1. PLAN DESCRIPTION

The following is a brief description of the Bonadio & Co., LLP 401(k) & Profit Sharing Plan (the Plan) provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code covering substantially all employees age 20 ½ or older of Bonadio & Co., LLP (the Company) and certain other related entities. The Plan was amended on July 1, 2016 to also require 2 months of service in order to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is funded by employee and employer contributions. Investment management fees and a portion of administrative expenses are paid by the Plan. The Company is the administrator of the Plan. For the period January 1, 2014 through May 5, 2015, the assets of the Plan were maintained in investment funds held by MG Trust Company, LLC and for the period May 6, 2015 through December 31, 2015, the assets of the Plan were maintained in investment funds held by Reliance Trust Company (collectively the Custodians). During 2015, the Plan was amended to include an automatic deferral provision to new participants.

Contributions

Participants may authorize a pre-tax elective deferral contribution of their annual compensation, subject to certain limitations imposed by the Internal Revenue Code (IRC). Effective during 2015, Roth elective deferrals are also permitted under the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company can elect to make matching and non-elective contributions to the Plan on a discretionary basis. The Company made contributions of $1,755,321 and $1,000,780 during the years ended December 31, 2015 and 2014, respectively. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

Participant Accounts

Each participant's account is credited with his or her contributions, the Company's contributions and actual earnings thereon. Each participant's account is reduced by the actual amount of benefits paid on his or her behalf, investment losses and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions and earnings thereon at all times. Participants are 20% vested in employer matching contributions after two years of service, as defined, with a 20% annual increase in each of the next four years.

Notes Receivable From Participants

Participants may generally borrow up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, but may exceed five years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate (on the date of the loan) plus 1% per annum. Principal and interest are paid ratably through payroll deductions.

1. PLAN DESCRIPTION (Continued)

Withdrawals and Distributions
Unless a participant elects otherwise, distributions are made as soon as practical after the participant's normal retirement date or actual retirement date occurs. The normal retirement date is the date upon which the participant reaches age 65.

Participants may also receive hardship distributions under certain circumstances, as defined in the Plan Document.

Participants may receive their accumulated vested benefits held by the Plan's custodian upon termination of employment or elect to keep their vested balance in excess of $5,000 in the Plan. If the participant elects to keep his or her vested interest in the Plan, the participant's account will continue to receive its share of earnings and losses.

Forfeited Accounts
Forfeitures of non-vested account balances are used to pay Plan administrative expenses or to reduce the Company's contributions in the current or succeeding Plan years. There were $100,225 and $36,001 of forfeitures during the years ended December 31, 2015 and 2014, respectively, which were used to reduce the Company's contributions to the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statement sin accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. Actual results may differ from those estimates.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes both realized and unrealized gains and losses incurred during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefit Payments
Benefits are recorded when paid.

Risks and Uncertainties
The Plan invests in multiple investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ASU 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Management is currently evaluating the effect of this pronouncement.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III of the ASU are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Part II is to be applied retrospectively. Management has elected to adopt Part II early and, accordingly, the presentation of the financial statements and notes herein have been changed to reflect such adoption.

3. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

3. FAIR VALUE MEASUREMENTS (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015 and 2014.

- *Mutual funds* – Valued at the net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.
- *Exchange traded funds* – Valued at the closing price/last trade/bid reported on the active market on which the funds are traded, or net asset value (NAV), which is the value at which these funds can be bought or sold at the end of each trading day. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value.
- *Collective investment trust fund* – Valued at unit price as determined by custodian at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total

Collective investment trust fund	-	2,003,992	-	2,003,992
Total investments	$52,600,323	$ 2,003,992	$ -	$54,604,315

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$36,394,694	$ -	$ -	$36,394,694
Exchange traded fund	556,298	-	-	556,298
Total investments	$36,950,992	$ -	$ -	$36,950,992

The following tables summarize investments measured at fair value based on net asset value (NAV) per share as of December 31, 2015. There were no investments measured at fair value based on net asset value (NAV) as of December 31, 2014.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust (a)	$2,003,992	n/a	Daily	None
TOTAL	$2,003,992			

(a) The Commingled Pension Trust Fund (Stable Asset Income) of JPMorgan Chase Bank, N.A. (the "Fund") is a collective investment trust fund established, operated and maintained by JPMorgan Chase Bank, N.A. ("JPMCB" or the "Trustee") under a declaration of trust. The Fund invests in a highly diversified fixed income strategy by investing in other collective trust funds, separate accounts and fixed income securities. The Fund also enters into investment contracts to provide benefit-responsive wraps ("Wrap Contracts"). Contract value is the relevant measurement attribute for that portion of the net assets of a fund attributable to fully benefit-responsive Wrap Contracts. The contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of their employer sponsored defined-contribution plans which invest in the Fund. The fair value of Wrap Contracts generally is reflected by market value at the close of business on the valuation date. Contract value represents contributions made under the Wrap Contract less any participant-directed withdrawals plus accrued interest. The valuation of all other investments within the Fund is in accordance with GAAP and the Fund's valuation policies set forth by and under the supervision and responsibility of the J.P. Morgan Investment Management Americas Bank Governance Board ("IMA Bank Board"), which established the following approach to valuation: (i) investments for which market quotations are readily available shall be valued at such unadjusted quoted prices and (ii) all other investments for which market quotations are not readily available shall be valued at their fair value as determined in good faith by the IMA Bank Board.

4. PARTY-IN-INTEREST TRANSACTIONS

MG Trust Company, LLC was the custodian of the Plan's assets and Benefits Consulting Group was the third party administrator for the Plan during the period January 1, 2015 through May 5, 2015, and for the year ended December 31, 2014. Reliance Trust Company was the custodian of the Plan's assets and JP Morgan Asset Management was the third party administrator for the Plan during the period May 6, 2015 through December 31, 2015. Consequently transactions between the Plan and these entities qualify as party-in-interest transactions.

Notes receivable from participants of $599,306 and $488,725 as of December 31, 2015 and 2014, respectively, with interest rates ranging from 4.25% to 8.25% qualify as party-in-interest.

5. INCOME TAX STATUS

The Internal Revenue Service (IRS) issued a determination letter on March 31, 2014, which stated that the Plan and its related trust, as then designed were in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the determination letter, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is being currently operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. There are currently no audits for any tax periods in progress.

6. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2015 and 2014, as well as investment income and investment transactions for the years then ended, has been derived from information provided by the Plan's custodians, and has been certified by them as complete and accurate.

7. PLAN CORRECTIONS

During December 2014, the Plan Administrator discovered that certain temporary employees, seasonal employees, and interns were improperly excluded from the Plan for the years 2010 through 2014. The Company corrected this issue by providing a $21,281 corrective contribution to the Plan on December 29, 2014 for the calculated deferrals and related lost earnings. This amount was allocated to the impacted employees.

Additionally, during January 2015, Plan Administrator discovered that, in certain instances, the determination of compensation was not in accordance with the plan document during the 2004 through 2013 years. This resulted in excess contributions being made by certain participants. The Company corrected this issue in April 2015 by deducting $250,488, representing the excess contributions and related earnings, from affected participants, and by making a $17,077 corrective contribution to the Plan. $250,488 was held in a suspense account and used to reduce the Company's contributions for the year ended December 31, 2014.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100 percent vested in their accounts.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2014
Net assets available for benefits per the financial statements	$ 38,560,346
Participant contributions receivable, end of year	(114,945)

Participant contributions receivable, beginning of year	114,945	97,967
Participant contributions per Form 5500	$ 3,584,981	$ 2,613,233

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2016, which is the date the financial statements were available to be issued.

11. DELINQUENT PLAN CONTRIBUTIONS

During 2015, the Plan sponsor inadvertently failed to deposit $661,197 of participant deferrals (and loan repayments) within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan sponsor intends to reimburse the Plan for lost interest in the amount of $1,170. The Plan sponsor intends to file Form 5330 and intends to pay the applicable excise tax in 2016. The excise tax payments will be made from the Plan sponsor's assets and not from assets of the Plan.

12. PLAN MERGERS

During 2015, the Plan sponsor acquired two companies and the Plans of these companies were merged into Bonadio's Plan. The Transfer from Another Qualified Plan line on the financial statements, in the amount of $16,362,094, accounts for these transactions.
