SHOP N SAVE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Shop N Save 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan began on January 1, 2015 (date of inception) and is a defined contribution plan covering all full-time employees of Kildeer Advisors, Inc. d/b/a Shop N Save Supermarket (the Company) who have met eligibility requirements of the Plan (as defined). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of gross wages, up to limits as defined by the Plan and other limits according to the Internal Revenue Service (IRS). In addition, employees who have attained age 50 by the end of the Plan year may make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make a discretionary matching contribution to the Plan equal to a percentage of each participants' elective deferral contribution. All employer discretionary contribution are invested as directed by each participant within allowable investments options. There were no employer discretionary contribution for the year ended December 31, 2015.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) Plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in all of their salary deferral contributions plus actual earnings or losses thereon. Vesting in the Company's matching and discretionary contributions portion of their account plus earnings or losses thereon is based on years of continuous service. A participant is 100% vested after five years of credited service. Regardless of years of service, participants are 100% vested upon reaching normal retirement age (65), becoming disabled, or upon death.

Forfeitures

Forfeitures are used to reduce employer matching contributions and/or used to pay Plan administrative expenses. Forfeitures are allocated to participants' accounts in the same manner as employer's matching contributions. There were no unallocated forfeitures included in the net assets available for plan benefits at December 31, 2015.

Note 1 – Description of Plan, Continued

Payment of benefits

On termination of service for any reason, the participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum payment, subject to 20% withholding for income taxes, or as a direct rollover to an individual retirement account or another employer's tax qualified plan. On termination of service due to death, the participant's account will be paid to the participant's beneficiary in a single lump-sum payment. In the event that the participant's vested accrued benefit is less than $1,000, the Plan administrator may make a single lump-sum payment without the election or request of the participant. Participants may elect to take an in-service distribution of vested funds if they meet any of the following requirements, if they incur proven financial hardship, upon becoming disabled under the terms of the Plan, or upon attainment of the Plan's normal retirement age.

Participant notes receivable

Participants may borrow from their accounts between $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is used to acquire the principal residence of the participant. Loans are secured by the balance in a participant's account and bear interest at rates commensurate with local prevailing rates at the date of the loan, as determined by the Plan administrator. Participant loan repayments are deducted from the participant's pay and remitted to the Plan Custodian.

Plan administration

The Company is the plan sponsor and plan administrator of the Plan, and as such, controls and manages the operation and administration of the Plan. The Plan's assets are maintained by Transamerica Financial Life Insurance Company (the Plan Custodian). Company contributions are held and managed by the Plan Custodian, who invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the Company and the participants).

Note 2 – Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investment and unrealized appreciation or depreciation is recognized at period-end when carrying values of the related investments are adjusted to their fair values. Purchases and sales of investments are recorded on a trade-date basis. Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition, continued

The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Participant notes receivable are valued at their outstanding balances, which approximate fair value, and bear interest at rates ranging from 4.25% - 5.25% as of December 31, 2015.

In accordance with the policy of stating investments at fair value, the Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Administrative expenses

Administrative expenses for the year ended December 31, 2015 totaled $3,122. Certain other administrative expenses of the Plan are paid by the Company.

Management estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Concentration of credit risk

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's investments. Management believes that the Plan Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits

The Plan records benefit payments to withdrawing participants when paid.

Note 2 – Summary of Significant Accounting Policies, Continued

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2015, that it would be unable to substantiate.

Unit values

Individual participant accounts for the pooled separated accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the accounts, but do have an interest therein represented by units valued daily. The accounts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each account are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

New accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement* (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient and amends certain disclosure requirements for such investments. The ASU is effective for fiscal years beginning after December 15, 2016, and must be applied retrospectively to all periods presented in the financial statements for the fiscal year of adoption. Early adoption is permitted. The Plan has adopted the provisions of ASU 2015-07.

In July 2015, the FASB issued ASU 2015-12, a three-part standard that provides guidance on certain aspects of the accounting by employee benefit plans. The ASU requires an employee benefit plan to use contract value as the only measurement amount for fully benefit-responsive investment contracts, and simplifies and increases the effectiveness of plan investment disclosure requirements for employee benefit plans. The guidance is effective for fiscal years beginning after December 15, 2015, and must be applied retrospectively to all periods presented in the financial statements for the fiscal year of adoption, with early adoption permitted. The Plan has adopted the provisions of ASU 2015-12.

Note 3 – Investment Information Prepared and Certified by the Plan Custodian

The following investment information was obtained from data prepared and certified to as complete and accurate by the Plan Custodian as of December 31, 2015:

Pooled separate accounts	$ 227,391

Note 4 – Fair Value Measurements and Disclosures

FASB ASC 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Pooled separate accounts are valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Note 5 – Party-In-Interest Transactions

The Plan's investments are maintained by Transamerica Financial Life Insurance Company which also serves as the Plan Custodian. Therefore, transactions in these investments qualify as party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 – Tax Status

On December 15, 2009, the Internal Revenue Service stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2015 through October 11, 2016, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
