CLEVELAND STEEL CONTAINER CORP. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Cleveland Steel Container Corp. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Cleveland Steel Container Corporation and subsidiaries (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: To be eligible to participate in the Plan an employee must be 21 years of age or older, have completed at least 6 months of service, and not be a non-resident alien or a leased employee. The Plan allows for quarterly entry dates.

Contributions: Participants may make voluntary pre-tax contributions and, effective January 1, 2014, after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation for the Plan year, subject to IRS limitations. If upon meeting the eligibility requirements an employee does not make a voluntary deferral election, they will be automatically enrolled in the Plan at 6% of their compensation, unless an election is made not to participate or to contribute a different amount. Bonuses automatically defer at the same rate elected as the salary deferral or participants may elect to defer up to 85% of their bonus to the Plan. Plan participants who have attained age 50 before the end of the Plan year are allowed to make pre-tax and Roth catch-up contributions (\$6,000 in 2015). The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

Profit sharing contributions may be made at the discretion of the Company each Plan year. In 2015, the profit sharing contribution for participating employees is 4% of eligible compensation for hourly employees and 6% for salaried employees. The Employer may also elect to make non-elective discretionary contributions to the Plan on behalf of all qualified participants. No non-elective discretionary contributions were made in 2015.

Employer contributions, if any, for eligible participants are funded once annually, generally in March of the following year, and are reflected as an employer contribution receivable in the accompanying statements of net assets available for benefits.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, Plan earnings, and forfeitures. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. The participant's portion of Company contributions adhere to a three-year cliff-vesting schedule. Forfeited nonvested accounts totaled \$10,551 and \$7,056 at December 31, 2015 and 2014, respectively. In 2015 and 2014, employer profit sharing contributions were reduced from forfeited non-vested accounts by \$7,059 and \$25,648, respectively.

Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and spouse. In case of hardship, a participant may apply for a distribution described in the Plan agreement. Lump-sum distributions are required if the vested balance, excluding rollover contributions, is \$1,000 or less. Actively employed participants may begin receiving distributions at age 59½.

Participant notes receivable: The Plan allows participants to obtain a loan from the Plan. Loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence; the loan is secured by the participant's entire account balance or by other collateral agreed to by the trustee. Loans will be charged interest at a rate comparable to the rate charged by a commercial lender for a similar loan at the date of issuance.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off as deemed distributions when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 3, *Fair Value Measurements*, for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Administrative expenses: Expenses for the Plan’s investment managers, administrators, attorneys, and auditors are paid by the Plan or the Company at the Company’s discretion.

New accounting pronouncements: In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value (“NAV”) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard in 2015. Accordingly, the Plan retrospectively modified its fair value disclosures. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and must be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II for the Plan year ended December 31, 2015. Accordingly, the Plan retrospectively modified its investment disclosures as described above. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements. Part III is not applicable to this Plan.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through September 27, 2016, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015, and 2014:

1. Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 23,130,795	\$ -	\$ -	\$ 23,130,795
Total assets in the fair value hierarchy	23,130,795	-	-	23,130,795
Investments measured at net asset value ^(a)	-	-	-	1,566,960
Investments at fair value	\$ 23,130,795	\$ -	\$ -	\$ 24,697,755

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,712,635	\$ -	\$ -	\$ 21,712,635
Total assets in the fair value hierarchy	21,712,635	-	-	21,712,635
Investments measured at net asset value ^(a)	-	-	-	1,010,366
Investments at fair value	\$ 21,712,635	\$ -	\$ -	\$ 22,723,001

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2015 and 2014.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	December 31,	
	2015	2014
Net assets available for benefits:		
Cash	\$ 11,501	\$ 7,766
Investments, at fair value	24,697,755	22,723,001
Participant notes receivable	589,568	570,142
	<u>\$ 25,298,824</u>	<u>\$ 23,300,909</u>
Additions to (deductions from) net assets:		
Net depreciation in fair value of investments	\$ (871,607)	
Dividends	833,000	
Interest income on participant notes receivable	27,547	

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – TRANSACTIONS WITH PARTIES-IN-INTEREST

For the year ended December 31, 2015, certain investments are shares of a common/collective trust and registered investment companies which are sponsored/managed by John Hancock Investments and its affiliates. John Hancock Trust Company, LLC, a related entity, is also the trustee of the Plan, therefore, these transactions qualify as party-in-interest transactions.

The Plan is under contract with John Hancock Retirement Plan Services, LLC to provide various administrative services. Fees paid by the Plan for these administrative services totaled \$44,294 and \$44,375 for the years ended December 31, 2015 and 2014, respectively.

Notes receivable from participants are secured by the balances in participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

CLEVELAND STEEL CONTAINER CORP. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Cleveland Steel Container Corp. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Cleveland Steel Container Corporation and subsidiaries (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: To be eligible to participate in the Plan an employee must be 21 years of age or older, have completed at least 6 months of service, and not be a non-resident alien or a leased employee. The Plan allows for quarterly entry dates.

Contributions: Participants may make voluntary pre-tax contributions and, effective January 1, 2014, after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation for the Plan year, subject to IRS limitations. If upon meeting the eligibility requirements an employee does not make a voluntary deferral election, they will be automatically enrolled in the Plan at 6% of their compensation, unless an election is made not to participate or to contribute a different amount. Bonuses automatically defer at the same rate elected as the salary deferral or participants may elect to defer up to 85% of their bonus to the Plan. Plan participants who have attained age 50 before the end of the Plan year are allowed to make pre-tax and Roth catch-up contributions (\$6,000 in 2015). The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

Profit sharing contributions may be made at the discretion of the Company each Plan year. In 2015, the profit sharing contribution for participating employees is 4% of eligible compensation for hourly employees and 6% for salaried employees. The Employer may also elect to make non-elective discretionary contributions to the Plan on behalf of all qualified participants. No non-elective discretionary contributions were made in 2015.

Employer contributions, if any, for eligible participants are funded once annually, generally in March of the following year, and are reflected as an employer contribution receivable in the accompanying statements of net assets available for benefits.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, Plan earnings, and forfeitures. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. The participant's portion of Company contributions adhere to a three-year cliff-vesting schedule. Forfeited nonvested accounts totaled \$10,551 and \$7,056 at December 31, 2015 and 2014, respectively. In 2015 and 2014, employer profit sharing contributions were reduced from forfeited non-vested accounts by \$7,059 and \$25,648, respectively.

Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and spouse. In case of hardship, a participant may apply for a distribution described in the Plan agreement. Lump-sum distributions are required if the vested balance, excluding rollover contributions, is \$1,000 or less. Actively employed participants may begin receiving distributions at age 59½.

Participant notes receivable: The Plan allows participants to obtain a loan from the Plan. Loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence; the loan is secured by the participant's entire account balance or by other collateral agreed to by the trustee. Loans will be charged interest at a rate comparable to the rate charged by a commercial lender for a similar loan at the date of issuance.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off as deemed distributions when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 3, *Fair Value Measurements*, for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Administrative expenses: Expenses for the Plan’s investment managers, administrators, attorneys, and auditors are paid by the Plan or the Company at the Company’s discretion.

New accounting pronouncements: In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value (“NAV”) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard in 2015. Accordingly, the Plan retrospectively modified its fair value disclosures. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and must be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II for the Plan year ended December 31, 2015. Accordingly, the Plan retrospectively modified its investment disclosures as described above. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements. Part III is not applicable to this Plan.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through September 27, 2016, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015, and 2014:

1. Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 23,130,795	\$ -	\$ -	\$ 23,130,795
Total assets in the fair value hierarchy	23,130,795	-	-	23,130,795
Investments measured at net asset value ^(a)	-	-	-	1,566,960
Investments at fair value	\$ 23,130,795	\$ -	\$ -	\$ 24,697,755

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,712,635	\$ -	\$ -	\$ 21,712,635
Total assets in the fair value hierarchy	21,712,635	-	-	21,712,635
Investments measured at net asset value ^(a)	-	-	-	1,010,366
Investments at fair value	\$ 21,712,635	\$ -	\$ -	\$ 22,723,001

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2015 and 2014.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – TRANSACTIONS WITH PARTIES-IN-INTEREST

For the year ended December 31, 2015, certain investments are shares of a common/collective trust and registered investment companies which are sponsored/managed by John Hancock Investments and its affiliates. John Hancock Trust Company, LLC, a related entity, is also the trustee of the Plan, therefore, these transactions qualify as party-in-interest transactions.

The Plan is under contract with John Hancock Retirement Plan Services, LLC to provide various administrative services. Fees paid by the Plan for these administrative services totaled \$44,294 and \$44,375 for the years ended December 31, 2015 and 2014, respectively.

Notes receivable from participants are secured by the balances in participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
