INDEPENDENT AUDITORS' REPORT

To the Plan Administrator,
R.S.M. Electron Power, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of R.S.M. Electron Power, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter – Change in Accounting Principles

As discussed in Note 2 to the financial statements, the Plan elected to change its basis of accounting from the modified cash basis to accrual basis. The Plan also adopted new accounting guidance in accordance with FASB ASU 2015-12 Defined Contribution Plan (Topic 962) Part II – Plan Investment Disclosures and FASB ASU 2015-07 Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent). Prior year disclosures have been revised to reflect the retrospective application of adopting these changes in accounting. Our opinion is not modified with respect to these matters.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following brief description of the R.S.M. Electron Power, Inc. 401(k) Plan, (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan qualifying under Section 401(a) of the Internal Revenue Code and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of R.S.M. Electron Power, Inc. and their beneficiaries' funds for retirement.

Eligibility

An employee of R.S.M. Electron Power, Inc. (the "Company") becomes an eligible participant in the Plan following their date of hire subject to the completion of six months of service and attaining 21 years of age. Participants' entry dates for the Plan is the first day after the employee satisfies the Plan's eligibility requirements. Effective May 1, 2014, upon attaining eligible participant status, employees are automatically enrolled into the Plan on the applicable entry date, unless they elect not to participate.

Employee Contributions

An employee participating in the Plan may elect to contribute from 1 percent to 90 percent of annual compensation, as defined in the Plan, subject to certain Internal Revenue Service (IRS) limitations. Any participant, age 50 or over, may make an additional "catch-up" contribution as defined by the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions or may increase or decrease their level of participation in the Plan at any point in time.

Employer Contributions

The Company makes a safe harbor matching contribution equal to 100 percent of the employee's first 3 percent of eligible employee compensation and 50 percent of the next 2 percent of eligible employee compensation.

The Company can also make discretionary non-elective contributions which is a discretionary percentage determined at the option of the Company's Board of Directors. During the year ended December 31, 2015, the Company did not elect to make any discretionary contributions.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of mutual funds and a common collective trust with varying investment objectives as investment options. Each participant's account is credited with the participant's pre-tax contributions, the employer contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments, certain administrative fees and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Effective June 1, 2012, participants are fully vested in the Company safe harbor matching contributions plus actual earnings thereon. Participants become 100 percent vested in the Company's non-elective contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a

participant's interest in the Company's non-elective contributions and earnings thereon vests according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Vesting, as applicable, is based upon the elapsed time method. Under this method, hours are not counted but rather "periods of service" are computed. A period of service starts with the participant's date of employment and, generally, ends on the participant's date of termination. Only a participant's whole years of service with the employer are counted to compute the number of years of vesting service.

Forfeitures occur when a participant terminates employment and is less than 100 percent vested in his/her employer account balance. Their forfeiture will occur in the year the participant receives a complete distribution of his/her vested account balance. Forfeitures are retained in the Plan and are used to reduce future employer contributions or pay administrative expenses. For the year ended December 31, 2015, no forfeitures were used to reduce employer contributions or pay administrative expenses. At December 31, 2015 and 2014, the forfeited non-vested account balance was approximately $1,200 and $900, respectively.

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. Hardship withdrawals must be submitted to the plan administrator in writing and make the participant ineligible to contribute to the Plan for six months. After attaining age 59 ½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100 percent of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, their participant contributions and earnings thereon and vested Company contributions and earnings thereon.

Participant Loans

The Plan does not permit loans to be extended to participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold during the year, as well as the unrealized appreciation (depreciation) on those investments.

Administrative Services
The expenses necessary to administer the Plan are paid by the Plan and allocated proportionately to each participant. In addition, participants are charged service fees for any short-term redemption transactions they request. Certain investment related expenses have been offset with net investment income and are not readily determinable.

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassifications
Certain reclassifications have been made to conform prior year data with current year presentation. Such reclassifications had no effect on previously reported net assets.

Change in Accounting Principles
The Plan changed its basis of accounting from modified cash basis to accrual basis. Under the modified basis of accounting, contributions are recorded on a cash basis when the trustee receives them. Under the accrual basis of accounting, contributions are recorded when earned. This change in accounting method had no effect on the net assets available for benefits as of December 31, 2015 and 2014 as there were no contributions receivable at December 31, 2015 and 2014.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the elimination of the leveling in the Fair Value of Investments note disclosure with respect to the investments in the common collective trust.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III)

Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and are applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Accordingly, the amendments were retrospectively applied resulting in in the revision of certain disclosures that were included in the 2014 financial statements. Parts I and III are not applicable to this Plan.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"). Based on information provided and certified by the trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2015 and 2014.

The following information as of and for the years ended December 31, was prepared from reports certified by the trustee:

	2015	2014
Investments at fair value		
Mutual funds	$ 9,199,166	$ 8,355,437
Common collective trust	1,878,038	2,062,362
	$ 11,077,204	$ 10,471,799
Dividend and interest income	$ 479,878	
Net appreciation in fair value of investments	$ (608,707)	

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for periods presented in these financial statements.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, represent the Plan's investments at fair value as of December 31.

	Level 1	Level 2	Level 3	Total
2015:				
Mutual funds	$ 9,199,166	$ --	$ --	$ 9,199,166
Investments measure at NAV (a)				1,878,038
Total Investments at fair value				$ 11,077,204
2014:				
Mutual funds	$ 8,355,437	$ --	$ --	$ 8,355,437
Investments measure at NAV (a)				2,062,362
Total Investments at fair value				$ 10,417,799

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth a summary of the Plan's investments for which fair value is estimated using the net asset value per share as of December 31, 2015 and 2014.

	2015	2014	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common/collective trust:						
Wells Fargo Stable Value Fund M	$1,878,038	$2,062,362	$ --	Immediate	None	None

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no transfers between levels.

5. PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend or terminate the Plan at any time by resolution of its Board of Directors. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100 percent vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan. Any amount in the forfeiture account upon termination, which has not been applied to reduce the Company contribution, shall be used to pay administrative expenses of the Plan, and any remaining balance would then be allocated on a pro rata basis to the participants' accounts.

6. INCOME TAX STATUS

The Company adopted a volume submitter profit sharing 401(k) plan. By letter dated March 31, 2014, the Internal Revenue Service has determined that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits in progress for any tax periods. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fidelity received certain direct fees, which amounted to $50 for the year ended December 31, 2015 and are included in the accompanying statement of changes in net assets available for as administrative fees. Transaction fees incurred by the custodian and registered investment companies are included in investment income as a reduction to investment income and are not readily determinable.

8. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 11, 2016, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that the following subsequent events have occurred that requires disclosure in the financial statements:

Effective March 15, 2016, the Plan Sponsor will be responsible for reviewing all documentation related to participant hardship withdrawals and making the decision to grant the withdrawal on the basis of participant hardship.

Effective January 1, 2017, the Plan will have an auto escalation feature whereby participant deferral percentages with increase by 1 percent each year, with a maximum escalation to 10 percent.

Effective January 1, 2017, the Plan will offer Roth IRA option to participants to make after-tax contributions into their retirement plan.

Effective January 1, 2017, the Plan will have an auto re-enrollment feature whereby participants that opted not to participant in the Plan in the prior year will be auto-enrolled unless a new election form declining participation is signed.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator,
R.S.M. Electron Power, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of R.S.M. Electron Power, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter – Change in Accounting Principles

As discussed in Note 2 to the financial statements, the Plan elected to change its basis of accounting from the modified cash basis to accrual basis. The Plan also adopted new accounting guidance in accordance with FASB ASU 2015-12 Defined Contribution Plan (Topic 962) Part II – Plan Investment Disclosures and FASB ASU 2015-07 Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent). Prior year disclosures have been revised to reflect the retrospective application of adopting these changes in accounting. Our opinion is not modified with respect to these matters.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following brief description of the R.S.M. Electron Power, Inc. 401(k) Plan, (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan qualifying under Section 401(a) of the Internal Revenue Code and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of R.S.M. Electron Power, Inc. and their beneficiaries' funds for retirement.

Eligibility

An employee of R.S.M. Electron Power, Inc. (the "Company") becomes an eligible participant in the Plan following their date of hire subject to the completion of six months of service and attaining 21 years of age. Participants' entry dates for the Plan is the first day after the employee satisfies the Plan's eligibility requirements. Effective May 1, 2014, upon attaining eligible participant status, employees are automatically enrolled into the Plan on the applicable entry date, unless they elect not to participate.

Employee Contributions

An employee participating in the Plan may elect to contribute from 1 percent to 90 percent of annual compensation, as defined in the Plan, subject to certain Internal Revenue Service (IRS) limitations. Any participant, age 50 or over, may make an additional "catch-up" contribution as defined by the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions or may increase or decrease their level of participation in the Plan at any point in time.

Employer Contributions

The Company makes a safe harbor matching contribution equal to 100 percent of the employee's first 3 percent of eligible employee compensation and 50 percent of the next 2 percent of eligible employee compensation.

The Company can also make discretionary non-elective contributions which is a discretionary percentage determined at the option of the Company's Board of Directors. During the year ended December 31, 2015, the Company did not elect to make any discretionary contributions.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of mutual funds and a common collective trust with varying investment objectives as investment options. Each participant's account is credited with the participant's pre-tax contributions, the employer contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments, certain administrative fees and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Effective June 1, 2012, participants are fully vested in the Company safe harbor matching contributions plus actual earnings thereon. Participants become 100 percent vested in the Company's non-elective contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a

participant's interest in the Company's non-elective contributions and earnings thereon vests according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Vesting, as applicable, is based upon the elapsed time method. Under this method, hours are not counted but rather "periods of service" are computed. A period of service starts with the participant's date of employment and, generally, ends on the participant's date of termination. Only a participant's whole years of service with the employer are counted to compute the number of years of vesting service.

Forfeitures occur when a participant terminates employment and is less than 100 percent vested in his/her employer account balance. Their forfeiture will occur in the year the participant receives a complete distribution of his/her vested account balance. Forfeitures are retained in the Plan and are used to reduce future employer contributions or pay administrative expenses. For the year ended December 31, 2015, no forfeitures were used to reduce employer contributions or pay administrative expenses. At December 31, 2015 and 2014, the forfeited non-vested account balance was approximately $1,200 and $900, respectively.

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. Hardship withdrawals must be submitted to the plan administrator in writing and make the participant ineligible to contribute to the Plan for six months. After attaining age 59 ½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100 percent of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, their participant contributions and earnings thereon and vested Company contributions and earnings thereon.

Participant Loans

The Plan does not permit loans to be extended to participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold during the year, as well as the unrealized appreciation (depreciation) on those investments.

Administrative Services
The expenses necessary to administer the Plan are paid by the Plan and allocated proportionately to each participant. In addition, participants are charged service fees for any short-term redemption transactions they request. Certain investment related expenses have been offset with net investment income and are not readily determinable.

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassifications
Certain reclassifications have been made to conform prior year data with current year presentation. Such reclassifications had no effect on previously reported net assets.

Change in Accounting Principles
The Plan changed its basis of accounting from modified cash basis to accrual basis. Under the modified basis of accounting, contributions are recorded on a cash basis when the trustee receives them. Under the accrual basis of accounting, contributions are recorded when earned. This change in accounting method had no effect on the net assets available for benefits as of December 31, 2015 and 2014 as there were no contributions receivable at December 31, 2015 and 2014.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the elimination of the leveling in the Fair Value of Investments note disclosure with respect to the investments in the common collective trust.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III)

Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and are applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Accordingly, the amendments were retrospectively applied resulting in in the revision of certain disclosures that were included in the 2014 financial statements. Parts I and III are not applicable to this Plan.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"). Based on information provided and certified by the trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2015 and 2014.

The following information as of and for the years ended December 31, was prepared from reports certified by the trustee:

	2015	2014
Investments at fair value		
Mutual funds	$ 9,199,166	$ 8,355,437
Common collective trust	1,878,038	2,062,362
	$ 11,077,204	$ 10,471,799
Dividend and interest income	$ 479,878	
Net appreciation in fair value of investments	$ (608,707)	

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for periods presented in these financial statements.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, represent the Plan's investments at fair value as of December 31.

	Level 1	Level 2	Level 3	Total
2015:				
Mutual funds	$ 9,199,166	$ --	$ --	$ 9,199,166
Investments measure at NAV (a)				1,878,038
Total Investments at fair value				$ 11,077,204
2014:				
Mutual funds	$ 8,355,437	$ --	$ --	$ 8,355,437
Investments measure at NAV (a)				2,062,362
Total Investments at fair value				$ 10,417,799

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth a summary of the Plan's investments for which fair value is estimated using the net asset value per share as of December 31, 2015 and 2014.

	2015	2014	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common/collective trust:						
Wells Fargo Stable Value Fund M	$1,878,038	$2,062,362	$ --	Immediate	None	None

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no transfers between levels.

5. PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend or terminate the Plan at any time by resolution of its Board of Directors. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100 percent vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan. Any amount in the forfeiture account upon termination, which has not been applied to reduce the Company contribution, shall be used to pay administrative expenses of the Plan, and any remaining balance would then be allocated on a pro rata basis to the participants' accounts.

6. INCOME TAX STATUS

The Company adopted a volume submitter profit sharing 401(k) plan. By letter dated March 31, 2014, the Internal Revenue Service has determined that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits in progress for any tax periods. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fidelity received certain direct fees, which amounted to $50 for the year ended December 31, 2015 and are included in the accompanying statement of changes in net assets available for as administrative fees. Transaction fees incurred by the custodian and registered investment companies are included in investment income as a reduction to investment income and are not readily determinable.

8. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 11, 2016, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that the following subsequent events have occurred that requires disclosure in the financial statements:

Effective March 15, 2016, the Plan Sponsor will be responsible for reviewing all documentation related to participant hardship withdrawals and making the decision to grant the withdrawal on the basis of participant hardship.

Effective January 1, 2017, the Plan will have an auto escalation feature whereby participant deferral percentages with increase by 1 percent each year, with a maximum escalation to 10 percent.

Effective January 1, 2017, the Plan will offer Roth IRA option to participants to make after-tax contributions into their retirement plan.

Effective January 1, 2017, the Plan will have an auto re-enrollment feature whereby participants that opted not to participant in the Plan in the prior year will be auto-enrolled unless a new election form declining participation is signed.
