*Contributions*

Each year, participants may contribute a percentage (up to 75%) of eligible compensation, as defined, up to the annual limit established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For the 2015 plan year, for participants eligible to receive matching contributions, the Company matched 100% of contributions made by participants up to a maximum of 3% of eligible participants' compensation and, for contributions above 3% of eligible participants' compensation, the Company matched 50% up to a maximum of 4.50% of eligible participants' compensation, as follows:

(1) Description of Plan, Continued

*Contributions, Continued*

| Employee Contribution Percentage | Employer Match (% of Eligible Compensation) |
|---|---|
| 1.0% | 1.0% |
| 2.0% | 2.0% |
| 3.0% | 3.0% |
| 4.0% | 3.5% |
| 5.0% | 4.0% |
| 6.0% or more | 4.5% |

The Plan includes an automatic deferral provision. Under this provision, 3% of new participants' compensation will be deferred unless the participants make a contrary election.

In addition, the Company may elect to make a profit-sharing contribution to the Plan. There was no such contribution for 2015.

*Participants' Accounts*

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting*

Participants are immediately vested in their pre-tax contributions, the Company's safe-harbor matching contributions and the Company's additional matching contribution plus actual earnings or losses thereon.

*Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or longer if the proceeds are used for the purchase of the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local borrowing rates as determined by the plan administrator (typically, the prime rate plus 1%). Principal and interest is paid ratably through weekly payroll deductions.

## (1) Description of Plan, Continued

*Payment of Benefits*

Upon termination of service, participant will be entitled to receive a benefit equal to the total value of vested benefits in the participant's account. The benefit will automatically be payable in the form of a lump-sum payment. Under the Plan, participants are not subject to federal income tax on the contributions and investment income credited to their accounts until such amounts are withdrawn pursuant to Section 401(a) of the Internal Revenue Code (IRC). Withdrawals (including withdrawals by participants separated from the service of the Company for any reason) that are not rolled over into another qualified plan may be subject to federal income taxes.

*Forfeitures*

Upon termination from the Company, participants will forfeit any nonvested portion of their account balance as of the termination date. Forfeitures may be used first to reduce administrative expenses of the Plan and any remaining amount will be used to reduce future employer matching contributions. At December 31, 2015 and 2014, forfeited nonvested accounts totaled $177,230 and $160, respectively.

## (2) Summary of Significant Accounting Policies

*Basis of Presentation*

The accompanying financial statements have been prepared on the accrual method of accounting.

Common/collective trust funds and investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive assets because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of these assets as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

*Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

*Continued...*

(2) Summary of Significant Accounting Policies, Continued

*Investment Valuation and Income Recognition, Continued*

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

*Payment of Benefits*

Benefits are recorded when paid.

*Expenses*

Administrative expenses charged by the trustee are deducted directly from each participant's plan assets. Other administrative expenses are paid by the Company, including insurance premiums and external legal and audit services. In addition, the Company provides internal accounting and administrative services at no cost to the Plan. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. The Plan has a revenue sharing arrangement with the trustee and established a plan level account (ERISA account) that captures excess income collected by the trustee that can be used to pay eligible plan expenses or can be allocated to participants. At December 31, 2015 and 2014, the ERISA account totaled $113,470 and $93,852. During 2015, Plan expenses aggregating $212,787 were paid from this account.

*Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies, Continued

*Recent Accounting Pronouncements*

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement* (Topic 820): *Disclosure for Investments in Certain Entities That Calculate Net Asset Value* (NAV) *per Share* (or Its Equivalent). ASU 2015-07 removes the requirement to categorize, within the fair value hierarchy (Note 5), all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient.

In July 2015, the FASB issued *ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* The amendments in Part I designate contract value as the only required measure for fully benefit-responsive investment contracts. This amendment maintains the relevant information while reducing the cost and complexity of reporting for fully benefit-responsive investment contracts (for example, an adjustment to reconcile contract value to fair value). The objective of Part II is to simplify, and make more effective, the investment disclosure requirements under Topics 820, 960, 962 and 965 for employee benefit plans.

The amendments for ASU 2015-07 and ASU 2015-12 are effective for years beginning after December 15, 2016 and 2015, respectively. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan has elected to forego early adoption of the updates for the year ended December 31, 2015.

*Subsequent Events*

The Plan has evaluated subsequent events through September 9, 2016, the date the financial statements were available to be issued.

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

| | |
|---|---|
| Registered investment companies | $ (27,380) |
| Common/collective trust fund | 329,355 |
| | $ 301,975 |

## (4) Financial Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The trustee certified the following as complete and accurate:

- The investments at fair value at December 31, 2015 and 2014, except that the common/collective trust fund was certified at contract value.
- Notes receivable from participants at December 31, 2015 and 2014.
- Net appreciation in fair value of investments for the year ended December 31, 2015.

*Continued...*

**(4) Financial Information Certified by the Trustee, Continued**

- Interest and dividends for the year ended December 31, 2015.
- Interest income on notes receivable from participants for the year ended December 31, 2015.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), except that the common/collective trust fund was certified at contract value.

**(5) Fair Value Measurements**

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

*Continued...*

(5) Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

*Registered investment companies:* Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

*Common/collective trust fund*: Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the report NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

| | Assets at Fair Value as of December 31, 2015 | | | |

There were no significant transfers among investment levels during the years ended December 31, 2015 and 2014.

## (6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

## (7) Tax Status

The IRS issued its latest determination letter on March 31, 2014 which stated that the Plan qualifies under the applicable provisions of the IRC and, is therefore, exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

## (8) Nonexempt Transactions

During 2015 and 2014, employee contributions in the amount of $77,124 and $5,045, respectively, were withheld from participants' pay, but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the plan asset rules. The delinquent employee contributions were remitted to the Plan's trust in 2016 and 2015, respectively, along with the computed lost earnings.

## (9) Related Party Transactions and Party-In-Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment.

Certain administrative expenses were paid by the Plan. Administrative expenses paid by the Plan to the trustee amounted to $416,409 for 2015.

## (10) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## (11) Transfers from Merging Plans

During 2015, net assets in the amount of $18,596,309 were transferred to the Plan from the Merging Plans.
