Saks Incorporated 401(k) Retirement Plan

Notes to Financial Statements

As of December 31, 2015 and 2014, and for the Year Ended December 31, 2015

1. Description of the Plan

The following description of the Saks Incorporated 401(k) Retirement Plan (the "Plan") provides only general information regarding the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to substantially all employees of Saks Incorporated and its subsidiaries (the "Company"), who are at least 21 years of age and have completed the minimum service hour requirement as provided for in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administrator and Trustee

The Plan is sponsored and administered by Saks Incorporated. Wells Fargo Bank, N.A. ("Wells Fargo") serves as the Plan's recordkeeper and trustee.

Acquisition of Saks Incorporated

On November 4, 2013, the Company was acquired by Hudson's Bay Company (the "Acquisition"). The Company continued to be the Plan's sponsor. Upon acquisition, the Saks Incorporated Employer Stock Fund was liquidated and removed as an investment fund option under the Plan. All units of the Saks Incorporated Employer Stock Fund held in each participant's account were liquidated and the proceeds were invested in the Plan's default investment fund. There have been no other changes to the Plan's design or operation as a result of the acquisition.

Contributions

The Plan allows for employer contributions, participant contributions, and rollover contributions. The Company may contribute a discretionary amount of cash to the Plan as approved by a committee of the Board of Directors of the Company. The Company makes contributions matching a portion of participants' contributions up to 5% of eligible compensation that participants elect to defer each pay period. Catch-up contributions are not eligible for the employer matching contribution. The Company's matching contributions are discretionary and the matching contribution rate can vary. The Company matching contribution rate was 45% for the plan years ended December 31, 2015 and 2014.

Each year, participants may elect to make contributions to the Plan, via regular payroll deductions, up to 90% of their eligible pre-tax compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations (\$18,000 for 2015). The Plan places additional limitations on the amounts that highly-compensated participants, as defined by the Internal Revenue Code (the "Code"), may contribute. Participants who are age 50 or older before the end of the plan year are eligible to make catch-up contributions, subject to certain IRS limitations (\$6,000 in 2015). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions) provided such rollover contributions meet the requirements of the Plan.

Participants may direct the investment of their contributions, as well as the Company's discretionary matching contributions, into various investment options offered by the Plan. As of December 31, 2015, the Plan offered twelve investment options, comprising eleven mutual funds and one collective investment trust fund. In addition, the Plan offers six target retirement portfolios which consist of a mix of the Plan's mutual funds based on an expected retirement date.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, and an allocation of the Plan's investment earnings or losses. Participant accounts are also charged for withdrawals and an allocation of the Plan's administrative expenses. The method of allocating administrative expenses to participants is on a "per capita" basis, such that each participant pays an equal portion of the administrative expenses. Effective July 1, 2012, income earned by the Plan from revenue sharing arrangements with Wells Fargo for certain mutual funds is allocated to participants' accounts if the participant invests in those particular mutual funds with which the Plan has a revenue sharing arrangement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are, at all times, fully vested in all participant contributions, including catch-up and rollover contributions, plus actual earnings thereon. Plan participants vest in the Company's discretionary matching contributions in addition to actual earnings thereon, based on years of credited service in accordance with the following vesting schedule:

Years of Service	Vested Percentage
Fewer than 3	0 %
3 or more	100 %

In addition, the vested percentage is 100% for a participant on and after attainment of normal retirement age, death, or disability, as defined by the Plan.

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 and up to a maximum of the lesser of \$50,000 or 50% of the vested value of his or her account, less the highest outstanding loan balance during the 12 months before the loan is issued. The maximum term for a loan is 60 months (except for loans taken for the purpose of the purchase of a primary residence, where the term can be extended up to 180 months). Loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with the prime interest rate plus 1%, as established by the Plan trustee at the time of the loan. A participant may have up to two outstanding loans at any point in time. These loans are reported as notes receivable from participants on the Statements of Net Assets Available for Benefits. As of December 31, 2015 and 2014, interest rates on outstanding loans ranged from 4.25% to 9.50%.

Forfeitures

Forfeitures occur when non-vested participants terminate their employment and receive distributions of the vested value of their participant accounts or when non-vested participants terminate their employment and incur five consecutive breaks in service, as defined in the Plan. Forfeitures may be used to reinstate previously forfeited amounts and to reduce future Company discretionary matching contributions. During 2015, \$294,594 of forfeitures were used to reduce Company discretionary matching contributions. As of December 31, 2015 and 2014, the Plan had \$68,373 and \$53,939 of unallocated forfeitures included in net assets available for benefits, respectively.

Payment of Benefits

Vested Plan benefits can be distributed upon retirement, death, disability, or termination of service. Participants may elect to receive a single lump sum distribution equal to the vested balance of their account, a combination of several partial lump sum distributions equal to the vested balance of their account, or periodic installments over a period not to exceed their life expectancy (or the joint life expectancy of the participant and his/her beneficiary).

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, participants become fully vested in all individual account balances.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting and have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Recent Accounting Pronouncements

On May 1, 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07") which removes the requirement to present certain investments for which the practical expedient is used to measure fair value at net asset value within the fair value hierarchy table. Instead, a Plan would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan has adopted ASU 2015-07 as of December 31, 2015, and has applied ASU 2015-07 retrospectively, as required. The Plan presents the investment disclosure required by this new guidance in Note 4, Fair Value Measurements. There are no effects on the statements of net assets available for plan benefits or the changes therein.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has adopted ASU 2015-12 as of December 31, 2015, and has applied the provisions of ASU 2015-12 retrospectively, as required. Parts I and II are reflected in the statements of assets available for benefits and in the notes to the financial statements. The adoption resulted in the reclassification of the adjustment from fair value to contract value for fully benefit-responsive investment contracts totaling \$1.4 million, in the statements of net assets available for benefits for fiscal year 2014. Certain disclosures that are no longer required were removed.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive contracts or synthetic GICs, which are reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion on Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

The net appreciation in fair value of investments presented on the Statement of Changes in Net Assets Available for Benefits consists of the realized gains (or losses) and the unrealized appreciation (depreciation) on those investments.

Saks Incorporated 401(k) Retirement Plan

Notes to Financial Statements

As of December 31, 2015 and 2014, and for the Year Ended December 31, 2015

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments, the participant loan will be deemed to be in default. Upon the occurrence of a distributable event, such as termination, death, or disability, the participant loan balance is reduced and a benefit payment is recorded (i.e., deemed distribution). For active participants who have not incurred a distributable event, but have delinquent loans, the participant loan remains outstanding until a distributable event occurs.

Administrative Expenses

During the year ended December 31, 2015, the Plan incurred administrative expenses of \$1,033,310. Most expenses are paid by participants, whose accounts are charged on a "per capita" basis, such that each participant pays an equal portion of the administrative expenses. Certain plan expenses are paid by the Company on behalf of the Plan.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions and deductions during the reporting periods. Actual results could differ from those estimates.

Subsequent Events

Plan management has evaluated subsequent events for potential disclosure in or adjustment to the financial statements through October 12, 2016, the date the accompanying financial statements were issued. Based on such evaluation, no events have occurred that in the opinion of Plan management warrant disclosure or adjustment to the financial statements.

4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation techniques used as of December 31, 2015 and 2014. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund—Composed primarily of fully benefit-responsive investment contracts and is reported at fair value using net asset value (NAV) as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 *Financial Services—Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets which include the fully benefit investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Notes to Financial Statements

As of December 31, 2015 and 2014, and for the Year Ended December 31, 2015

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2015 and 2014.

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2015 Total
Registered investment companies	\$ 394,018,505	\$ -	\$ -	\$ 394,018,505
Total	<u>\$ 394,018,505</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 394,018,505</u>

Total investments				<u>\$ 489,866,247</u>

Investments measured at NAV				<u>98,047,243</u>
Total investments				<u>\$ 506,107,008</u>

Transfers Between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2015 and 2014, there were no transfers between levels.

5. Fully Benefit-Responsive Investment Contracts

The Plan invests in a collective investment trust fund ("Fund") that holds fully benefit-responsive investment contracts. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant net asset value (NAV). Income earned on assets in the Fund is reinvested and included in the Fund's daily NAV. The Fund seeks to provide investors with a moderate level of stable income without principal volatility; although there is no guarantee that the Fund will achieve its objective.

Permitted participant-initiated withdrawals and transfers from the collective investment trust fund are allowed at any time without penalty, regardless of their frequency or amount. Any Plan sponsor or Plan fiduciary-initiated withdrawal from the collective investment trust fund would require written notice of the Plan's intent to withdraw assets one year in advance. At the discretion of the trustee, the notification period identified for withdrawals may be waived. Were the

Saks Incorporated 401(k) Retirement Plan

Plan to initiate a full redemption of the collective investment trust fund, the trustee may reserve the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner. The Plan administrator believes that the occurrence of any events that would limit the Plan's ability to transact at contract value with participants is not probable. There were no unfunded commitments as of December 31, 2015.

6. Risks and Uncertainties

The Plan invests in various investment securities. Generally, all investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment instruments and the level of uncertainty related to changes in the value of these instruments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Participants are also exposed to potential loss in the event of non-performance by the trustee or any of the entities in which the Plan invests.

7. Federal Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated January 9, 2014, that the Plan and related trust, as then designed, were in compliance with the applicable sections of the Internal Revenue Code ("Code") and is qualified as tax-exempt. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. Exempt Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan (i.e., parties-in-interest), including the Company. As the Plan sponsor, the Company is considered a party-in-interest with respect to the Plan. The Plan issues loans to participants who are employees of the Company and, prior to November 2013, the Plan invested in common stock of the Company, both of which qualify as exempt party-in-interest transactions. As of December 31, 2015, the Plan held no units of the Saks Incorporated Employer Stock Fund, as the fund was liquidated upon the Acquisition.

Wells Fargo is the Plan's trustee and is considered a party-in-interest with respect to the Plan. During the plan year, the Plan held investments in the Wells Fargo Stable Return Fund N, which is managed by Wells Fargo. Transactions in this fund qualify as exempt party-in-interest transactions. During 2015, fees paid by the Plan to Wells Fargo and their affiliates amounted to \$862,998. Amounts due from Wells Fargo for the year ended December 31, 2015 and 2014 totaled \$93,789 and \$95,984, respectively. Included in Accrued administrative expenses are amounts due to Wells Fargo as of December 31, 2015 and 2014 which totaled \$56,447 and \$54,649, respectively.

9. Nonexempt Party-in-Interest Transactions

The Company remitted participant contributions of \$1,627 to the trustee later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company filed Form 5330 with the IRS and paid the required excise tax on the transaction. In addition, the participant's account was credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.
