ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

A. Description of Plan

General

The following description of the Essilor of America Retirement Savings Plan (the “Plan”) provides only general information. The Plan is sponsored by Essilor of America, Inc. (the “Company” or “Plan Sponsor”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan’s corporate offices are located in Dallas, Texas.

The Plan was established effective January 1, 1991, and restated effective January 1, 2013, and is a defined contribution plan covering all employees of the Company except: (1) those who are a member of a collective bargaining unit as to which there is evidence that retirement benefits were the subject of good faith collective bargaining unless a collective bargaining agreement covering such employee provides for the employee’s participation in the Plan; (2) a leased employee; (3) a non-resident alien; (4) an independent contractor; (5) an employee that is a temporary transfer; and, (6) an employee who is employed by a subsidiary that is not a participating employer. Eligible employees may enter the Plan on the first day of any payroll period beginning after being employed for not less than 60 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On May 1, 2014, the Plan completed a merger with Peninsula Optical Lab, Inc. Plan (“Peninsula Plan”). During the fiscal year ended December 31, 2014, all participants in the Peninsula Plan were eligible to participate in the Plan effective May 1, 2014. Effective August 1, 2014, the Peninsula Plan’s assets and participant accounts totaling \$888,306 were merged into the Plan.

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match participant contributions equal to 100% up to 6% of eligible compensation.

Participants must be employed on the last day of the Plan year to be eligible to receive profit sharing contributions. In both 2015 and 2014 the Company elected not to contribute profit sharing contributions.

A. Description of Plan – continued

Participant Accounts

Each participant's account is credited with the participant's elective contribution, employer contribution(s), and earnings thereon. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their elective contributions and Company matching or profit sharing contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan was made, or 50% of their vested account balance. Loan terms range from one to five years or in the case of a loan to purchase or construct the primary residence of a participant, a period not to exceed a repayment period of 10 years. The loans are secured by a portion of the participant's account balance and bear interest at a fixed rate equal to prime plus one percent. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2015 and 2014, ranged from 4.25% to 9.50% and 4.25% to 10.75%, respectively.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. The normal form of benefit payment is a cash single sum distribution. A participant may elect to receive payment in annual, quarterly or monthly equal installments over a period not to exceed limitations imposed by the Code. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from the vested portion of the participant's account if the distribution is: (1) on account of medical expenses that would otherwise be deductible by the participant for federal income tax purposes pursuant to section 213 of the Code that have been incurred by the participant, the participant's spouse, or dependents; (2) to purchase a principal residence of the participant (excluding mortgage payments or rehabilitation costs); (3) for the payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant, the participant's spouse, or child, or dependent; (4) needed to prevent eviction of the participant from the participant's principal residence or foreclosure on the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses for a deceased spouse, child, or dependents; or (6) for the payment of expense for repair of damage to principal residence that would qualify for the casualty deduction under the Code.

A. Description of Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to reinstate previously forfeited account balances of former participants that are re-hired before incurring a five consecutive year break-in-service. All other forfeited amounts are used to reduce future Company contributions. There were unallocated forfeitures of approximately \$522,000 and \$455,000 as of December 31, 2015 and 2014, respectively. Approximately \$447,000 was allocated to reduce matching contributions during the year ended December 31, 2015. No forfeitures were allocated during the year ended December 31, 2014.

Investment Options

Participants may direct their salary deferrals in any combination into any of the investment options of the eligible Prudential Retirement Insurance and Annuity Company ("Prudential") investment funds offered.

Administrative Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. The Plan generally pays substantially all costs relating to asset charges and recordkeeping.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investments Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

In 1994 the Plan entered into a group annuity contract with Prudential. Prudential maintains contributions in pooled separate accounts or insurance company general accounts established as investment vehicles for qualified retirement plans. Plan contributions are invested in any or all of twenty Prudential funds, including one guaranteed income fund, based upon the participant's discretion.

The pooled separate accounts are credited with Plan contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Prudential. The assets of each of the pooled separate accounts are invested in shares of the designated underlying mutual funds. In addition, from time to time, Prudential may invest amounts in short-term money market instruments, cash, or cash equivalents. The pooled separate accounts are stated at fair value as of December 31, 2015 and 2014.

Dividends are recorded on the ex-dividend date. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

New Accounting Pronouncements

In July 2015 the Financial Accounting Standards Board issued Accounting Standard Update (“ASU”) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has elected to adopt Parts I and II for the year beginning January 1, 2015. Part III is not applicable to the Plan.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

C. Fair Value Measurements – continued

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Mutual funds are measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.
- Pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2015 and 2014. The Plan has no assets classified within Level 3 of the valuation hierarchy.

2015			
	Level 1	Level 2	Total
Mutual funds	\$ 38,100,999	\$ -	\$ 38,100,999
Pooled separate accounts	-	206,384,697	206,384,697
Total investments at fair value	<u>\$ 38,100,999</u>	<u>\$206,384,697</u>	<u>\$244,485,696</u>
2014			
	Level 1	Level 2	Total
Mutual funds	\$ 40,083,893	\$ -	\$ 40,083,893
Pooled separate accounts	-	204,687,146	204,687,146
Total investments at fair value	<u>\$ 40,083,893</u>	<u>\$204,687,146</u>	<u>\$244,771,039</u>

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2015 and 2014, there were no significant transfers between levels.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

D. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract with Prudential. This contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed income account held in the general account of Prudential. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined semi-annually by Prudential, but cannot be less than 1.50%.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Information Certified by the Trustees

The Plan's administrative committee elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrative committee limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2015 and 2014, the total investment income for the years ended December 31, 2015 and 2014, and all information included in the Form 5500 Schedule H, line 4i Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan received a determination letter from the Internal Revenue Service (the "IRS") dated November 21, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from federal income taxes. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

H. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of pooled separate accounts and an insurance company general account managed by Prudential. Prudential acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements at December 31:

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

A. Description of Plan

General

The following description of the Essilor of America Retirement Savings Plan (the “Plan”) provides only general information. The Plan is sponsored by Essilor of America, Inc. (the “Company” or “Plan Sponsor”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan’s corporate offices are located in Dallas, Texas.

The Plan was established effective January 1, 1991, and restated effective January 1, 2013, and is a defined contribution plan covering all employees of the Company except: (1) those who are a member of a collective bargaining unit as to which there is evidence that retirement benefits were the subject of good faith collective bargaining unless a collective bargaining agreement covering such employee provides for the employee’s participation in the Plan; (2) a leased employee; (3) a non-resident alien; (4) an independent contractor; (5) an employee that is a temporary transfer; and, (6) an employee who is employed by a subsidiary that is not a participating employer. Eligible employees may enter the Plan on the first day of any payroll period beginning after being employed for not less than 60 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On May 1, 2014, the Plan completed a merger with Peninsula Optical Lab, Inc. Plan (“Peninsula Plan”). During the fiscal year ended December 31, 2014, all participants in the Peninsula Plan were eligible to participate in the Plan effective May 1, 2014. Effective August 1, 2014, the Peninsula Plan’s assets and participant accounts totaling \$888,306 were merged into the Plan.

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match participant contributions equal to 100% up to 6% of eligible compensation.

Participants must be employed on the last day of the Plan year to be eligible to receive profit sharing contributions. In both 2015 and 2014 the Company elected not to contribute profit sharing contributions.

A. Description of Plan – continued

Participant Accounts

Each participant's account is credited with the participant's elective contribution, employer contribution(s), and earnings thereon. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their elective contributions and Company matching or profit sharing contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan was made, or 50% of their vested account balance. Loan terms range from one to five years or in the case of a loan to purchase or construct the primary residence of a participant, a period not to exceed a repayment period of 10 years. The loans are secured by a portion of the participant's account balance and bear interest at a fixed rate equal to prime plus one percent. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2015 and 2014, ranged from 4.25% to 9.50% and 4.25% to 10.75%, respectively.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. The normal form of benefit payment is a cash single sum distribution. A participant may elect to receive payment in annual, quarterly or monthly equal installments over a period not to exceed limitations imposed by the Code. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from the vested portion of the participant's account if the distribution is: (1) on account of medical expenses that would otherwise be deductible by the participant for federal income tax purposes pursuant to section 213 of the Code that have been incurred by the participant, the participant's spouse, or dependents; (2) to purchase a principal residence of the participant (excluding mortgage payments or rehabilitation costs); (3) for the payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant, the participant's spouse, or child, or dependent; (4) needed to prevent eviction of the participant from the participant's principal residence or foreclosure on the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses for a deceased spouse, child, or dependents; or (6) for the payment of expense for repair of damage to principal residence that would qualify for the casualty deduction under the Code.

A. Description of Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to reinstate previously forfeited account balances of former participants that are re-hired before incurring a five consecutive year break-in-service. All other forfeited amounts are used to reduce future Company contributions. There were unallocated forfeitures of approximately \$522,000 and \$455,000 as of December 31, 2015 and 2014, respectively. Approximately \$447,000 was allocated to reduce matching contributions during the year ended December 31, 2015. No forfeitures were allocated during the year ended December 31, 2014.

Investment Options

Participants may direct their salary deferrals in any combination into any of the investment options of the eligible Prudential Retirement Insurance and Annuity Company ("Prudential") investment funds offered.

Administrative Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. The Plan generally pays substantially all costs relating to asset charges and recordkeeping.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investments Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

In 1994 the Plan entered into a group annuity contract with Prudential. Prudential maintains contributions in pooled separate accounts or insurance company general accounts established as investment vehicles for qualified retirement plans. Plan contributions are invested in any or all of twenty Prudential funds, including one guaranteed income fund, based upon the participant's discretion.

The pooled separate accounts are credited with Plan contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Prudential. The assets of each of the pooled separate accounts are invested in shares of the designated underlying mutual funds. In addition, from time to time, Prudential may invest amounts in short-term money market instruments, cash, or cash equivalents. The pooled separate accounts are stated at fair value as of December 31, 2015 and 2014.

Dividends are recorded on the ex-dividend date. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

New Accounting Pronouncements

In July 2015 the Financial Accounting Standards Board issued Accounting Standard Update (“ASU”) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has elected to adopt Parts I and II for the year beginning January 1, 2015. Part III is not applicable to the Plan.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

C. Fair Value Measurements – continued

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Mutual funds are measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.
- Pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2015 and 2014. The Plan has no assets classified within Level 3 of the valuation hierarchy.

2015			
	Level 1	Level 2	Total
Mutual funds	\$ 38,100,999	\$ -	\$ 38,100,999
Pooled separate accounts	-	206,384,697	206,384,697
Total investments at fair value	<u>\$ 38,100,999</u>	<u>\$206,384,697</u>	<u>\$244,485,696</u>
2014			
	Level 1	Level 2	Total
Mutual funds	\$ 40,083,893	\$ -	\$ 40,083,893
Pooled separate accounts	-	204,687,146	204,687,146
Total investments at fair value	<u>\$ 40,083,893</u>	<u>\$204,687,146</u>	<u>\$244,771,039</u>

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2015 and 2014, there were no significant transfers between levels.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

D. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract with Prudential. This contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed income account held in the general account of Prudential. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined semi-annually by Prudential, but cannot be less than 1.50%.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Information Certified by the Trustees

The Plan's administrative committee elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrative committee limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2015 and 2014, the total investment income for the years ended December 31, 2015 and 2014, and all information included in the Form 5500 Schedule H, line 4i Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan received a determination letter from the Internal Revenue Service (the "IRS") dated November 21, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from federal income taxes. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

H. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of pooled separate accounts and an insurance company general account managed by Prudential. Prudential acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements at December 31:

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

A. Description of Plan

General

The following description of the Essilor of America Retirement Savings Plan (the “Plan”) provides only general information. The Plan is sponsored by Essilor of America, Inc. (the “Company” or “Plan Sponsor”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan’s corporate offices are located in Dallas, Texas.

The Plan was established effective January 1, 1991, and restated effective January 1, 2013, and is a defined contribution plan covering all employees of the Company except: (1) those who are a member of a collective bargaining unit as to which there is evidence that retirement benefits were the subject of good faith collective bargaining unless a collective bargaining agreement covering such employee provides for the employee’s participation in the Plan; (2) a leased employee; (3) a non-resident alien; (4) an independent contractor; (5) an employee that is a temporary transfer; and, (6) an employee who is employed by a subsidiary that is not a participating employer. Eligible employees may enter the Plan on the first day of any payroll period beginning after being employed for not less than 60 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On May 1, 2014, the Plan completed a merger with Peninsula Optical Lab, Inc. Plan (“Peninsula Plan”). During the fiscal year ended December 31, 2014, all participants in the Peninsula Plan were eligible to participate in the Plan effective May 1, 2014. Effective August 1, 2014, the Peninsula Plan’s assets and participant accounts totaling \$888,306 were merged into the Plan.

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match participant contributions equal to 100% up to 6% of eligible compensation.

Participants must be employed on the last day of the Plan year to be eligible to receive profit sharing contributions. In both 2015 and 2014 the Company elected not to contribute profit sharing contributions.

A. Description of Plan – continued

Participant Accounts

Each participant's account is credited with the participant's elective contribution, employer contribution(s), and earnings thereon. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their elective contributions and Company matching or profit sharing contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan was made, or 50% of their vested account balance. Loan terms range from one to five years or in the case of a loan to purchase or construct the primary residence of a participant, a period not to exceed a repayment period of 10 years. The loans are secured by a portion of the participant's account balance and bear interest at a fixed rate equal to prime plus one percent. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2015 and 2014, ranged from 4.25% to 9.50% and 4.25% to 10.75%, respectively.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. The normal form of benefit payment is a cash single sum distribution. A participant may elect to receive payment in annual, quarterly or monthly equal installments over a period not to exceed limitations imposed by the Code. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from the vested portion of the participant's account if the distribution is: (1) on account of medical expenses that would otherwise be deductible by the participant for federal income tax purposes pursuant to section 213 of the Code that have been incurred by the participant, the participant's spouse, or dependents; (2) to purchase a principal residence of the participant (excluding mortgage payments or rehabilitation costs); (3) for the payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant, the participant's spouse, or child, or dependent; (4) needed to prevent eviction of the participant from the participant's principal residence or foreclosure on the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses for a deceased spouse, child, or dependents; or (6) for the payment of expense for repair of damage to principal residence that would qualify for the casualty deduction under the Code.

A. Description of Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to reinstate previously forfeited account balances of former participants that are re-hired before incurring a five consecutive year break-in-service. All other forfeited amounts are used to reduce future Company contributions. There were unallocated forfeitures of approximately \$522,000 and \$455,000 as of December 31, 2015 and 2014, respectively. Approximately \$447,000 was allocated to reduce matching contributions during the year ended December 31, 2015. No forfeitures were allocated during the year ended December 31, 2014.

Investment Options

Participants may direct their salary deferrals in any combination into any of the investment options of the eligible Prudential Retirement Insurance and Annuity Company ("Prudential") investment funds offered.

Administrative Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. The Plan generally pays substantially all costs relating to asset charges and recordkeeping.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investments Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

In 1994 the Plan entered into a group annuity contract with Prudential. Prudential maintains contributions in pooled separate accounts or insurance company general accounts established as investment vehicles for qualified retirement plans. Plan contributions are invested in any or all of twenty Prudential funds, including one guaranteed income fund, based upon the participant's discretion.

The pooled separate accounts are credited with Plan contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Prudential. The assets of each of the pooled separate accounts are invested in shares of the designated underlying mutual funds. In addition, from time to time, Prudential may invest amounts in short-term money market instruments, cash, or cash equivalents. The pooled separate accounts are stated at fair value as of December 31, 2015 and 2014.

Dividends are recorded on the ex-dividend date. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

New Accounting Pronouncements

In July 2015 the Financial Accounting Standards Board issued Accounting Standard Update (“ASU”) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has elected to adopt Parts I and II for the year beginning January 1, 2015. Part III is not applicable to the Plan.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

C. Fair Value Measurements – continued

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Mutual funds are measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.
- Pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2015 and 2014. The Plan has no assets classified within Level 3 of the valuation hierarchy.

2015			
	Level 1	Level 2	Total
Mutual funds	\$ 38,100,999	\$ -	\$ 38,100,999
Pooled separate accounts	-	206,384,697	206,384,697
Total investments at fair value	<u>\$ 38,100,999</u>	<u>\$206,384,697</u>	<u>\$244,485,696</u>
2014			
	Level 1	Level 2	Total
Mutual funds	\$ 40,083,893	\$ -	\$ 40,083,893
Pooled separate accounts	-	204,687,146	204,687,146
Total investments at fair value	<u>\$ 40,083,893</u>	<u>\$204,687,146</u>	<u>\$244,771,039</u>

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2015 and 2014, there were no significant transfers between levels.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

D. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract with Prudential. This contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed income account held in the general account of Prudential. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined semi-annually by Prudential, but cannot be less than 1.50%.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Information Certified by the Trustees

The Plan's administrative committee elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrative committee limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2015 and 2014, the total investment income for the years ended December 31, 2015 and 2014, and all information included in the Form 5500 Schedule H, line 4i Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan received a determination letter from the Internal Revenue Service (the "IRS") dated November 21, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from federal income taxes. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ESSILOR OF AMERICA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

H. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of pooled separate accounts and an insurance company general account managed by Prudential. Prudential acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements at December 31:

Net increase in assets available for benefits per the Form 5500	<u>\$ 1,132,284</u>	<u>\$ 15,528,494</u>

The reconciling items noted above are due to the Form 5500 being prepared on the cash basis whereas the Plan's financial statements are prepared on the accrual basis of accounting as required by GAAP.

J. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 12, 2016, the date the financial statements were available for issuance.
