General: The Plan is a defined contribution plan covering the employees of Footprint Acquisition LLC (formerly known as HGDS Acquisition, LLC) (the Company, Employer, or the Plan Administrator) d/b/a Footprint Retail Services. This Plan is intended to be a qualified retirement plan under the Internal Revenue Code (IRC) and the purpose is to enable eligible employees to save for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. On February 27, 2015, Footprint Acquisition LLC acquired substantially all of the assets of HGDS Acquisition LLC, which is when the Plan also formally changed its name.

Eligibility: All employees, excluding temporary employees, non-resident aliens, independent contractors, and union employees, are eligible to make salary deferral contributions on the entry date coinciding with or following the completion of one year and 1,000 hours of service after attaining the age of 21. The entry dates are monthly, on the first day of each month.

Plan administration: The Company is the sponsor and Plan Administrator of the Plan. Fidelity Management Trust Company is the Trustee of the Plan. The Trustee is responsible for investing and safekeeping all of the Plan’s assets.

Participant accounts: Each participant's account is credited with the participant’s contribution and allocation of (a) the Company’s safe harbor matching contribution and (b) the Plan’s earnings and charged with an allocation of administrative expenses. Allocations are based on participant account balances in respective investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant contributions: Participants who have attained the age of 21 and have been employed for one year are eligible to contribute, through a salary reduction agreement, up to 60% of eligible pre-tax compensation, not to exceed the IRS limits of $18,000 and $17,500 for the 2015 and 2014 plan years, respectively. Catch up contributions of $6,000 and $5,500 are also available for participants 50 years or older in 2015 and 2014, respectively. Total contributions to a participant’s combined account cannot exceed the lesser of 100% of wages as defined in the IRC Section 415 or $53,000 for the 2015 plan year and $52,000 for the 2014 plan year. Rollovers are permitted into the Plan.

Company contributions: The Company contributes a safe harbor matching amount, which provides for subsequent matching contributions of 100% of the first 3% and 50% of the following 2% of eligible compensation. During the year ended December 31, 2015, the safe harbor matching contributions totaled $148,211.

Vesting: Each participant is fully vested in their entire account at all times.

NOTE 1 – Plan description, continued

Investment options: Participants may direct their contributions and related Company contributions among one or more investment options offered by the Plan. Changes in allocations of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions. The Plan's investments are held by Fidelity Management Trust Company (the Trustee).

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years for general loans or up to 10 years for the purchase of a primary residence and are payable immediately upon termination. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. The number of loans outstanding is limited to one per participant. As of December 31, 2015 and 2014, interest rates on outstanding loans ranged from 3.25% to 8.50%.

Payment of benefits: Upon retirement, death, or termination of employment, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or installment payments as determined by the participant. Participants may request an in-service distribution for the following reasons: (1) for the purpose of satisfying a financial hardship, as defined by the provisions of the Plan; (2) attainment of age 59 ½ by the participant; or (3) attainment of the Plan's normal retirement date by the participant. A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Forfeitures: As of December 31, 2015 and 2014, forfeited account balances totaled $97. Forfeitures of $4,641 were used to decrease the 2015 safe harbor match contribution made during 2016. No forfeitures were used during the year ended December 31, 2014.

NOTE 2 – Summary of significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – Summary of significant accounting policies, continued

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of benefits: Benefits are recorded when paid.

Administrative and investment expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reports by the Plan.

New accounting pronouncement: In July 2015, the FASB issued ASU 2015- 12, *Plan Accounting Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part Ill) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively and Part III prospectively. Management elected to early adopt Part II of this new standard and the amendment was retrospectively applied. Parts I and Ill are not applicable to the Plan.

Subsequent events: The Plan Administrator has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 10, 2016, the date on which the financial statements were available to be issued.

NOTE 3 – Information certified by trustee

The following is a summary of the information certified by the Trustee of the Plan as complete and accurate, as of and for the years ended December 31, 2015 and 2014:

	2015	2014
Statements of Net Assets Available for Benefits:		
Investments, at fair value	$ 8,052,299	$ 8,581,950
Notes receivable from participants	134,364	133,314
Statements of Changes in Net Assets Available for Benefits:		
Net depreciation in fair value of investments	$ (293,104)	
Interest and dividends	390,312	
Interest income on notes receivable from participants	10,894	

In accordance with the procedures stated in 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the Trustee. The Plan Administrator, therefore, has instructed the independent public accountants to exclude the information certified by the Trustee from the scope of their audits.

NOTE 4 – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 – Fair value measurements, continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets at fair value.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies at December 31, 2015 and 2014.

NOTE 4 – Fair value measurements, continued

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 7,460,148	$ -	$ -	$ 7,460,148
Money market fund	592,151	-	-	592,151
Total	$ 8,052,299	$ -	$ -	$ 8,052,299

	Assets at Fair Value as of December 31, 2014			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 8,007,732	$ -	$ -	$ 8,007,732
Money market fund	574,218	-	-	574,218
Total	$ 8,581,950	$ -	$ -	$ 8,581,950

NOTE 5 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 6 – Tax status

The Plan adopted the Prototype Volume Submitter Profit Sharing Plan (Prototype) administered by the Trustee. The Internal Revenue Service (IRS) informed the Trustee by its opinion letter dated March 31, 2014 that the Prototype was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan Administrator has not requested a separate determination letter from the IRS for the Plan. The Plan Administrator believes the Plan is currently designed and is being operated in accordance with applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 7 – Party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company, a division of Fidelity Investments, serves as the Trustee and record keeper of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Transaction fees of $2,350 were paid to Fidelity Investments for the year ended December 31, 2015, which are not covered by revenue sharing. The Plan allows participants to obtain loans from the Plan, which are also considered party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations.

NOTE 8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 9 – Reconciliation of Financial Statements to Form 5500
