NOTES TO FINANCIAL STATEMENTS

YOUNG & FRANKLIN INC. 401(k) RETIREMENT PLAN

December 31, 2015 and 2014

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Young & Franklin Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General and Participant Eligibility: The Plan is a defined contribution plan covering substantially all employees of Young & Franklin Inc. (the “Company”) and its wholly-owned subsidiary, Tactair Fluid Controls Inc., who have completed one month of service. An employee is eligible to participate in the payroll deferral feature and Company matching contributions on the first day of the month following the date the eligibility requirements are met. To become eligible to participate in the Company’s discretionary contributions, a participant must have completed one year of service, as defined by the Plan. A participant is eligible to receive Company discretionary contributions during the year of the participant’s death, disability or retirement regardless of the amount of service completed during such year. The Plan is subject to the provisions of ERISA. The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Board of Directors.

Contributions: Each year, participants may contribute tax-deferred and after-tax Roth dollars through payroll deferrals, of up to the maximum deferrals in any calendar year as set forth in the Internal Revenue Code (IRC). Current tax law limits each participant’s total pretax and Roth deferrals to \$18,000 and \$17,500 for the years ended December 31, 2015 and 2014, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund, which is based on the participant’s expected retirement date, until changed by the participant.

In 2015 and 2014, the Company matching contribution was 50% of the first 4% of eligible wages deferred, and the Company discretionary contribution was 2% of an employee’s eligible wages. The Company’s matching contributions were \$390,138 and \$379,637 for the years ended December 31, 2015 and 2014, respectively. The Company’s discretionary contributions were \$428,886 and \$437,711 for the years ended December 31, 2015 and 2014, respectively. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

December 31, 2015 and 2014

NOTE A--DESCRIPTION OF THE PLAN--Continued

Participant Accounts: Each participant's account is credited with the participant's contributions, Company matching contributions, Company discretionary contributions, as well as an allocation of Plan earnings and losses. Plan earnings and losses are allocated based on account balances. The retirement benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their salary deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts is based on years of continuous service. A participant is fully vested after three years of credited service.

Receivables--Notes From Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Terms of the loans generally require repayment over a period not extending beyond five years from the date of the loan. The Company may permit longer repayment terms if the loan is for the purchase of a principal residence. Loans are secured by the balance in the participant's account and bear reasonable rates of interest as determined by the Plan Administrator by reviewing interest rates charged for similar types of loans by other lenders. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Upon termination of a participant's employment for any reason, including death, disability or retirement, and if a participant's vested account balance is greater than \$5,000, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or equal installment payments over a period of years not longer than the participant's assumed life expectancy (or the assumed life expectancy of the participant's beneficiary). If a participant's vested account balance is between \$1,000 and \$5,000, a participant may elect to receive a lump-sum amount equal to the value of the participant's account. If a participant's vested account balance is \$1,000 or less, and they fail to make an election within thirty days of termination, a lump sum benefit will be paid to the participant without their consent.

Forfeited Accounts: Company matching and discretionary contributions from forfeited nonvested accounts are retained by the Plan and are used to offset subsequent Company matching and discretionary contributions. At December 31, 2015 and 2014, there were \$12,447 and \$10,893, respectively, in forfeited nonvested accounts available to the Company. In 2015 and 2014, Company contributions were reduced by \$10,893 and \$14,437, respectively, from forfeited nonvested accounts.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared using the contract value basis for the fully benefit-responsive investment contract.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Receivables--Notes From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefit payments are recorded when paid.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the Plan's audit services are paid by the Plan and are included in administrative expenses. Fees incurred by the Plan for the investment management services are included in the net (depreciation) appreciation in fair value of investments.

Recent Accounting Pronouncements: In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, "Fair Value Measurement" (Topic 820): "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)". The amendments in the ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this ASU are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the applicability of the ASU to the Plan as well as the potential impact this ASU will have on the Plan's financial statements if adoption is required.

In July 2015, the FASB issued ASU No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans" (Topic 960), "Defined Contribution Pension Plans" (Topic 962), "Health and Welfare Benefits Plans" (Topic 965) - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosure, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force). The purpose of this ASU is to simplify certain aspects of employee benefit plan ("EBP") accounting while satisfying the needs of users of financial statements, including plan participants. The new guidance (1) simplifies the measurement of fully benefit-responsive investment contracts, (2) simplifies the disclosures about plan investments and (3) allows an EBP with a fiscal year end that doesn't coincide with the end of a calendar month to choose an easier way of measuring its investments and investment-related accounts. The ASU is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted and the ASU may be adopted in whole or by part, as applicable. Plan management intends to adopt the applicable parts of the ASU once effective and is currently evaluating the impact this ASU will have on the Plan's financial statements.

Reclassifications: Certain amounts in the 2014 financial statements have been reclassified to conform to the 2015 presentation.

Events Occurring After Report Date: The Plan's management has evaluated events and transactions that occurred between December 31, 2015 and October 7, 2016, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. Except for the subsequent events identified in Notes G and J, there were no such events or transactions identified by Plan management.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820, "Fair Value Measurements and Disclosures", are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS--Continued

YOUNG & FRANKLIN INC. 401(k) RETIREMENT PLAN

December 31, 2015 and 2014

NOTE C--FAIR VALUE MEASUREMENTS--Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares in registered investment companies held by the Plan are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The shares in registered investment companies held by the Plan are deemed to be actively traded.

Interest-bearing cash: The carrying amount of interest-bearing cash approximates fair value due to the nature of the instrument.

Collective trust: The Plan's interest in the collective trust is valued at the net asset value (NAV) of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that the liquidations of the securities will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

YOUNG & FRANKLIN INC. 401(k) RETIREMENT PLAN

December 31, 2015 and 2014

NOTE E--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in various shares of registered investment companies managed by T. Rowe Price. T. Rowe Price is an affiliate of Boston Financial Data Services, the Plan's recordkeeper. The Plan's investments are held with State Street Bank and Trust Company, the Plan's trustee, therefore, these transactions qualify as party in interest transactions. T. Rowe Price receives revenue from the investment service providers for services that T. Rowe Price provides to the investment funds. This revenue is used to offset certain administrative expenses owed by the Plan. During the years ended December 31, 2015 and 2014, the excess revenues received by the Plan amounted to \$18,750 and \$11,250, respectively.

Administrative expenses relating to the Plan's audit amounted to \$11,250 and \$11,000 for the years ended December 31, 2015 and 2014, respectively. Fees incurred by the Plan for the investment management services are included in net (depreciation) appreciation in fair value of investments. The Plan sponsor pays directly all other fees related to the Plan's operations. The Plan Administrator believes all party in interest transactions qualify for either statutory or administrative exemption from the prohibited transaction rules under ERISA.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G--TAX STATUS AND SUBSEQUENT EVENT

The Plan adopted a non-standardized form of a prototype plan sponsored by Boston Financial Data Services. The IRS has determined and informed the prototype plan sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since adopting this prototype plan. However, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Effective April 15, 2016, the Plan adopted the volume submitter Plan sponsored by DST Retirement Solutions, LLC, an affiliate of Boston Financial Data Services. The IRS has determined and informed the volume submitter plan sponsor by a letter dated June 1, 2015, that the volume submitter plan qualifies under the applicable sections of the IRC.

December 31, 2015 and 2014

NOTE G--TAX STATUS AND SUBSEQUENT EVENT--Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE H--RISKS AND UNCERTAINTIES

The Plan invests in shares of registered investment companies and a collective trust. These investment funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the respective Form 5500:

	December 31,	
	2015	2014

Net assets available for benefits per the Form 5500	<u>\$ 32,908,659</u>	<u>\$ 31,366,151</u>

NOTE J--SUBSEQUENT EVENT

As a result of no longer providing administrative services to pension plans, State Street Bank and Trust Company resigned as the Plan's directed trustee effective June 30, 2016. Effective July 1, 2016, Plan management appointed Reliance Trust Company as the successor directed trustee of the Plan.
