expect to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2012.

10. **Subsequent Events**

Effective July 1, 2016, the Plan was amended to change the employer's name from Prolamina, Inc. to ProAmpac Intermediate, Inc. and to change the Plan name from Prolamina Retirement Savings Plan to ProAmpac Retirement Plan. These changes were made pursuant to a company buyout.
