To the Participants and Administrator of the
Wood Group Mustang LBO 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wood Group Mustang LBO 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Great West Trust Company, LLC, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2015 that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Custodian. Their report, dated October 14, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

WOOD GROUP MUSTANG LBO 401(K) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Wood Group Mustang LBO 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) Profit Sharing Plan. The Plan covers eligible employees of Wood Group Mustang, Inc. (the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may make pretax contributions ranging up to 100 percent of their compensation, as described in the Plan document, as elective contributions up to the limits prescribed by the Internal Revenue Service (“IRS”), \$18,000 and \$17,500 for the Plan years ended December 31, 2015 and 2014, respectively. The Plan also allows for participants who are 50 years old or older to make catch-up contributions in the amount of \$6,000 and \$5,500 for the Plan years ended December 31, 2015 and 2014, respectively. The Plan also has a Roth feature that allows participants to contribute after-tax compensation. Participants can change their contribution percentages at any time and those changes will be effective as soon as administratively feasible. Participants are permitted to roll over amounts held in other qualified plans or individual retirement accounts (“IRA’s”) into the Plan, as specified in the Plan document. The Plan does not allow for Employer matching or non-elective contributions.

Eligibility

Employees are eligible to participate in the Plan if the employee has been designated as legal benefits only (“LBO”) employees, as described in the Plan document. Eligible employees are eligible to participate on the first day of the month coinciding with or following the satisfaction of three months of service. All other employees are excluded from this Plan and, with the exception of leased employees, are allowed to contribute to other plans sponsored by the Employer.

Participant Accounts

Each participant’s account is credited with the participant’s contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediate in their contributions plus actual earnings thereon. There are no Employer contributions subject to vesting, however, should a participant transfer into this Plan from another plan sponsored by the Employer, those transferred contributions subject to vesting will continue to vest in this Plan. For contributions subject to vesting, those contributions will vest at the rate of 0% after one year of service, 50% after two years of service and 100% vested after three years of service.

Notes Receivable from Participants

Notes receivable from participants are not allowed in the Plan. However, notes from participants are permitted for those participants that had borrowed funds from the participant’s account in another plan sponsored by the Employer and were transferred into this Plan.

NOTE 1 - DESCRIPTION OF THE PLAN - (CONTINUED)

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump sum distribution, installment payments or partial payments, as described in the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants are permitted to receive in-service distributions from their vested Plan accounts at any time after having attained the age 59½. Participants may also request a distribution of their vested Plan accounts upon incurring a financial hardship, as defined in the Plan document.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$6,028 and \$4,293, respectively. During 2015 and 2014, \$-0- and \$2,250, respectively, were utilized for Plan expenses from forfeited accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on the contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan holds an interest in the Invesco Stable Value Trust Fund ("SVF"), a common/collective trust that is designed to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers. The SVF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer of the wrap contract guarantees a minimum rate of return and provides full benefit responsiveness, provided that all terms of the wrap contract have been met. The fair value of the SVF equals the total of the fair value of the underlying assets plus the total wrap contract rebid value.

Certain events limit the ability of the Plan to transact at contract value with the wrap issuer. However, Plan management is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants. The issuer may terminate a wrap contract for cause at any time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The average yields for the years ended December 31, 2015 and 2014 earned by the Plan for all wrap contracts held by the Plan's SVF based on the actual interest rates credited to participants were approximately 1.81% and 1.63%, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan is sponsored by the Employer. Personnel within the Employer perform various administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included as Plan expenses, but are paid by the Employer. Expenses paid by the Plan consist of transaction-based fees, which are charged to the participant's account, Plan administration fees, loan origination fees and Plan investment fees. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events Measurement Date

The Plan has evaluated subsequent events for the year ended December 31, 2015 through October 5, 2016, the date on which financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31,:

During 2015 and 2014 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value by \$(412,738) and \$63,455, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Registered Investment Companies/(Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund/(Common/Collective Trust): Valued at the NAV of units of a collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage: Valued at the closing price reported on the active market on which the individual securities are traded.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS - (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

NOTE 5 - FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV

In accordance with FASB ASU No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan expanded its disclosure to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share or its equivalent for which the fair value is not readily determinable as of December 31, 2015 and 2014. For the Plan, such assets include investments in common/collective trust funds.

NOTE 5 - FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV - (CONTINUED)

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2015 and 2014, respectively.

Fair Value Estimated Using NAV per Share, December 31, 2015					
Instrument	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated February 14, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan is designed to constitute a qualified tax-exempt plan under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Great West Trust Company, LLC, ("Great West"). Great West is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation/(depreciation) in fair value of investments. The Employer pays directly any other fees related to the Plan's operations that are not included in administrative expenses.

NOTE 9 - INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including total investments, at fair value, and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation/(depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great West.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options, in any combination, of stocks, fixed income securities, mutual funds and stable value fund. The underlying investments held by the registered investment companies may include stocks, bonds, fixed income securities, registered investment companies and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 11 - PLAN MERGER

On July 6, 2016, the Board of Directors of the Employer voted to merge the Plan into the Wood Group 401(k) Plan. Retroactively effective January 5, 2016, all participants under the Plan became participants in the Wood Group 401(k) Plan without a gap or lapse in coverage. All assets, including loans, were transferred effective January 5, 2016 and were in transit until being deposited into the Wood Group 401(k) Plan.

NOTE 12 - RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO FORM 5500

The Annual Return/Report of Employee Benefit Plan ("Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of Form 5500 differ from those included in the financial statements.
