Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Component Assembly Systems, Inc. 401(k)/PS Plan (the "Plan"), which comprise the statements of net assets available for benefits at December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee at December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matters

As discussed in Note 2 to the financial statements, the Plan has adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, and has applied the standard retrospectively to all periods presented, as required. This ASU exempts investments measured using the net asset value practical expedient from categorization within the fair value hierarchy. Accordingly, investments for which fair value is measured using net asset value per share as a practical expedient have not been categorized within the fair value hierarchy.

Also as discussed in Note 2 to the financial statements, the Plan has adopted FASB ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts and Part (II) Plan Investment Disclosures*, and has applied the standard retrospectively to all periods presented, as required. Part I of this ASU eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts, as contract value is the only required measure for fully benefit-responsive investment contracts. Thus the change on the statement of net assets available for benefits was to eliminate the presentation of fully benefit-responsive investment contracts at fair value in the Assets section with an adjustment to contract value to arrive at net assets available for benefits. Instead, such investments are shown in a separate line item in the Assets section at contract value. Part II of this ASU eliminates the requirement to disclose: (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type. Our opinion is not modified with respect to these matters.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. Emphasis of Matters

As discussed in Note 2 to the financial statements, the Plan has adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, and has applied the standard retrospectively to all periods presented, as required. This ASU exempts investments measured using the net asset value practical expedient from categorization within the fair value hierarchy. Accordingly, investments for which fair value is measured using net asset value per share as a practical expedient have not been categorized within the fair value hierarchy.

Also as discussed in Note 2 to the financial statements, the Plan has adopted FASB ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts and Part (II) Plan Investment Disclosures*, and has applied the standard retrospectively to all periods presented, as required. Part I of this ASU eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts, as contract value is the only required measure for fully benefit-responsive investment contracts. Thus the change on the statement of net assets available for benefits was to eliminate the presentation of fully benefit-responsive investment contracts at fair value in the Assets section with an adjustment to contract value to arrive at net assets available for benefits. Note 1 - Description of Plan

The following description of the Component Assembly Systems, Inc. 401(k)/PS Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on October 1, 1995 and is a defined contribution plan covering substantially all eligible employees of Component Assembly Systems, Inc. (the "Company") and its wholly owned subsidiaries who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, subject to the maximum allowable under the Internal Revenue Code ("IRC"), including catch-up amounts for participants age 50 and older, as defined by the Plan. Participants may also contribute rollover amounts representing distributions from other qualified defined contribution plans.

The Company can make a discretionary matching contribution to the Plan in an amount equal to a percentage of the participants' elective deferrals.

The Company can make an additional discretionary profit sharing contribution, the percentage of which is determined on an annual basis by the Company. Such contributions are deemed to be employer non-elective contributions. For the year ended December 31, 2015, the Company did not make an additional discretionary profit sharing contribution to the Plan.

Additionally, to the extent necessary, the Company shall contribute to the Plan the amount necessary to provide the top heavy minimum contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions and allocations of the Company's additional discretionary profit sharing contributions (if any), Plan earnings, forfeitures, as applicable, and charged with an allocation of administrative expenses (if any). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Note 1 - Description of Plan (cont'd.)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the portion of participant account balances related to the Company's matching contributions and additional discretionary profit sharing contributions (if any) is based on years of continuous service. A participant shall have a vested percentage in their employer contribution accounts according to a graded vesting schedule based on years of service. Participants are 100% vested after six years of service. However, upon the participant's death, disability, attainment of age 65 (normal retirement), or age 59 ½ and six years of service (early retirement), all amounts become immediately vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000. If a loan was taken in the previous 12 months, the amount of the highest outstanding loan balance is deductible from the amount the participant may borrow.

Loans must normally be repaid within such period as agreed to between the participant and the Plan, up to a maximum of five years. However, if the loan is made for the purchase or construction of a principal place of residence, the repayment period may be up to ten years. Repayment will normally be made through payroll deductions. Any outstanding loans must be fully repaid when employment terminates. At December 31, 2015, the interest rate for all loans is 4.25% per annum, with loans having various maturity dates.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant becomes fully vested immediately and is to receive the full value of their account in a lump-sum amount or as installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Participants age 59 ½ or older may take distributions during employment and may elect to receive the value of the vested interest in their account under a systematic withdrawal plan.

Hardship - Withdrawals

Participants may withdraw their vested balances if they meet the hardship-withdrawal provisions contained in the Plan. Withdrawals made under this provision are subject to applicable income taxes and penalties.

Note 1 - Description of Plan (cont'd.)

Forfeitures

Forfeitures of nonvested matching contribution portions of participant balances may be used to offset current and future employer contributions or reduce administrative expenses. Forfeitures of other nonvested amounts are to be allocated to the eligible participants in the same proportion that each participant's compensation bears to the compensation of all participants for such year. No forfeited amounts were used to fund employer matching contributions to the Plan during 2015. The forfeited amount of $3,893, was transferred to the forfeiture account during 2015. At December 31, 2015 and 2014, the balances in the forfeiture account totaled $23,408 and $19,161, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The interest portion included in each loan payment is recognized as interest income in the participant's individual account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits are recorded when paid.

Refunds of Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding expense.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company.

Change in Accounting Principles

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

Management has elected to adopt this ASU early to simplify financial reporting. Accordingly, investments for which fair value is measured using net asset value per share as a practical expedient have not been categorized within the fair value hierarchy.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Change in Accounting Principles (cont'd.)

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part I early. Accordingly, the amendments were applied retrospectively to all periods presented, resulting in changes to the prior period information in the statement of net assets available for benefits, and in the footnotes. Contract value is considered the only required measure for fully benefit-responsive investment contracts under the ASU, as that is the amount participants would receive in a sale transaction. Thus the change on the statement of net assets available for benefits was to eliminate the presentation of fully benefit-responsive investment contracts at fair value in the Assets section with an adjustment to contract value to arrive at net assets available for benefits. Instead, such investments are shown in a separate line item in the Assets section at contract value. In addition, certain footnote disclosures were eliminated such as (i) presenting fully benefit-responsive investment contracts in the Leveling hierarchy, (ii) disclosing fair value measurement techniques and inputs of these investments, and (iii) presenting the average yields.

Management has elected to adopt Part II early. Accordingly, the amendments were applied retrospectively to all periods presented, resulting in changes to the prior-period disclosures to eliminate the disclosure of: (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type.

Part III is not applicable to this Plan.

Note 3 - Information Certified by the Plan's Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Prudential Retirement Insurance and Annuity Company ("Prudential"), the trustee of the Plan, at December 31, 2015 and 2014 and for the year ended December 31, 2015. This information has not been audited by the independent auditors.

	2015	2014
Assets:		
Mutual funds	$ 7,622,315	$ 12,944,425
Pooled separate accounts	6,069,669	1,533,513
Guaranteed investment contract	2,110,512	2,076,238
Notes receivable from participants	338,608	341,755
Investment income (loss):		
Interest and dividend income	$ 156,259	
Net depreciation in fair value of investments	(295,766)	
Interest on notes receivable from participants	12,935	

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements (cont'd.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: valued at the daily closing NAV as a practical expedient. Pooled separate accounts held by the Plan are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The pooled separate accounts held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2015 and 2014:

Investments at Fair Value at December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,622,315	$ -	$ -	$ 7,622,315
Guaranteed investment contract [(a)]				2,110,512
Pooled separate accounts [(a)]				6,069,669
Total Investments at Fair Value				$15,802,496

Note 4 - Fair Value Measurements (cont'd.)

Investments at Fair Value at December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual funds	$12,944,425	$ -	$ -	$12,944,425
Guaranteed investment contract [(a)]				2,076,238
Pooled separate accounts [(a)]				1,533,513
Total Investments at Fair Value				$16,554,176

a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Investment Contract with Insurance Company

The Plan has entered into a benefit-responsive investment contract with Prudential. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Prudential. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

Note 6 - Administration of Plan Assets

The Plan's assets, which consist principally of units of participation in mutual funds and unallocated general account contracts of Prudential Bank & Trust, F.S.B. ("PBT") are held by the trustee of the Plan. Company and participant contributions are held and managed by the trustee, which invests cash received and interest and dividend income and makes distributions to participants. All investment decisions are made by the participants in the Plan using a self-directed provision. The trustee performs nearly all administrative functions of the Plan, including setting up new accounts, initiating withdrawals, calculating participant's vesting percentages, performing top-heavy and discrimination tests on the Plan and all administrative functions regarding participant loans.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Generally, all administrative expenses for the Plan are paid by the Company.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and pooled separate accounts managed by Prudential. Prudential is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt under the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation or depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Notes receivable from participants qualify as party-in-interest transactions.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9 - Tax Status of the Plan

The IRS has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although, the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 - Subsequent Events

The Plan has evaluated all events or transactions that occurred after December 31, 2015 through the date of these financial statements, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.
