BILL CURRIE FORD, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF PLAN

The following description of the Bill Currie Ford, Inc. 401(k) Profit Sharing Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan became effective November 1, 1992 and is a defined contribution plan covering all full-time employees of the Company who have completed six months of service. The Plan was amended and restated January 1, 2001 and again January 1, 2002 to comply with various IRS requirements. Significant changes included "catch up" contributions for eligible employees age 50 and older, and the maximum amount which a participant may defer increased to 100% of compensation, limited to an amount determined annually by the Internal Revenue Service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

The Plan was amended and restated effective January 1, 2009 for compliance with the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) and other legislative and regulatory changes.

Contributions – The Employer contributes a discretionary matching contribution equal to a percentage of the amount of the voluntary salary reduction elected by the participant. The discretionary matching contribution will be determined each year by the Employer. For the years ended December 31, 2015 and 2014, the Employer matched 50% of each participant's contribution up to a maximum matching contribution of $300 per participant. As previously noted, participants may contribute up to 100% of their compensation, subject to regulatory limitations.

The Plan allows rollover contributions and the amended and restated plan documents allow participants to designate all or a portion of their contributions as Roth contributions effective April 1, 2010.

Contributions received by the Plan are deposited with Nationwide Financial Services, Inc. and its subsidiary, Nationwide Trust Company (Nationwide). Any benefits provided by the Plan are paid by Nationwide from net assets available for the plan benefits. The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions and income (loss) thereon (including net realized and unrealized investment gains and losses) allocated to such participant's account.

Participant accounts – Under the Plan, earnings, losses and expenses are allocated in proportion to the account values of the participant's account which is invested in the investment facilities from which the earnings (loss) and expenses arise.

The Plan was amended effective May 2, 2014 to state that a forfeiture will occur as of the earlier of the last day of the Plan year in which the former participant incurs five consecutive one year breaks in service or the distribution of the entire vested portion of the participant's account. A forfeiture will be disposed of in the Plan year following the Plan year in which the forfeiture occurs. Forfeitures may first be used to pay administrative fees and the remaining forfeitures will be used to reduce employer contributions.

During 2015, there were contributions of $21,075, additional forfeitures of $833, depreciation of investments in the forfeiture account of $75 and forfeitures used to pay administrative fees of $3,723. The balance of forfeitures as of December 31, 2015 of $20,769 will be used to pay future administrative fees or reduce future employer matching contributions.

During 2014, there were forfeitures of $630, appreciation of investments in the forfeiture account of $206 and forfeitures used to pay administrative fees of $2,988. The balance of forfeitures as of December 31, 2014 was $2,659.

Participants have the ability to direct the investment of their account balances between various investment funds or any combination thereof. Each investment fund has unique and varied investment objectives.

BILL CURRIE FORD, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF PLAN, CONTINUED

In 2010 the Plan was amended to allow participants to invest in various mutual funds including target funds based on the participant's retirement age, a self-directed brokerage account or a Nationwide managed investment account.

Vesting – Participants are immediately vested in their voluntary salary reduction accounts. Vesting in their employer matching account is based on years of continuous service. A participant is 100% vested after five years of credited service.

Loans – Loans are not permitted under the Plan.

Payment of benefits – Payment of benefits is made as a lump sum distribution. Participants with account balances of less than $1,000 will be automatically "cashed out" or "rolled over" when the individual terminates employment.

The Plan allows in-service distributions for participants age 59 ½ or older and hardship distributions.

Effective October 27, 2011, the Plan was amended to allow hardship distributions from Roth accounts.

Plan administration fees – Plan administration fees totaling $10,275 and $8,798 for withdrawal, advisory and self-directed account management fees were charged to participants in 2015 and 2014, respectively. Participants were also charged plan administrative expenses and asset management fees for the mutual funds which are included in net appreciation (depreciation) in fair value of investments. Plan expenses attributed to a particular participant are charged to the participant's account. The Plan financial statement audit fees are paid by the Employer. Employer personnel provide administrative services to the Plan at no charge.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Income recognition – The Plan reports its income on the accrual basis of accounting.

Valuation of investments – Investments are valued at fair value as reported to the Plan and certified by Nationwide. Throughout the plan years ended December 31, 2015 and 2014, Nationwide maintained the contributions as directed by the participants in mutual funds and self-directed brokerage accounts. The mutual funds are credited with actual earnings (losses) on the underlying investments and charged for plan withdrawals. Net appreciation (depreciation) in the fair value of mutual funds is included in the financial statements as reported to the Plan and certified by Nationwide.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits – Benefits are recorded when paid.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Adoption of accounting standards update (ASU No. 2015-12) – Effective December 31, 2014, Plan management adopted Accounting Standards Update No. 2015-12 Part II: Plan Investment Disclosures which requires the update to be applied retrospectively for all financial statements presented. The update simplifies disclosures by eliminating the requirement to disclose investments exceeding 5% of net assets, eliminating the requirement for disclosures of non-participant directed investments and requires investments be grouped only by general type, eliminating the need to disaggregate investments in detail in the fair value measurement disclosures. Also, the update permits self-directed brokerage accounts to be presented in aggregate as one general investment type.

(3) INVESTMENTS

The Plan's investments totaling $5,328,819 and $5,019,745 as of December 31, 2015 and 2014 respectively, are held and certified by Nationwide. The Plan's investments, including bought, sold and held during the year, appreciated (depreciated) in value by $(26,950) and $297,339, as certified by Nationwide, for the years ended December 31, 2015 and 2014, respectively. Interest and dividends from participant directed brokerage accounts of $6,553 and $6,743 for 2015 and 2014, respectively, were also certified by Nationwide.

(4) FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of other than quoted prices not included in Level 1 that are observable, either directly or indirectly, and Level 3 inputs consist of unobservable inputs and has the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of the money market cash and self-directed brokerage accounts is based on quoted market prices.

	Fair Value	Fair value measurements (Level 1)
December 31, 2015		
Cash – money market	$ 398,545	$ 398,545
Self-directed brokerage accounts	$ 235,200	$ 235,200

Cash – money market	$ 348,034	$ 348,034

(5) TAX STATUS

Effective January 1, 2009, the Employer adopted the Nationwide Financial Services Prototype Non-standardized 401(k) Profit Sharing Plan. The prototype Plan obtained a determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

(6) PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their account balances.

(7) RELATED PARTY TRANSACTIONS

Plan investments are primarily Level 2 mutual funds held by Nationwide. Nationwide is the Plan custodian and, therefore, these transactions qualify as party-in-interest transactions.

Administrative fees of $3,723 and $2,988 were paid to Nationwide out of forfeitures during the year ended December 31, 2015 and 2014, respectively.

(8) EXCESS CONTRIBUTIONS

Excess participant contributions plus net appreciation (depreciation) in fair market value, which were returned to satisfy the relevant nondiscrimination provisions of the Plan for the years ended December 31, 2015 and 2014, are $18,190 and $5,826, respectively. The 2015 excess contributions were timely refunded in 2016 and have reduced employee contributions by $18,445 and increased investment income by $255 for the year ended December 31, 2015. The 2014 excess contributions were timely refunded in 2015 and have reduced employee contributions by $5,516 and investment income by $310 for the year ended December 31, 2014.

(9) SUBSEQUENT EVENT

The Plan's management has evaluated events occurring subsequent to year end through October 10, 2016, the date the financial statements were available to be issued, for financial reporting and disclosure purposes. Plan management identified the following subsequent event:

The Plan made distributions to participants totaling $499,738 from January 1 through June 30, 2016.
