TRANSPRO RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 1: DESCRIPTION OF PLAN

The following description of the Transpro ("Company") Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers all employees of Transpro, Inc. or any affiliate who have adopted the Plan, who have attained twenty one years of age and are employed for a 6 consecutive month period. The entry date will be the first day of the Plan Year quarter coinciding with or next following the date the employee satisfies the eligibility requirements. The Plan was adopted effective January 1, 2015. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan, subject to certain statutory limitations. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a matching contribution during the plan year to participants contributing to the plan, in an amount and allocation formula as determined by the Company. Additional profit sharing amounts may be contributed to eligible participants, as defined in the plan, in an amount allocated in the ratio that each participant's compensation bears to the compensation of all eligible participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

On termination of service due to reasons other than death, payment will be made in one lump sum payment equal to the value of the participant's vested interest in his or her account as soon as administratively feasible, as defined by the Plan. For termination of service due to death, distribution of the entire vested interest in the participant's account must be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death.

Forfeited Accounts

As of December 31, 2015 there were no forfeited nonvested accounts. These accounts will be used to reduce future employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. The Plan Administrator determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair values of the investments in Mutual Funds are based on the closing price reported in the active market where the individual securities are traded, when available.

Level 2 Fair Value Measurements

The fair value of the investment in Unallocated Contracts is based on original cost plus accrued interest.

NOTE 4: INVESTMENTS

The Plan's investments are held in regulated financial institutions. The following presents investments at December 31, 2015 that represent 5% or more of the Plan's net assets.

Mutual Funds:

	2015
STADION MANAGED GROWTH	254,758
STADION MANAGED MODERATE SATM	83,881
STADION MGD CAP PRES SAT	24,445
STADION MGD CONSERVATIVE SATC	37,066
STADION MGD GROWTH SATT	31,103

During 2015, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) held in Mutual Funds depreciated in value $10,715.

NOTE 5: PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 6: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 31, 2016 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified.

NOTE 7: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 to Form 5500:

	2015
Net Assets Available for Benefits (per financial statements)	$534,700
Amounts allocated to withdrawing participants	(0)
Net Assets Available for Benefits (per Schedule H, Form 5500)	$534,700

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2015, to Form 5500:

Benefits paid to participants (per the financial statements)	$62,041
Add: Amounts allocated to withdrawing participants at December 31, 2015	0
Less: Amounts allocated to withdrawing participants at December 31, 2014	0
Benefits paid to participants (per Form 5500)	$62,041

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant' account balances and the amounts reported in the statement of net assets available for benefits.
