1. Description of Plan

The following description of the Emergency Services 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees, regardless of hours and/or years of service, of Emergency Medicine Associates (the “Company” or “EMA”). Senior management and the board of directors of the Company control and manage the operation and administration of the Plan. Charles Schwab Bank serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees can elect to contribute up to 100% of their pretax annual compensation, as defined by the Plan. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participant who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at five percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Under the profit sharing part of the Plan, each Plan year the EMA Board of Directors will determine the amount of the profit sharing contribution, if any, for that year. During the year ended December 31, 2015, the Company made a \$3,979,287 profit sharing contribution to the Plan. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a self-directed brokerage account as investment options for participants. Through the self-directed brokerage option, participants are able to invest in a variety of securities including stocks, bonds, mutual funds and government securities in accordance with the Plan document. Participants can change their investment allocations daily.

Participant accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and plan earnings (losses), and charged with benefit payments and transaction fees related to notes receivable from participants and distributions and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in employee deferral and the safe harbor contributions plus actual earnings thereon.

Emergency Services 401(k) Profit Sharing Plan

Notes to Financial Statements

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of prime plus one percent. At December 31, 2015, outstanding loans bore an interest rate of 4.25%. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of benefits

Upon termination of service, participants whose vested accounts do not exceed \$1,000 will receive a lump sum distribution as soon as practicable, while others may elect to withdraw balances or postpone payment until their normal retirement date. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship or after the participants reach the age of 59½ years.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements. Life insurance held by the Plan is valued at the respective policies' cash surrender values.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

New Accounting Standards

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and to provide certain disclosures. Contract value is now the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies disclosures of the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks for disclosure purposes. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively to all periods presented. Management has elected to adopt Part II for the year ended December 31, 2015.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2016, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets;
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable;
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in methodology used at December 31, 2015 or 2014. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Self-directed brokerage accounts

Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Emergency Services 401(k) Profit Sharing Plan

Notes to Financial Statements

The following tables, set forth by level within the fair value hierarchy, represent the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,004,067	\$ -	\$ -	\$ 32,004,067
Self-directed brokerage account	<u>52,476,063</u>	<u>-</u>	<u>-</u>	<u>52,476,063</u>
Investments at fair value	<u>\$ 84,480,130</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 84,480,130</u>

Assets at Fair Value as of December 31, 2014 (As Adjusted)				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 29,805,601	\$ -	\$ -	\$ 29,805,601
Self-directed brokerage account	<u>50,402,909</u>	<u>-</u>	<u>-</u>	<u>50,402,909</u>
Investments at fair value	<u>\$ 80,208,510</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 80,208,510</u>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The life insurance policies held by the Plan are excluded from the fair value hierarchy as they are valued at the respective policies' cash surrender values.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following information as of December 31, 2015 and 2014 and for the year ended December 31, 2015 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	2015	2014
Investments at fair value	<u>\$ 84,480,130</u>	<u>\$ 80,208,510</u>
Notes receivable from participants	<u>\$ 747,273</u>	<u>\$ 714,477</u>
Net depreciation in fair value of investments	<u>\$ (2,953,813)</u>	
Interest and dividends	<u>\$ 2,231,666</u>	
Interest income on notes receivable from participants	<u>\$ 29,575</u>	

5. Exempt Party-In-Interest Transactions

The Plan engages West Financial Services (West) as an investment advisor. The amount paid to West was \$59,686 for the year ended December 31, 2015. Charles Schwab Bank serves as the trustee to the Plan. Expenses related to individual participant investment accounts are charged to the respective participants, in addition to their share of any other expenses that are properly chargeable to the Plan. The amount paid to Charles Schwab Bank was \$37,422 for the year ended December 31, 2015.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Internal Revenue Service (the “IRS”) has determined and informed the Company by letter dated January 23, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (the “IRC”). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.
