# 401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

## NOTES TO FINANCIAL STATEMENTS

### 1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *401(k) Retirement and Savings Plan for the Associates of Atlas Industries, Inc.* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### Description of the Plan

##### *General*

The Plan was adopted by *Atlas Industries, Inc.* (the "Company") effective January 1, 1992, and is a defined contribution plan established under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan covers all employees of the Company who have completed one year of service and are not represented by a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

##### *Contributions*

Participants may contribute up to 100 percent of their annual compensation, as defined in the Plan agreement on a pre-tax basis or, through a Roth contribution, on a post-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are allowed to make rollover contributions from other qualified retirement plans. The Plan agreement includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of pre-tax compensation and their contributions invested in the Principal LifeTime Pooled Separate Account lifecycle retirement fund which corresponds most closely with their normal retirement date. Prior to January 1, 2015, automatically enrolled participants had their deferral rate set at 3% of pre-tax compensation. Active participants as of January 1, 2015 that were deferring less than 6% were automatically increased to 6% unless otherwise elected. All automatically enrolled participants after January 1, 2015, and all active participants increased to 6% will be automatically increased each January by 1%, up to a maximum of 10%, unless otherwise elected.

The Plan provides for discretionary employer matching contributions equal to an approved percentage of the participants' deferral contributions up to 7% of each participant's compensation. The Company, at its discretion, may make profit sharing contributions. Employees are eligible for Company contributions if they are actively employed at December 31, or retired, became disabled, or died during the Plan year. In 2015, the company contributed 44.3% of each participant's contributions, up to a maximum of 6% of their eligible compensation, as a discretionary matching contribution. No such matching or profit sharing contributions were made in 2014. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts, a stable value common collective trust and a guaranteed interest insurance company investment contract as investment options for participants, under a group annuity contract offered by Principal Life Insurance Company ("Principal"), the custodian of the Plan's assets. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

# 401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

## NOTES TO FINANCIAL STATEMENTS

### *Participant Accounts*

Each participant's account is credited with the participant's contributions, the Company's matching contributions (when made), and allocations of profit sharing contributions (when made) based on eligible compensation and net earnings based on the performance of the investment options selected by the participant and is charged with an allocation of administrative expenses. Allocations are based on account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Vesting*

Participants are immediately vested in their 401(k) voluntary contributions and rollover accounts plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing contributions is based on years of continuous service. A participant becomes 100 percent vested upon death, disability, completion of three years of credited service, or upon reaching early retirement age (55 years of age) as an active participant.

### *Notes Receivable from Participants*

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of the lesser of (1) \$50,000 reduced by the highest outstanding balance of the participant's notes receivable from the Plan during the one-year period ending the day before such loan is made, or (2) 50% of the participant's vested balances under the Plan reduced by any outstanding balance of the participant's notes receivable. The terms of the notes may not exceed five years unless they are used to acquire the participant's principal residence. All notes receivable bear interest at a rate commensurate with local prevailing rates, currently 5.25 to 5.50%, and principal and interest are paid ratably through payroll deductions. Participants can be approved for up to five loans in any 12-month period, but may only have up to three notes receivable outstanding at any time.

### *Payment of Benefits*

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annuity payments resulting from the purchase of an annuity contract, as defined by the Plan agreement. If a participant's vested balance is \$1,000 or less, payment will be made in a lump-sum without the participant's consent. If the balance is between \$1,000 and \$5,000 it will be rolled directly into an individual retirement account. Four in-service withdrawals of vested balances per 12-month period may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals from all vested accounts in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

# 401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

## NOTES TO FINANCIAL STATEMENTS

### *Forfeited Accounts*

Upon termination of employment, a participant's nonvested portion of Company contributions and related earnings or losses is forfeited immediately to the extent a distribution of vested benefits is made to the participant. All other forfeitures occur when a participant sustains a five-year break in service. If the participant resumes employment within five years following the date on which termination occurs, and repays to the Plan the full amount of any distribution, the participant's account will be restored to its balance on the date of distribution.

Forfeited nonvested accounts are used first to pay Plan expenses then to reduce future employer cash contributions. At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$2,512 and \$2,533, respectively. No forfeitures were used to pay Plan expenses or reduce employer cash contributions in 2015 or 2014.

### *Administrative Expenses*

The Plan's administrative expenses, including audit and legal fees and salaries related to the administration of the Plan, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to benefit payments.

### *Plan Trustees*

Jerald, Stephen, and Brandon Clark, shareholders and officers of the Company, are the Plan trustees.

## **Summary of Significant Accounting Policies**

### *Basis of Accounting*

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor or custodian. See Note 3 for discussion of fair value measurements.

# 401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

## NOTES TO FINANCIAL STATEMENTS

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Net appreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of such investments.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

### *Contributions*

Participant contributions are recorded when withheld from their compensation. Employer discretionary contributions are recorded in the period in which they become obligations of the Company.

### *Payment of Benefits*

Benefits are recorded when paid.

### *New Accounting Pronouncements*

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. This ASU removes the requirement to make certain disclosures as well as categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") as a practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management has elected to adopt the ASU for the year ended December 31, 2015. Other than the change to disclosures, the adoption of this standard did not have a material impact on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of

# 401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

## NOTES TO FINANCIAL STATEMENTS

disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Plan management has elected to adopt Part II early and, other than the change to disclosures, the early adoption of this standard did not have a material impact on the financial statements.

### *Subsequent Events*

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2015, the most recent statement of net assets available for benefits presented herein, through October 7, 2016, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

## 2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, as custodian, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, (2) the December 31, 2015, schedule of assets (held at end of year), (3) the changes in fair value of the Plan's Level 3 asset in Note 3, and (4) the related investment activity reflected in the statements of changes in net assets available for benefits during 2015 and 2014.

## NOTES TO FINANCIAL STATEMENTS

### 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in markets that are not active;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of each asset or liability is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. Other than the changes indicated in the New Accounting Pronouncements section of Note 1, there have been no changes in the methodologies used at December 31, 2015 and 2014.

*Pooled separate accounts:* These investments are valued using the NAV of units held by the Plan at year-end as provided by the insurance company and are not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the account net of investment management fees. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

## NOTES TO FINANCIAL STATEMENTS

*Stable value common collective trust:* A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust are classified as “other” and are not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12 month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

*Investment contract with insurance company:* This investment is reported at contract value which approximates estimated fair value as determined by Principal and is classified at Level 3. If the current market interest rate is equal to or less than the interest rate paid on the account, the fair value is equal to the contract value. If the current market interest rate is greater than the interest rate on the account, the fair value is the contract value reduced by a percentage which equals the difference between the current market interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date. The contract value represents contributions made under the contract, plus interest earned at contract rates, less benefit payments and funds used to pay investment expenses. The value is based on significant unobservable inputs.

The investment contract consists of investments in a guaranteed interest account, backed by the general account of Principal. No investments in Principal’s general account are attributable to a particular plan, nor do plans have any undivided ownership interest in these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value at December 31:

(1) Certain investments are measured at NAV per share (or its equivalent) on a market that is not active and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 asset for the years ended December 31:

In estimating fair value of the investments in Level 3, Plan management utilizes values provided by the custodian. In substantiating the reasonableness of the pricing data provided by the custodian, Plan management evaluates a variety of factors including review of methods and assumptions used by the custodian, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

## **NOTES TO FINANCIAL STATEMENTS**

### **4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan's investments are managed by Principal. Principal is the custodian of the Plan's assets and, therefore, the Plan's investment transactions qualify as party-in-interest. Fees paid by the Plan for custodial and record keeping services amounted to \$13,281 in 2015 and \$15,259 in 2014. Fees paid by the Plan for investment management services are included as a reduction of net appreciation in fair value of investments.

### **5. TAX STATUS**

The Company's Board of Directors adopted the Principal Financial Group Prototype for Savings Plans document. The Plan document has received an opinion letter from the IRS dated March 31, 2015, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the IRC and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

### **6. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. To the extent not used to pay expenses related to the termination of the Plan, any unallocated assets of the Plan would revert to the Company.

### **7. RISKS AND UNCERTAINTIES**

The Plan invests in pooled separate accounts and a stable value common collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. The investment contract with insurance company is an obligation of the insurance company to repay the principal and interest guaranteed to the Plan. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
