Notes to the Financial Statements

1. Description of Plan

The following description of the Eagle Research Group, Inc. (the Plan Sponsor and/or the Company) 2013 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Established February 21, 2013, the Plan is a defined contribution plan covering all eligible employees who have attained age 21. An employee may participate in the Plan as of the first day of the second full pay period after attaining eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute from one to 100% of their pretax annual compensation as defined by the Plan not to exceed the limits imposed by the IRS. These deferral contributions are fully vested and nonforfeitable. The Company matches a certain percentage of the participant's contribution as determined by the Company's Board of Directors. For both 2015 and 2014, the Company elected to match 100% of participant deferrals up to 7.5% of the participant's eligible wages not to exceed the maximum contribution allowed by law. All employees are eligible for the employer match upon enrollment.

The Company may also make annual discretionary contributions to the Plan from its current or accumulated pre-income tax profits. There is no requirement for minimum annual contributions and it is possible that in some years no contribution would be made to the Plan. For both 2015 and 2014, there were no profit sharing contributions made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, plan earnings or losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Financial Hardship Withdrawals

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need, as defined in the Plan Agreement.

Payment of Benefits

A participant's account becomes payable upon death, disability or normal retirement. Early retirement age is 55. Normal retirement age is 59 ½. Participants may choose to receive account balances in a lump sum or in equal monthly installments in the form of an annuity. In service withdrawals are permitted for participants who have reached age 70. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or in equal monthly installments in the form of annuity.

Notes to the Financial Statements

Vesting and Forfeitures

Participants are immediately vested in participant and employer matching contributions plus actual earnings/losses thereon, thus, there would not be any forfeitures in relation to the 401(k) participant deferrals or the employer matching contributions.

Interest in any discretionary contribution vests according to the years of service with the Company. A participant is 100% vested after six years of credited service. An employee must work 1,000 hours during the year to be credited with a year of service. There were no forfeitures in 2015 or 2014.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions into any of the investment options available to them at Nationwide Trust Company, FSB (Nationwide). Participants may change their investment options daily.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the accrued benefits in each participant's account become 100% vested and are distributable by the custodian as soon as reasonably possible.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. Instead, the amounts measured using the NAV per share (or its equivalent) must be provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. Additionally, ASU 2015-07 removes the requirement to make certain disclosures (FASB ASC 820-10-50-6A) for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for nonpublic business entities for fiscal years beginning after December 15, 2016. The Company has not elected to early adopt this ASU,

Notes to the Financial Statements

though the adoption of this guidance is not expected to have an impact on the Plan's net assets available for plan benefits or the changes in the net assets available for plan benefits.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Mutual funds are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan paid administrative expenses of \$112,359 and \$54,881 to Nationwide Trust Company, FSB in 2015 and 2014, respectively. All other professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

Reclassifications

Certain 2014 amounts have been reclassified to conform with the 2015 presentation.

Subsequent Events

The Plan has evaluated events and transactions that occurred between January 1, 2016 and October 11, 2016 which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

3. Summary of Financial Data Certified by the Custodian

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Nationwide Trust, FSB has certified as complete and accurate the following information at December 31, 2015 and 2014 including the comparable information in the accompanying supplemental schedule:

Eagle Research Group, Inc. 2013 401(k) Plan and Trust

Notes to the Financial Statements

<i>December 31,</i>	2015	2014
Investments	\$ 17,434,081	\$ 15,157,977

<i>For the year ended December 31,</i>	2015	2014
Net depreciation in investments	\$ (1,206,282)	\$ (454,071)
Interest and dividends	984,717	771,341
Investment (loss) income, net	\$ (221,565)	\$ 317,270

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Eagle Research Group, Inc. 2013 401(k) Plan and Trust

Notes to the Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,586,501	\$ -	\$ -	\$ 15,586,501
Total assets at fair value	\$ 15,586,501	\$ -	\$ -	\$ 15,586,501

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Total Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,985,611	\$ -	\$ -	\$ 12,985,611
Total assets at fair value	\$ 12,985,611	\$ -	\$ -	\$ 12,985,611

5. Investment in Fully Benefit-Responsive Contract

The Plan contains a benefit-responsive investment contract with Nationwide Trust Company, FSB ("Nationwide"). Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Nationwide. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract has no stated maturity date. At December 31, 2015 and 2014 there were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was \$1,847,580 and \$2,172,366, as of December 31, 2015 and 2014, respectively. The crediting interest rate is based on a formula agreed upon with the issuer.

Eagle Research Group, Inc.
2013 401(k) Plan and Trust

Notes to the Financial Statements

The repayment of principal and interest credited to participants holding the investments is a financial obligation of Nationwide. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in the creditworthiness of Nationwide or the termination of the Plan, the guaranteed interest account investment choice will no longer be considered fully benefit-responsive. The occurrence of an event that limits the ability of the investment to transact at contract value with Nationwide and participants holding the investment, is not probable.

6. Plan Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The Plan obtained its latest determination letter dated April 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Parties-in-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

Plan investments are managed by Nationwide, who is the Plan's custodian. Therefore, these investments and all transactions with them qualify as party-in-interest transactions.
