AIR POWER DYNAMICS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Air Power Dynamics, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Air Power Dynamics, LLC (the "Company") who have attained the age of 21 and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is funded through a group annuity contract (the "Contract") issued by The Hartford Life Insurance Company ("Hartford"), custodian of the Plan's assets. The Contract offers several variable investment options (mutual funds) through Hartford pooled separate accounts. Each investment sub-account is invested by Hartford exclusively in shares of the specific mutual fund directed by the participant. Amounts allocated to a variable investment account are credited to a participant's account in the form of accumulation units.

Contributions: Participants may make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions (\$6,000 in 2015). The Plan also permits rollover contributions from other qualified retirement plans.

The Company matches 50% of the first 2% of a participant's contribution. Participants are eligible for the Company match as soon as they are eligible and elect to participate in the Plan. In addition, the Company may make an additional discretionary matching contribution for each eligible employee. No additional discretionary matching contributions were contributed by the Company in 2015.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching and discretionary matching contributions, if any, and Plan earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. Participants may borrow up to 50% of the vested interest in their individual account up to a maximum of \$50,000 and a minimum of \$1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence. Principal and interest is paid ratably through weekly or biweekly payroll deductions and the loans are secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator at the date of loan issuance. All unpaid loan balances in excess of 90 days past due are deemed to be in default.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Vesting: Participants are immediately vested in their contributions and earnings thereon. Vesting in the employer matching and discretionary employer matching contributions is based on years of service with the Company, based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 1	0%
1 but less than 2 years	20%
2 but less than 3 years	40%
3 but less than 4 years	60%
4 but less than 5 years	80%
5 or more years	100%

Participants are immediately vested in matching contributions if employed at age 65, at time of death, or upon becoming disabled.

Payment of benefits: Distributions from a participant's account are not permitted before the normal age of retirement except in the event of death, disability, termination of employment, or financial hardship, as defined by the Plan. Distributions to retired participants will begin as soon as administratively feasible. The participant may elect among various forms of benefit payments.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Plan, unless paid by the Company at its discretion. During 2015, substantially all Plan related expenses were paid by the Company.

Forfeitures: Forfeited nonvested accounts are applied first to payment of plan administrative expenses, with any remaining forfeitures used to reduce future employer contributions. Forfeited nonvested accounts totaled \$2,257 and \$1,308 at December 31, 2015 and 2014, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 3, *Fair Value Measurements*, for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New accounting pronouncements: In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard in 2015. Accordingly, the Plan retrospectively modified its fair value disclosures. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and must be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II for the Plan year ended December 31, 2015. Accordingly, the Plan retrospectively modified its investment disclosures as described above. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements. Part III is not applicable to this Plan.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 6, 2016, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled-separate accounts: Valued at the net asset value of shares of the underlying assets held by the Plan at year end. The pooled-separate accounts do not have finite lives, unfunded commitments relating to these type of investments, or significant restrictions on redemptions. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 1,125,773
Total	\$ -	\$ -	\$ -	\$ 1,125,773

Assets at Fair Value as of December 31, 2014				
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 1,166,291
Total	\$ -	\$ -	\$ -	\$ 1,166,291

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2015 and 2014.

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Massachusetts Mutual Life Insurance Company, as agent for the Hartford Life Insurance Company, the custodian of the Plan, as of and for the years ended December 31, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Net assets available for benefits:		
Investments, at fair value	\$ 1,125,773	\$ 1,166,291
Participant notes receivable	<u>93,115</u>	<u>27,263</u>
	<u><u>\$ 1,218,888</u></u>	<u><u>\$ 1,193,554</u></u>
Additions to (deductions from) net assets:		
Net depreciation in fair value of investments	\$ (12,154)	
Interest income on participant notes receivable	2,199	

NOTE 5 – RELATED PARTY TRANSACTIONS

Plan investments are held in a pooled separate account under a group annuity contract issued by Hartford Life Insurance Company and managed by an affiliated entity. Hartford Life Insurance Company is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Participant notes receivable are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 6 – PLAN TERMINATION

Although the Plan's management has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – RISKS AND UNCERTAINTIES

Each participant directs the investment of the assets in their account to various investment securities maintained by the Plan. Investment securities are exposed to various risks such as interest rate, market value fluctuation, and credit risk. Changes in the values of investment securities occur on a daily basis and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – EXCESS CONTRIBUTIONS PAYABLE

For financial statement purposes, amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. For Form 5500 purposes, such contributions required to be paid back to participants are reflected as corrective distributions in the year paid. For Plan years 2015 and 2014, these amounts totaled \$7,784 and \$6,044, respectively. The Plan distributed the 2015 and 2014 excess contributions to the applicable participants prior to March 15, 2016 and 2015, respectively.

NOTE 10 – PROHIBITED TRANSACTIONS

During the Plan years 2015, 2014 and 2013, the Company failed to remit participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such contributions, which totaled \$55,154, \$51,334 and \$42,608, respectively, for the years then ended, were remitted during the 2015, 2014 and 2013 Plan years and are summarized on the Schedule of Delinquent Participant Contributions. Lost earnings related to the late remittances for plan years 2015, 2014 and 2013, which totaled \$156, were remitted to the Plan and credited to participant's accounts in 2016.

The Plan sponsor remitted the late participant contributions during the Plan years ended December 31, 2015, 2014 and 2013, however, lost earnings had not been remitted as of December 31, 2015, 2014 and 2013, and thus the delinquent deposits have not been fully corrected, as defined. Lost earnings related to the late remittances for plan years 2015, 2014 and 2013, which totaled \$156, were remitted to the Plan and credited to participant's accounts in 2016.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2015 - 12/31/2015 and indirect compensation is presented on a calendar year basis ending 12/31/2015.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because, among other potential considerations, plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$1,745.09**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2015 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2015, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **\$45.94**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.573% for 2015) earned on the bank accounts and investments associated with the short-term investment pool for the 2015 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2015 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and

number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

*This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from the Oppenheimer family of mutual funds, which are affiliated with MassMutual (The Oppenheimer Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. AIR POWER DYNAMICS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Air Power Dynamics, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Air Power Dynamics, LLC (the "Company") who have attained the age of 21 and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is funded through a group annuity contract (the "Contract") issued by The Hartford Life Insurance Company ("Hartford"), custodian of the Plan's assets. The Contract offers several variable investment options (mutual funds) through Hartford pooled separate accounts. Each investment sub-account is invested by Hartford exclusively in shares of the specific mutual fund directed by the participant. Amounts allocated to a variable investment account are credited to a participant's account in the form of accumulation units.

Contributions: Participants may make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions (\$6,000 in 2015). The Plan also permits rollover contributions from other qualified retirement plans.

The Company matches 50% of the first 2% of a participant's contribution. Participants are eligible for the Company match as soon as they are eligible and elect to participate in the Plan. In addition, the Company may make an additional discretionary matching contribution for each eligible employee. No additional discretionary matching contributions were contributed by the Company in 2015.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching and discretionary matching contributions, if any, and Plan earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. Participants may borrow up to 50% of the vested interest in their individual account up to a maximum of \$50,000 and a minimum of \$1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence. Principal and interest is paid ratably through weekly or biweekly payroll deductions and the loans are secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator at the date of loan issuance. All unpaid loan balances in excess of 90 days past due are deemed to be in default.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Vesting: Participants are immediately vested in their contributions and earnings thereon. Vesting in the employer matching and discretionary employer matching contributions is based on years of service with the Company, based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 1	0%
1 but less than 2 years	20%
2 but less than 3 years	40%
3 but less than 4 years	60%
4 but less than 5 years	80%
5 or more years	100%

Participants are immediately vested in matching contributions if employed at age 65, at time of death, or upon becoming disabled.

Payment of benefits: Distributions from a participant's account are not permitted before the normal age of retirement except in the event of death, disability, termination of employment, or financial hardship, as defined by the Plan. Distributions to retired participants will begin as soon as administratively feasible. The participant may elect among various forms of benefit payments.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Plan, unless paid by the Company at its discretion. During 2015, substantially all Plan related expenses were paid by the Company.

Forfeitures: Forfeited nonvested accounts are applied first to payment of plan administrative expenses, with any remaining forfeitures used to reduce future employer contributions. Forfeited nonvested accounts totaled \$2,257 and \$1,308 at December 31, 2015 and 2014, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 3, *Fair Value Measurements*, for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New accounting pronouncements: In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard in 2015. Accordingly, the Plan retrospectively modified its fair value disclosures. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and must be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II for the Plan year ended December 31, 2015. Accordingly, the Plan retrospectively modified its investment disclosures as described above. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements. Part III is not applicable to this Plan.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 6, 2016, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled-separate accounts: Valued at the net asset value of shares of the underlying assets held by the Plan at year end. The pooled-separate accounts do not have finite lives, unfunded commitments relating to these type of investments, or significant restrictions on redemptions. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 1,125,773
Total	\$ -	\$ -	\$ -	\$ 1,125,773

Assets at Fair Value as of December 31, 2014				
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 1,166,291
Total	\$ -	\$ -	\$ -	\$ 1,166,291

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2015 and 2014.

NOTE 5 – RELATED PARTY TRANSACTIONS

Plan investments are held in a pooled separate account under a group annuity contract issued by Hartford Life Insurance Company and managed by an affiliated entity. Hartford Life Insurance Company is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Participant notes receivable are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 6 – PLAN TERMINATION

Although the Plan's management has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – RISKS AND UNCERTAINTIES

Each participant directs the investment of the assets in their account to various investment securities maintained by the Plan. Investment securities are exposed to various risks such as interest rate, market value fluctuation, and credit risk. Changes in the values of investment securities occur on a daily basis and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – EXCESS CONTRIBUTIONS PAYABLE

For financial statement purposes, amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. For Form 5500 purposes, such contributions required to be paid back to participants are reflected as corrective distributions in the year paid. For Plan years 2015 and 2014, these amounts totaled \$7,784 and \$6,044, respectively. The Plan distributed the 2015 and 2014 excess contributions to the applicable participants prior to March 15, 2016 and 2015, respectively.

NOTE 10 – PROHIBITED TRANSACTIONS

During the Plan years 2015, 2014 and 2013, the Company failed to remit participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such contributions, which totaled \$55,154, \$51,334 and \$42,608, respectively, for the years then ended, were remitted during the 2015, 2014 and 2013 Plan years and are summarized on the Schedule of Delinquent Participant Contributions. Lost earnings related to the late remittances for plan years 2015, 2014 and 2013, which totaled \$156, were remitted to the Plan and credited to participant's accounts in 2016.
