NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Wood Group Mustang 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective January 1988, Mustang Engineering, L.P. (the "Company") adopted the Mustang Engineering 401(k) Plan to provide retirement benefits for all eligible employees. The following description of the Plan provides only general information. Effective August 30, 2012, the Mustang Engineering 401(k) Plan was amended and restated at which time the name of the plan was also changed to the Wood Group Mustang 401(k) Plan.

Plan Merger

On November 25, 2015, the Board of Directors of the Company voted to merge the Plan into the Wood Group 401(k) Plan. Effective December 31, 2015, all participants under the Plan became participants in the Wood Group 401(k) Plan without a gap or lapse in coverage. All assets, including notes receivable from participants, were transferred effective December 31, 2015 and were in transit until being deposited into the Wood Group 401(k) Plan.

General

The Plan is a defined contribution plan covering all employees of the Company; however, union employees, non-resident aliens and legal benefits only employees are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent related amendments and revisions.

Contributions

Participants may elect to defer up to 100 percent of their eligible compensation, up to the limits prescribed by the Internal Revenue Service ("IRS"), $18,000 and $17,500 for the Plan years ended December 31, 2015 and 2014, respectively. The Plan also allows for participants who are 50 years old or older to make catch-up contributions in the amount of $6,000 and $5,500 for the Plan years ended December 31, 2015 and 2014, respectively. Participants can change their contribution percentages at any time and those changes will be effective as soon as administratively feasible. Participants are permitted to roll over amounts held in other qualified plans or individual retirement accounts ("IRA's") into the Plan, as specified in the Plan document. Elective deferral contributions are 100 percent vested and nonforfeitable.

Effective January 1, 2012, the Plan was amended to include a Company safe harbor matching contribution. This contribution is equal to 100% of the first 4% of each eligible participant's compensation that is contributed to the Plan as a deferral contribution, plus an additional 50% of participant's deferral contribution that exceeds 4% but does not exceed 6% of the participant's compensation. In addition, the Company may contribute a nonelective amount as determined at the discretion of the Company. As of December 31, 2015 and 2014, the Company accrued no contributions which were paid to the Plan subsequent to the respective year-end.

Eligibility

Employees become eligible to participate in the Plan on the first day of the month coinciding with or next following the 25th calendar day after their date of hire. Employees represented by a bargaining unit, nonresident aliens with no U.S. income, leased employees, independent contractors, those not employed as an operations and administrative employee, and those covered under any other qualified pension or profit sharing plan to which the Company contributes are not eligible to participate in the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN - *(CONTINUED)*

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Benefits are generally provided upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of the balance of their plan accounts. Upon termination of employment, a participant is entitled to receive the vested portion of their plan accounts. Benefits are paid as a lump-sum amount, annual installments, or a partial withdrawal, as defined in the plan agreement. Participants are permitted in-service distributions from their vested plan accounts at any time after having attained age 59½. In addition, participants may request a distribution of their vested plan accounts upon incurring a financial hardship, as defined in the plan agreement.

Vesting

All participants are immediately vested in their contributions and any safe harbor matching contributions plus actual earnings thereon. The Plan provides for 50% vesting after two years of service and 100% vesting after three years of service in Company discretionary contributions. Effective January 1, 2012, the entire account balance of each participant who was an active employee of the Company became fully vested in their account balance.

Forfeited Accounts

The Plan provides that forfeitures will be used to pay administrative expenses of the Plan and to reduce Company contributions as defined in the plan agreement. At December 31, 2015 and 2014, the total unallocated forfeitures were $-0- and $237,518, respectively. During 2015, $317,589 in forfeitures was used to offset Company contributions and pay plan expenses.

Investment Options

Participants in the Plan elect how their individual contributions and Company contributions are to be invested into various investment options offered by the Plan.

Notes Receivable from Participants

Participants are allowed to borrow a minimum of $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. In addition, participants may have only two outstanding notes at any one time. Interest is charged at the prevailing rate, at the time the note is made, with scheduled repayments to be made through payroll deductions. Notes are typically repaid over a period no longer than five years, except for notes to acquire a principal residence for the participant and can be repaid over a period longer not to exceed ten years.

Allocation of Investment Income

The net earnings or loss of each fund, including capital gains or losses whether or not realized, are allocated to individual participant accounts in that fund based on the ratio that the value of each participant's account bears to the value of all accounts in that fund as of the valuation date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - *(CONTINUED)*

Basis of Accounting – *(Continued)*

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on the contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As described in ASC 962, *Plan Accounting - Defined Contribution Pension Plans*, an investment held by a defined contribution plan that holds an investment in common/collective trust which invests in guaranteed investment contracts (GICS), or other benefit responsive investments, is required to report the investment at fair value.

During 2014, the Plan held an interest in the Invesco Stable Value Trust Fund (SVF), a collective trust that is designed to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers. The SVF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer of the wrap contract guarantees a minimum rate of return and provides full benefit responsiveness, provided that all terms of the wrap contract have been met. The fair value of the SVF equals the total of the fair value of the underlying assets plus the total wrap contract rebid value. Certain events limit the ability of the Plan to transact at contract value with the wrap issuer. However, Plan management is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants. The issuer may terminate a wrap contract for cause at any time. The average yields for the years ended December 31, 2015 and 2014 earned by the Plan for all wrap contracts held by the Plan's SVF based on the actual interest rates credited to participants were approximately 1.81 and 1.63 percent, respectively.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credits losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - *(CONTINUED)*

Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan agreement. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, and other participant directed expenses, are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events Measurement Date

The Plan has evaluated subsequent events for the year ended December 31, 2015 through October 6, 2016, the date on which financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31,:

During 2015 and 2014 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value by ($24,554,630) and $5,394,873, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

NOTE 4 - FAIR VALUE MEASUREMENTS - *(CONTINUED)*

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective/Collective trusts: Valued at NAV based on quoted market values as determined by the issuer based on the fair value of the underlying investments. NAV is calculated on a schedule basis. Each fund replicates the index it represents.

Self Directed Brokerage: Valued at the closing price on the active market on which the individual securities are traded.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS - *(CONTINUED)*

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Assets at Fair Value as of December 31, 2014

NOTE 5 – NET ASSET VALUE PER SHARE

In accordance with FASB ASU No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan expanded its disclosure to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share or its equivalent for which the fair value is not readily determinable as of December 31, 2014. For the Plan, such assets include investments in common/collective trust funds.

	Fair Value Estimated Using NAV per Share December 31, 2015				
	Fair Value	**Unfunded Commitment**	**Redemption Frequency**	**Other Redemption Restrictions**	**Redemption Notice Period**

NOTE 6 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. On November 25, 2015, the board of directors approved to merge the Plan into the Wood Group 401k Plan, effectively terminating the Plan.

NOTE 7 - TAX STATUS

The Plan was amended and restated effective August 30, 2012, when the Company adopted the Prototype Non-Standardized Profit Sharing Plan with CODA (Prototype Plan) which received an opinion letter from the Internal Revenue Service (IRS), dated May 18, 2011, stating that the form of the Prototype Plan is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The Prototype Plan has been amended since receiving such letter; however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2012.

NOTE 8 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan provides for loans to participants. Transactions in such investments qualify as party-in-interest transactions as defined by ERISA.

Certain Plan investments are shares of mutual funds managed by Great-West Trust Company LLC ("Great-West"). Great-West is the Custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation/(depreciation) in fair value of investments. The Company pays directly any other fees related to the Plan's operations.

NOTE 9 - INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation/(depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company LLC .

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan provided for various investment options, in any combination, of stocks, fixed income securities and mutual funds. The underlying investments held by the registered investment companies may include stocks, bonds, fixed income securities, mutual funds and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 11 - TRANSFER TO WOOD GROUP 401(K) PLAN

Effective on December 31, 2015, the board of directors approved to merge the Plan into the Wood Group 401(k) Plan and all of the participant accounts in the Wood Group Mustang 401k Plan were transferred out of the Plan into the Wood Group 401(k) Plan.

NOTE 12 - RECONCILIATION TO FORM 5500

The Annual Return/Report of Employee Benefit Plan ("Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of Form 5500 differ from those included in the financial statements.

The following is a reconciliation of net increase in assets available for benefits per the financial statements to the Form 5500 for the year ended December 31:

	2015
Net decrease per the financial statements	$ (3,649,550)
Add: Prior year adjustment from fair value to contract value for fully benefit-responsive investment contracts	(1,424,826)
Less: Current year adjustment from fair value to contract value for fully benefit-responsive investment contracts	-
Net decrease per Form 5500	$ (5,074,376)
