INDEPENDENT AUDITOR'S REPORT

October 12, 2016

To the Participants and Plan Administrator of
the Power & Construction Group, Inc. 401(k) Profit Sharing Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Power & Construction Group, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company of New York, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule
The supplemental schedule of assets (held at end of year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2014 Financial Statements
The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock Life Insurance Company of New York, the custodian of the Plan. Their report, dated October 14, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2015
The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. PLAN DESCRIPTION

The following description of the Power & Construction Group, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Power & Construction Group, Inc. (P&CG) and KBH Environmental, LLC (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

P&CG is the administrator of the Plan. John Hancock Life Insurance Company of New York (John Hancock) serves as the custodian to the Plan. Northeast Benefits Services, Inc. (Northeast) is the Plan's third-party administrator and provides record-keeping services for the Plan.

Effective January 1, 2015, the Plan was amended and restated to bring the Plan in compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes. In addition, the Plan added an automatic enrollment provision.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the attainment of 21 years of age and completion of one year of service (1,000 hours, as defined in the Plan document), who are not party to a collective bargaining agreement and who are not non-resident aliens. Contributions begin on the first day of the quarter following completion of each of these eligibility requirements. Eligibility for any of the Company's discretionary matching contributions requires the participant to be employed on the last day of the Plan year.

Contributions

Participants may make voluntary tax-deferred contributions in the form of salary reductions, subject to certain limitations of the Plan and the Internal Revenue Code (IRC). The Company makes discretionary matching contributions on behalf of the Plan's participants. The Company elected to match 25% of employee contributions up to the first 4% of their eligible compensation for the Plan years ended December 31, 2015 and 2014. The Company made discretionary contributions of $59,725 and $39,770 during the years ended December 31, 2015 and 2014, respectively. Participants may direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Beginning in 2015, the Plan also includes an automatic enrollment provision. Newly eligible employees who have otherwise not affirmatively opted out of enrolling in the Plan are automatically enrolled. Employees enrolled as a result of this provision defer 3% of their compensation to the Plan.

1. PLAN DESCRIPTION (Continued)

Participant Accounts
Participants direct the investment of their contributions and the Company's discretionary matching contributions into the various investment options offered by the Plan. Participant accounts are credited participant contributions, the Company's discretionary matching contributions, and actual earnings and losses thereon. Plan expenses are allocated based on participant account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in all employee contributions and actual earnings and losses thereon. Participants become 20% vested in the Company's contributions after two years of service and vest ratably over the ensuing four years, becoming 100% vested in such contributions after six years of service.

Benefit Payments
The Plan provides for benefit payments upon termination of service due to death, disability or attainment of retirement age. Participants may elect disbursement of their vested account balance in either a lump-sum amount, in installments, or direct rollover into an individual retirement account or another qualified plan. The normal retirement age is the date a participant reaches the age of 65. Actively-employed participants that have reached the age of 60 may elect to receive in-service distributions. The Plan requires in-service distributions to actively-employed participants that have reached the age of 70 ½.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $1,000 and the participant does not direct the Plan otherwise.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from a participant's account under certain circumstances. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless they are used to purchase a primary residence, in which case repayment may be made over a reasonable period of time that may exceed five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2% per annum. Principal and interest are paid ratably through payroll deductions.

Administration Expenses
The Plan pays certain administrative expenses associated with the administration of the Plan. Certain administrative expenses are paid by the Company.

Forfeitures
Forfeitures of non-vested account balances are used to reduce the Company's matching contributions or pay Plan expenses. There were no material forfeitures during the years ended December 31, 2015 and 2014. Forfeited non-vested accounts totaled $397 and $431 at December 31, 2015 and 2014, respectively. The Company did not apply any forfeitures toward Company matching contributions or Plan expenses during 2015 and 2014.

1. PLAN DESCRIPTION (Continued)

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participant accounts would become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investments and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Change in Accounting Principle

In July 2015, the FASB issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully-benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015 with early adoption permitted. Management has elected to adopt Parts I and II early, with retrospective application to all periods presented.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected to adopt ASU 2015-07 early, with retrospective application to all periods presented.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements – Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value. Financial Accounting Standards Board Accounting Standards Codification 820 (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

Cash
The Plan maintains its cash in bank demand deposit accounts. At times, the amounts in the bank demand deposit accounts may exceed federally insured limits. The Plan has not experienced any losses in these accounts and believes it is not exposed to any significant credit risk with respect to cash.

Benefit Payments
Benefit payments are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Reclassifications
Certain reclassifications have been made to the financial statements for the year ended December 31, 2014. These reclassifications are for comparative purposes only and have no effect on net assets available for benefits or changes in net assets available for benefits as originally reported.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by the custodian of the Plan's assets as of and for the years ended December 31:

Schedule of assets (held at end of year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31:

2015	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	$ -	$ 40,751	$ -	$ 40,751
Investments, at net asset value				3,198,756
Total investments				$ 3,239,507

2014	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	$ -	$ -	$ 49,552	$ 49,552
Investments, at net asset value				2,792,506
Total investments				$ 2,842,058

During 2015, the entity adopted the Accounting Standards Update (ASU) 2015-07, which removed the requirements to categorize NAV investments within the fair value hierarchy.

During 2015, the Plan reclassified the guaranteed interest accounts previously held in level 3 to level 2 due to a change in management's assessment and clarification of the inputs being more consistent with the level 2 inputs rather than level 3. There was, however, no change in the actual inputs utilized to value the guaranteed interest accounts. The Plan's policy is to recognize reclassifications as of the end of the year in which the change arose.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table is a summary of changes in the fair value of the level 3 assets for the years ended December 31:

Balance at December 31, 2013	$	42,382
Realized gains		65
Purchases		7,105
Balance at December 31, 2014	$	49,552
Reclassification to Level 2		(49,552)
Balance at December 31, 2015	$	-

Level 3 Inputs:

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the ASC 820 fair value hierarchy at December 31, 2014:

Instrument	Fair Value December 31, 2014	Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed interest accounts	$ 49,552	Market comparable approach - contract value	Compound interest rate	0.11 –0.55%

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: valued at net asset value, which is derived from the market value of the underlying investments. The net asset value of the funds are calculated and posted daily by the custodian.

The Plan's investments in pooled separate accounts are invested in global and domestic equity and fixed income based investments. The net asset value of these investments is derived from the market value of the underlying investments. The net asset value of the funds are then calculated and reported by John Hancock each day.

Guaranteed Interest Accounts: valued at fair value, which approximates contract value, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurements at the reporting date.

5. INCOME TAX STATUS

The Plan uses a prototype plan document developed by Northeast. Northeast received an opinion letter from the Internal Revenue Service (IRS) dated December 6, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

John Hancock is the custodian of the Plan assets. As such, transactions involving John Hancock and the Plan qualify as party-in-interest transactions. Additionally, transactions involving notes receivable from participants qualify as party-in-interest transactions.

7. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31:

	2015	2014

Employer contributions receivable in the prior year, paid in the current year	39,770	30,909
Change in net assets available for benefits per Form 5500	$ 474,447	$ 446,095

8. PLAN CORRECTIONS

During October 2015, the Plan Administrator discovered that in certain instances the determination of compensation was not in accordance with the Plan document during the 2010 through 2014 years. This resulted in incorrect contributions being made by certain participants. As of the date of these financial statements, the Company was in the process of correcting this deficiency though the Department of Labor's Voluntary Correction Program and will provide a corrective contribution to the Plan's affected participants for the calculated amounts and lost earnings. The Plan Administrator has calculated the corrective adjustment, including lost earnings, to be $42,717 as of December 31, 2015. The Plan Administration calculated the corrective adjustment, irrespective of lost earnings to be $14,548 as of December 31, 2014. Accordingly, the amounts have been reflected as a component of the employer contributions receivable in the accompanying statements of net assets available for benefits at both December 31, 2015 and 2014.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2016, which is the date the financial statements were available to be issued.
