Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan

The Roundy's Supermarkets, Inc. Retirement Plan (the "Plan") is a noncontributory defined benefit plan sponsored by Roundy's Supermarkets, Inc. (the "Company") and electing participating subsidiaries (collectively the "Sponsor"). The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Massachusetts Mutual Life Insurance Company ("Mass Mutual") is the custodian, plan administrator, plan record keeper, plan actuary, and makes distributions. The custodian holds the Plan's investment assets and executes investment transactions.

Effective December 31, 2014, the Cedarburg Dairy, Inc. Pension Plan, a defined benefit plan sponsored by Roundy's Supermarkets, Inc., was merged into the Plan. The fair market value of the assets transferred to the Plan by amendment was \$1,506,672. The cost of those assets transferred into the Plan by amendment was \$1,066,148 and are included in the statements of net assets available for benefits and footnote disclosures (Note 3) as of December 31, 2014. The actual transfer of the assets into the Plan's trust did not physically occur until March 11, 2015. An additional \$92,258 was transferred into the Plan during December 2015. Also, as a result of the Plan amendment, \$1,244,074 of benefit obligations were transferred to the Plan, see Note 5.

Eligibility and Participation

Substantially all full-time employees of the Sponsor were eligible to participate in the Plan. The Plan has been frozen to all new participants and benefit accruals.

Contributions

The Sponsor contributes to the Plan based upon actuarial determinations.

Vesting

Participants vested according to the following schedule of service:

<i>Years of Service</i>	<i>Vesting %</i>
Less than 5 years	0 %
5 or more	100 %

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Retirement Benefits

Participants receive monthly pension benefits beginning at age 65 equal to the participant's benefit rate, multiplied by a year of credited service factor as of the retirement date. Participants age 55 with 5 or more years of vested service may elect early retirement payments at reduced benefit. Participants may elect various annuity options.

Most participants with 25 years of credited service are entitled to annual pension benefits equal to 50% of their average compensation (during the five years of their highest compensation within the last ten completed years of service) less 50% of their primary social security benefit. The benefit is reduced pro rata for participants retiring with less than 25 years of credited service. The benefit is increased by 1% of average compensation for each year of credited service in excess of 25 years up to a maximum of an additional 10%.

Certain participants who were formerly participants in other plans, which were merged into the Plan, receive different retirement benefits.

Death and Disability Benefits

If an active participant with five years of vested service dies prior to their actual retirement date, unless an election to the contrary has been made, the participants surviving spouse is entitled to a reduced benefit as defined by the Plan.

If an active participant who has reached age 60 with twenty years of vested service becomes permanently disabled, they are entitled to receive a benefit amount calculated as if retirement occurred at age 65.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Change in Accounting Policy/New Accounting Pronouncements

To reduce the complexity of plan investment accounting and disclosures, plan management has elected to apply the early adoption provisions of the Financial Accounting Standard Board ("FASB") Accounting Standards Update ("ASU") No. 2015-12, Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensus of the Emerging Issues Task Force ("ASU 2015-12"). Early adoption of ASU 2015-12 also allows the retroactive simplification of investment note disclosures.

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Change in Accounting Policy/New Accounting Pronouncements (Continued)

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part I and Part III are not applicable to the Plan. This ASU is effective for fiscal years beginning after December 31, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to early adopt Part II.

The Plan has also elected to early adopt FASB ASU 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments measured using a net asset per share practical expedient and eliminates certain investment disclosures. The presentation of the fair value of certain 2014 investments has been removed from the hierarchy levels in the table presented in Note 3 in order to conform to the presentation used for 2015. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investment Contract with United of Omaha Life Insurance Company

In 2015, the Plan entered into an investment contract with United of Omaha Life Insurance Company ("United"). At the direction of the plan's administrator, a single premium to buy annuities for retiring employees may be paid by the Plan. Purchased annuities are contracts under which United is obligated to pay benefits to employees or their beneficiaries.

Funds under the investment contract that have been allocated and applied to purchase annuities (that is, United is obligated to pay the related pension benefits) are excluded from the Plan's assets.

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, benefit obligations, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results may differ from those estimates and are subject to change in the near term.

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurements

GAAP has established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions. The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Expenses

Substantially all Plan expenses incurred are paid by the Plan.

Subsequent Events

Subsequent events have been evaluated through October 3, 2016, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The following is a description of the valuation methodology used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts: The fair value of pooled separate accounts represents the net asset value ("NAV") of the fund shares. NAV is based on the value of the underlying assets owned by the funds minus liabilities, and then divided by the number of shares outstanding as determined by Mass Mutual. The fair values are classified as Level 2 in the fair value hierarchy since the NAV per share of the pooled separate account itself is not publicly quoted and the values are not dependent on the input of significant judgment or assumptions by management.

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

Investments in these pooled separate accounts can be purchased and sold continuously. A notice of redemption is not required. The plan has no obligation to buy additional units.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

<i>December 31,</i>	Total	Level 1	Level 2	Level 3
Pooled separate accounts - 2015	\$ 147,407,149	\$ -	\$ 147,407,149	\$ -
Pooled separate accounts - 2014	\$ 163,227,412	\$ -	\$ 163,227,412	\$ -

Note 4: Funding Policy

The Plan is solely funded by Sponsor contributions. The Sponsor's policy is to make annual contributions to the Plan which meet or exceed the annual ERISA minimum funding requirements. The Company met the minimum funding requirements of ERISA for its 2015 and 2014 plan years.

Note 5: Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits represent the estimated future periodic payments, including lump-sum payments, attributable under the Plan's provisions, to participants for services rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants and beneficiaries, (b) beneficiaries of participants who have died, and (c) active participants or their beneficiaries.

The actuarial present value of accumulated plan benefits information was determined by the Plan's actuary, Mass Mutual, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Benefits payable under all circumstances - retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee services rendered to the valuation date.

Significant actuarial assumptions included in the valuations as of January 1, 2015 and 2014, are as follows:

- (a) Assumed Rate of Interest (Discount Rate): 7.5% per annum
- (b) Retirement age: 15% at ages 62, 63 and 64; 100% at age 65
- (c) Mortality: The adjusted RP-2014 Generational Table in 2015 and the RP-2000 Generational Table in 2014

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 5: Actuarial Present Value of Accumulated Plan Benefits (Continued)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The following are the actuarial present value of accumulated plan benefits as of January 1, 2015:

	2015	2014
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving benefits	\$ 73,196,212	\$ 68,645,636
Other participants	55,282,682	56,462,814
Total vested benefits	128,478,894	125,108,450
Nonvested benefits	141,161	141,202
Total actuarial present value of accumulated plan benefits	\$ 128,620,055	\$ 125,249,652

The changes in the present value of accumulated plan benefits for the year beginning January 1, 2015, is as follows:

	2015
Actuarial present value of accumulated benefits at January 1, 2014	\$ 125,249,652
Increase (decrease) attributable to:	
Increase due to passage of time	9,044,436
Other	497,901
Benefits paid	(9,314,338)
Assumption change	1,898,330
Plan merger	1,244,074
Total increase in actuarial present value of accumulated benefits	3,370,403
Actuarial present value of accumulated plan benefits at January 1, 2015	\$ 128,620,055

Effective December 31, 2014, and subsequent to the benefit information date of January 1, 2014, the Cedarburg Dairy, Inc Pension Plan merged into the Plan. As a result of the merger, the Plan incurred an additional liability of \$1,244,074 related to vested benefits held by the Cedarburg Dairy, Inc Pension Plan. This obligation is reflected in the 2015 activity tables above.

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 6: Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service dated August 30, 2012 stating that the Plan and the related trust were designed in accordance with the IRC. The Plan has been amended since receipt of the determination letter. The plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax exempt.

The plan administrator has analyzed the tax positions taken by the Plan and concluded there are no uncertain tax positions taken by the Plan. No provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions and there are currently no audits in progress.

Note 7: Party-In- Interest Transactions

Investments in the separate investment accounts are managed by Mass Mutual and qualify as party-in-interest transactions. These transactions are not, however, considered non-exempt prohibited transactions under ERISA regulations.

Note 8: Information Certified by the Custodian

Certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information certified as complete and accurate by Mass Mutual, Custodian of the Plan.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan at any time. If the Plan is terminated, the net assets of the Plan will be distributed to the participants in order of priority determined in accordance with ERISA, its applicable regulations and with the Plan document.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- (b) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") up to the applicable limitations (discussed below).
- (c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- (d) All nonvested benefits.

Roundy's Supermarkets, Inc. Retirement Plan

Notes to Financial Statements

Note 9: Plan Termination (Continued)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Funding Target as of the valuation date is the present value of the accrued benefit as of the valuation date.

Asset Valuation Method

The Actuarial Value of Assets is determined using a 3-year averaging method described in IRS Notice 2009-22.
