Report on the Financial Statements

We were engaged to audit the accompanying financial statements of National H.V.A.C. Service, Ltd. 401(k) Retirement Savings Plan (Plan), which comprise the statements of net assets available for benefits as of January 7, 2016, December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the seven-day period ended January 7, 2016 and for the year ended December 31, 2015, and related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Voya Retirement Insurance and Annuity Company (Voya), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of January 7, 2016, December 31, 2015 and 2014 and for the seven-day period ended January 7, 2016 and for the year ended December 31, 2015 that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 and the schedule of delinquent participant contributions for the year ended December 31, 2015 are required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the National H.V.A.C. Service, Ltd. 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan is a defined contribution profit sharing plan covering substantially all employees of National H.V.A.C. Service, Ltd. (Company) who are not covered by a collective bargaining agreement and have reached the age of 21. In May 2015, MSHC, Inc. and National HVAC Acquisitions, Inc. acquired the Company and its limited partners' interests, excluding its wholly owned subsidiary, NMS. Accordingly, as of that date, NMS eligible employees were no longer eligible to participate in the Plan. In 2015, the Company approved a plan of merger and termination that resulted in this Plan terminating effective December 31, 2015 and merging with the Service Logic 401(k) Plan. Employees who were previously eligible and participating in this Plan had their participant account balances transferred to the Service Logic 401(k) Plan as part of the merger on January 7, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants are permitted to make contributions to the Plan by payroll deduction subject to a $18,000 limitation in 2015 under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. During 2015 under Voya, the Plan offered seventeen (17) mutual funds and a fixed investment account as investment options for participants. Participants may change their investment election for future contributions or the percentage(s) invested in each of these options or transfer funds among these options on any business day.

The Company may make discretionary matching contributions as determined by the Board of Directors. The Company's discretionary matching contribution for the plan year ended December 31, 2015 was 30% of the amount that a participant contributes to the Plan, up to 5% of compensation.

Participants' Accounts - Each participant's account is credited with the participant's contributions, the Company's matching contributions, allocation of Plan earnings and certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions credited to a participant's account is based on years of continuous service. Participants are 100% vested upon completion of three years of vesting service.

Notes Receivable From Participants - Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Repayments of the notes are made in equal installments over a period not to exceed five years (unless the loan is for the purchase of a primary residence). The notes are secured by the balance in the participant's account and bear interest at a fixed rate on the date of origination based upon the prime lending rate (3.50% at January 7, 2016 and December 31, 2015). Principal and interest are paid through weekly payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits - On termination of service due to death, disability or retirement, a participant or his or her beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Participants may elect to withdraw all or a portion of their account, without terminating employment with the Company, upon attaining the age of 59-1/2. In addition, the Plan provides for withdrawals, other than distributions to terminated employees, based on financial hardship. The Plan administrator may determine that a financial hardship exists based on several events outlined in the Plan document. Events that may constitute financial hardship include expenses for medical care, payment of tuition expenses, costs related to the purchase of a principal residence, payments necessary to prevent the participant from being evicted from his or her principal residence, funeral expenses and certain expenses for repair of a principal residence. In addition, the Plan administrator must also determine if the participant has any other alternative resources available to him/her before granting a hardship withdrawal. After receiving a hardship withdrawal, a participant is not permitted to make elective contributions to the Plan for a period of six months.

Forfeitures - Forfeitures of terminated participants' nonvested accounts are used to reduce subsequent Company contributions. Total forfeitures available for use by the Plan totaled $0, $238 and $278 as of January 7, 2016, December 31, 2015 and 2014, respectively. Also, in 2015, employer contributions were reduced by approximately $1,700 from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Contract - The guaranteed investment contract is a fully benefit-responsive investment contract. Investment contracts held by a defined contribution plan are required to be reported at contract value due to implementation of ASU 2015-12 in 2015. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions under this contract are maintained in a general account that is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contribution Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions payable to the applicable participants in 2016.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent Events - Management has evaluated subsequent events through October 13, 2016, the date on which the financial statements were available to be issued.

Recent Accounting Pronouncements - In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12 Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. This ASU reduces the complexity in employee benefit plan reporting. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Currently, fully benefit-responsive investment contracts are required to be measured at contract value with a reconciliation of contract value to fair value, when these measures differ, on the face of the plan financial statements. Part II eliminates the requirement to disclose individual investments representing 5% or more of net assets available for benefits for both participant-directed investments and nonparticipant-directed investments. Additionally, net appreciation or depreciation in investments for the period is no longer required to be disaggregated and disclosed by general type, however, should still be presented in the aggregate. Part II also requires that investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. This ASU is effective for nonpublic entities for fiscal years beginning after December 15, 2015. A reporting entity should apply the amendments to Parts I and II retrospectively to all periods presented, while Part III should be applied prospectively. Early application is permitted. The Plan administrator has early-adopted Parts I and II of ASU 2015-12 in the current year and has restated the prior year to conform to the current year's presentation.

NOTE 3 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB topic Fair Value Measurement and Disclosure are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 - Inputs to the valuation methodology include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability or (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 7, 2016, December 31, 2015 and 2014.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the seven-day period ended January 7, 2016 and for the year ended December 31, 2015, there were no transfers.

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,101,437	-	-	$ 3,101,437
	$ 3,101,437	-	-	$ 3,101,437

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,401,577	-	-	$ 3,401,577
	$ 3,401,577	-	-	$ 3,401,577

The Plan's assets at fair value as of January 7, 2016 were $0.

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2008, the Plan entered into a benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya), which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was $0, $1,395,069 and $1,328,442 at January 7, 2016, December 31, 2015 and 2014, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the guaranteed investment contract are as follows:

	2015	2014
Average yields:		
Based on actual earnings	3.0%	3.0%
Based on interest rate credited to participants	3.0%	3.0%

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at January 7, 2016, December 31, 2015 and 2014, and net depreciation in fair value of investments, interest and dividends for the seven-day period ended January 7, 2016 and the year ended December 31, 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya, the custodian of the Plan for the periods under audit. The contract value of the guaranteed investment contract was certified by the custodian.

NOTE 6 - RELATED PARTIES

Certain Plan investments in shares of mutual funds and a fixed account are managed by Voya, the custodian as defined by the Plan for the year under audit; therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 - FEDERAL INCOME TAX STATUS

The Plan adopted a Prototype Nonstandardized Profit Sharing Plan (Prototype) with a cash or deferral arrangement. The Prototype received an opinion letter from the Internal Revenue Service (IRS) on March 31, 2014 that stated that the Plan and related Trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 - FEDERAL INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
