Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the year ended December 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

Note 1 - Description of Plan

The following description of the Edible Arrangements International, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all eligible employees of Edible Brands, LLC and affiliated employers (collectively referred to as the "Company") who are at least twenty-one years of age and are regularly scheduled to work more than 1,000 hours per year. Participants must have completed one year of service to be eligible to receive an employer contribution. Leased employees and independent contracts, as defined, are excluded from participating in the Plan. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). The trustees are responsible for oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the trustees.

Contributions

Each year, participants may contribute up to 75% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company is required to make basic safe harbor matching contributions equal to 100% of the first 3% of a participant's eligible compensation and 50% of the next 2% of a participant's eligible compensation. Although additional employer non-safe harbor matching and profit sharing contributions may be made at the Company's discretion, there were no such contributions made for the year ending December 31, 2015. Participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to share in an allocation of any profit sharing contributions. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service (the "IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of any Company profit sharing contributions and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit they can be provided from the participants vested account.

Vesting
Participants are vested immediately in their salary deferral contributions and the Company's safe harbor matching contributions plus actual earnings thereon. In the event of termination due to death, total and permanent disability or normal retirement, participants shall become 100% vested in the Company profit sharing and non-safe harbor matching portions of their account. For all other participants, vesting in the Company profit sharing and non-safe harbor matching portions of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

Years of service	Vested percentage
Less than 1	0%
1	33%
2	66%
3 or more	100%

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of benefits
On termination of service for any reason, participants with a vested account balance less than $1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For participants with a vested account balance greater than $1,000 the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator. Participants with a vested account balance greater than $5,000 may defer payment of benefits until a later date.

Withdrawals from a participant's vested account balance may also be made in the event of a financial hardship, in accordance with the provisions specified in the Plan.

Forfeited accounts
At December 31, 2015 and 2014, there were no forfeited nonvested accounts. Any future forfeited nonvested accounts may be used to pay Plan expenses or to reduce future employer contributions. There were no forfeited nonvested accounts utilized during the year ended December 31, 2015.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Adoption of accounting standard
In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to notes receivable from participants, processing distributions and certain other transactional charges are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation in fair value of investments.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events
The Plan has evaluated subsequent events through October 12, 2016, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,131,789	$ -	$ -	$ 3,131,789

	Assets at fair value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,005,118	$ -	$ -	$ 3,005,118

For the years ended December 31, 2015 and 2014, there were no significant transfers between any levels.

Note 4 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 5 - Tax status

The Plan has been designed using a volume submitter plan document designed by Retirement Planners & Administrators, Inc. (RPA). RPA received an advisory letter dated March 31, 2014 in which the IRS stated that the volume submitter plan satisfies the applicable requirements to the Internal Revenue Code (the "IRC"). Although the Plan itself has not received a determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 6 - Related party and party-in-interest transactions

Plan investments include shares of certain mutual funds managed by Fidelity Investments. National Financial Services, LLC, an indirect wholly owned subsidiary of Fidelity Investments, is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the custodian for investment management expenses are included in the net depreciation in fair value of investments.

Other administrative expenses paid directly by the Plan for record keeping, third-party administration and investment advisory services, also parties-in-interest, were $14,871 for the year ended December 31, 2015. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Nonexempt transactions

As reported on the supplemental schedule of delinquent participant contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the trust within the timeframe specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2015. These contributions have been corrected in 2015.
