1. DESCRIPTION OF THE PLAN

The following description of the Blyth, Inc. 401(k) and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

***General*—**The Plan is a defined contribution retirement plan covering substantially all employees of Blyth, Inc. and its subsidiaries (the "Company"). Eligible employees may begin to make salary deferral contributions immediately following their date of hire, provided that they are regularly scheduled to work 20 or more hours per week, or upon the completion of one year of service if regularly scheduled to work less than 20 hours per week and attained 1,000 hours of service. Plan Management along with the Compensation Committee and the Investment Committee of the Company control and manage the operation and administration of the Plan. T. Rowe Price Trust Company serves as the trustee and T. Rowe Price Retirement Plan Services, Inc. serves as the record keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

***Contributions*—**Each year, participants may contribute up to 50% of their annual eligible compensation, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make after-tax 401(k) contributions to a Roth contribution account. If a participant does not elect to defer a portion of compensation or elect to receive cash in lieu of making a salary deferral election, on the 30th day following the date the participant met the eligibility requirements, the participant's compensation shall automatically be reduced by 3%, which shall be deemed to be the participant's salary deferral election. On the anniversary date of each eligible employee, his or her salary reduction will be increased by 1% of the participant's compensation, not to exceed 10% unless elected otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company makes safe harbor matching contributions equal to 100% of the first 1% of eligible compensation that a participant contributes as salary reduction contributions, and an additional 50% of the participant's next 5% of eligible compensation that a participant contributes. The profit sharing contribution is discretionary and is made to eligible participants employed on the last day of the Plan year as a percentage of total eligible compensation. This percentage is in the same proportion for all eligible employees. For the year ended December 31, 2015, the Company elected not to make any profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

1. DESCRIPTION OF THE PLAN (CONTINUED)

***Participant Accounts*—**Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's safe harbor matching contribution, and allocations of Company discretionary profit sharing contributions, if any, and Plan earnings, and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Investments*—**Participants direct the investment of both employee and employer contributions in any percent increment into various investment options offered by the Plan. The Plan currently offers twenty-six mutual funds and a common trust fund as investment options to the participants.

***Vesting*—**Participants are vested immediately in their salary deferral contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of credited service, as defined. For Company profit sharing contributions prior to January 1, 2007, a participant vests 50% after 3 years and 75% after 4 years, becoming 100% vested after 5 years of credited service. For Company profit sharing contributions after January 1, 2007, a participant vests 20% after 2 years, 50% after 3 years and 75% after 4 years, becoming 100% vested after 5 years of credited service. For employer safe harbor matching contributions prior to January 1, 2007, a participant vests 20% after 2 years, 50% after 3 years, and 75% after 4 years, becoming 100% vested after 5 years of credited service. For employer safe harbor matching contributions after January 1, 2007, a participant vests 100% after 2 years of credited service. If a participant terminates employment because of disability, death, or reaches age 62, employer safe harbor matching and Company profit sharing contributions will be fully vested.

***Notes receivable from participants*—**Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may have only one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25% at December 31, 2015, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator at the time funds are borrowed. Principal and interest are paid ratably through employee payroll deductions.

1. DESCRIPTION OF THE PLAN (CONTINUED)

***Payment of Benefits*—**Upon termination of service due to death, disability or retirement, a participant with a vested account balance less than $1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, if the participant has not otherwise elected to rollover their account within the allotted time period. For participants with a vested account balance greater than $1,000, but less than $5,000, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator, if the participant has not otherwise elected to rollover or take a distribution of their account within the allotted time period. Participants with a vested account balance greater than $5,000 may elect to either receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or defer payment of benefits until a later date.

***Forfeited Accounts*—**As of December 31, 2015 and 2014, forfeited nonvested accounts totaled $102,168 and $109,925, respectively. Forfeited nonvested accounts may be used to pay Plan expenses or to reduce future employer contributions. The employer contributions for the year ended December 31, 2015 were reduced by $198,394 from forfeited nonvested accounts.

2. SUMMARY OF ACCOUNTING POLICIES

***Basis of Accounting*—**The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America; the accrual method of accounting has been applied.

***Adoption of accounting standard*—**In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

***Use of Estimates*—**The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition*—**Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable From Participants*—**Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

***Expenses*—**Certain expenses of maintaining the Plan are paid through a revenue sharing credit agreement with the trustee, rather than a direct payment. Fees that are not paid by the revenue sharing credit agreement are paid by the Plan, unless the Company elects to pay such expenses. Fees related to the administration of notes receivable from participants and certain other transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation in fair value of investments.

***Payment of Benefits*—**Benefit payments to participants are recorded by the trustee upon distribution. There were no participants who have elected to withdraw from the Plan but have not yet been paid at December 31, 2015 and 2014.

***Subsequent Events*—**The Plan has evaluated subsequent events through October 7, 2016, the date the financial statements were available to be issued.

3. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common trust fund managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee and T. Rowe Price Retirement Plan Services, Inc. serves as the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the trustee were $3,723 for the year ended December 31, 2015. Additional fees were paid directly by the Plan to other parties-in-interest for accounting, legal and investment advisory services totaling $57,130 for the year ended December 31, 2015. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

The Plan received revenue sharing credits from T. Rowe Price Trust Company in the amount of $77,120 for the year ended December 31, 2015, which is shown as other income in the accompanying financial statements. During 2015, the Plan used revenue sharing credits of $57,293 to pay Plan expenses related to other parties-in-interest including legal, auditing, investment advisory services and certain administrative expenses. At December 31, 2015 and 2014, available revenue sharing credits totaled $128,806 and $108,966, respectively.

At December 31, 2014, the Plan held 2,169.3255 units of Blyth, Inc. Common Stock Fund, the sponsoring employer, with a fair value of $19,849. This investment was completely liquidated in October 2015.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described as follows:

Level-1 – Observable inputs – quoted prices in active markets for identical assets and liabilities.

Level-2 – Observable inputs other than the quoted prices in active markets for identical assets and liabilities – such as quoted prices for similar instruments, quoted prices for identical or similar instruments in inactive markets, or other inputs that are observable or can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level-3 – Unobservable inputs – includes amounts derived from valuation models where one or more significant inputs are unobservable and require the Company to develop relevant assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014. The Company's policy is to recognize transfers in and out of levels as of the actual date of the event or change in circumstances that caused the transfer. There were no transfers between levels during 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common trust fund: Valued at the NAV of units of a collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months notification in order to ensure that securities liquidations will be carried out in an orderly business manner

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

6. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated April 27, 2012, that the Plan and related trust were designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

6. FEDERAL INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2015 and 2014, and investment income and interest income on notes receivable from participants for the year ended December 31, 2015, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

10. SUBSEQUENT EVENT

Silver Star Brands, Inc. was an affiliate of the Company and a participating employer in the Plan. During 2015, Silver Star Brands, Inc. completed a spin-off from the Company and subsequently established the Silver Star Brands 401(k) Plan. As a result, all salary deferral contributions and Company safe harbor matching contributions for Silver Star Brands, Inc.'s employees were suspended in December 2015. In February 2016, approximately $18,500,000 of Plan assets were transferred to the newly formed Silver Star Brands 401(k) Plan.
