NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

(1) **Description of Plan:**

The following description of the Leware Construction Company of Florida, Inc. 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution plan covering all eligible employees of Leware Construction Company of Florida, Inc. (the Company). Employees who have attained the age of 18 are eligible to participate on the first day of the next quarter following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) **Contributions**—Each year, participants may contribute up to 90% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company matches 100 percent of the first four percent that the participant contributes to the Plan. Participants direct the investment of their contributions, as well as Company contributions to their participant account, into various investment options offered by the Plan. Contributions are subject to certain limitations allowed by law. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. No such profit sharing amounts were contributed during 2015.

(c) **Participant accounts**—Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The Company currently offers 16 mutual funds as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Vesting**—Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in the Company's Safe Harbor matching contributions plus earnings thereon. Vesting in the Company's profit sharing or discretionary matching contribution, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

Years of Service	Percentage
After 2 years	20%
After 3 years	40%
After 4 years	60%
After 5 years	80%
After 6 years	100%

(1) **Description of Plan:** (Continued)

(e) **Payment of benefits—**Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Absent the participant's election to roll distributions into another qualified plan or receive a lump sum payment, vested balances over $1,000 but not exceeding $5,000 for terminated participants are rolled over to an individual retirement plan designated by the plan administrator. The participant's contributions and vested portion of employer contributions may also be withdrawn for certain hardship situations.

At December 31, 2015, there were no participants that were no longer active in the Plan that were due benefits. Upon attainment of normal retirement age, participants who continue employment with the Company may elect to receive all or any portion of his or her vested account balance.

(f) **Notes receivable from participants**—Participants may borrow from their fund a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. A participant may only have one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate charged by persons in the business of lending money for loans that would be made under similar circumstances. Principal and interest is paid ratably at least as frequently as quarterly over a reasonable amount of time not to exceed five years (ten years for personal residence). There were no such loans during 2015.

(g) **Administrative plan expenses and participant fees**—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or pro rata based on the number of participants in the Plan. However, certain operating expense of the Plan, such as audit fees, are paid by the Plan Sponsor. The Company does not charge the Plan for administrative functions performed by employees of the Company on behalf of the Plan.

(h) **Forfeited accounts—**At December 31, 2015 and 2014, the Plan had no forfeited nonvested accounts. Forfeitures of matching contributions can be used to reduce the amount of the Company contributes for match and forfeitures of profit sharing contributions can be used to reduce any profit sharing contributions the Company elects to make.

(i) **Plan amendments—**The Plan was amended on January 1, 2015, to permit participant loans for participants. Effective January 1, 2016, the Plan was amended to add an option for in-service distributions for participants who attain the age of 65. Effective January 1, 2016, the Plan was amended to add an option for a Qualified Reservist Distribution for individuals ordered or called into active duty after September 11, 2001.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of presentation**—The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Interest and dividend income is recognized when paid, primarily monthly. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) **Notes receivable from participants**−Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on their terms of the Plan document.

(d) **Payment of benefits—**Benefits are recorded when paid.

(e) **Use of estimates—**The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(f) **Subsequent events**—The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 12, 2016, the date the financial statements were available to be issued. No subsequent events requiring recognition or disclosure have been identified.

(g) **Recently issued accounting pronouncements**—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan has elected to early adopt ASU 2015-12, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Additionally, the FASB issued ASU 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent)." ASU 2015-07 simplifies disclosures and reporting on investments valued at net asset value as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with earlier adoption permitted. The Plan has elected to early adopt ASU 2015-07, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

(3) **Summary of Information Certified by Plan Trustee:**

All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2015 and 2014, and the net appreciation (depreciation) in fair value of investments and interest and dividend income for the year ended December 31, 2015, was obtained or derived from information supplied by the Plan administrator and certified as complete and accurate by SunTrust Banks, Inc., the trustee of the Plan.

(4) **Investments and Fair Value Measurements:**

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the assets of the Plan for which fair value is determined on a recurring basis:

For the years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investment earnings for amounts held in mutual funds reflect a combination of interest income, dividend income, realized gains and losses, and unrealized gains and losses depending on the composition of the underlying investments. Contributions made by the Company shall be applied or invested in accordance with participant directed allocations. During the year ended December 31, 2015, the Plan's investments in mutual funds (including bought, sold, and held during the year) depreciated in fair value by $267,031.

(5) **Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to permanently discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(6) **Tax Status:**

The Plan adopted a volume submitter document effective October 31, 2011. The Internal Revenue Service has determined and the Plan by a letter dated March 31, 2014, that the volume submitter document represented a Plan and related trust that were designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

(7) **Parties-in-Interest:**

Plan investments were managed by SunTrust Banks, Inc. for the years ended December 31, 2015 and 2014. SunTrust Banks, Inc. provided administrative services to the Plan and served as custodian to the Plan, and therefore qualifies as a party-in-interest to the Plan.

(9) **Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
