INDEPENDENT AUDITORS' REPORT

The Pension Steering Committee of
Morneau Shepell Limited Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Morneau Shepell Limited Retirement Savings Plan (the "Plan") which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2015, and for the year then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2015 financial statements.

Other Matter – Prior Year Financial Statements
The financial statements of the Plan as of December 31, 2014 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the other auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the custodian. Their report, dated September 23, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule
The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Morneau Shepell Limited Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the official Plan document for complete information.

General

The Plan is a defined contribution plan which was established by Morneau Shepell SBC Limited (the "Company"). The Plan covers all employees of the Company. All eligible employees are immediately eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Company is required to contribute 3% of all participants' compensation annually to the Plan (the safe harbor contribution). The Company may also make additional discretionary contributions to the Plan each year. No additional discretionary contributions were made to the Plan by the Company during the year ended December 31, 2015.

Eligible employees may make voluntary tax deferred contributions up to 100% of their eligible compensation, subject to a maximum allowable annual contribution determined by the Internal Revenue Code (IRC). Participants may designate all or a portion of their salary deferral as Roth elective deferrals. Catch-up contributions are permitted. Any eligible employee hired on or after January 1, 2014 will automatically be enrolled in the Plan and will be treated as having elected to make a 3% contribution to the Plan. The participant may elect to override the automatic contribution and elect to change their deferral percentage. Participants may also rollover amounts representing distributions from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocation of the Plan's investment results is based on relative account balances, as defined. Participants may allocate their contributions, at their discretion, among various investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, as defined. Vesting in the Company's discretionary contributions is as follows:

Years of Service	Percentage
1	25%
2	50%
3+	100%

Participants also become fully vested upon death, disability or retirement.

1. DESCRIPTION OF PLAN – CONTINUED

Payment of Benefits

A participant's vested account balance may be withdrawn due to death, disability, retirement or termination of employment. In-service withdrawals are permitted after the age of 59-1/2 or due to financial hardship, as defined. A participant may elect to receive an amount equal to the value of the participant's vested interest in his account in either a lump sum payment, or in annual installments over a specified payment of time. If the vested amount is $5,000 or less, a lump-sum distribution is required.

Forfeitures

As of December 31, 2015 and 2014 forfeited non-vested participant accounts totaled $1,292 and $1,228, respectively. These accounts may be used to reduce future contributions from the Company or offset plan administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are repaid through payroll deductions over a term not to exceed five years. Loan transactions are treated as a transfer to (from) the investment funds from (to) the Participant Loan Fund. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%.

Administrative Expenses

Certain expenses related to administration of the Plan are paid by the Company or through the Plan expense account. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

The Plan's investments, with the exception of the fully benefit-responsive investment contract, are stated at fair value. They fully benefit-responsive investment contract is valued at contract value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for valuation methodology for the Fixed Annuity Account.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Adoption of New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): *Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using net asset value (NAV) practical expedient in FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement and Disclosures*, from categorization within the fair value hierarchy. This guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied, resulting in revision to Note 3. The impact of adopting this amendment is reflected in the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)* (the Update). The purpose of this Update is to simplify plan accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully-benefit responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the NAV per share (or its equivalent) practical expedient in ASC Topic 820, Fair Value Measurement and Disclosures, and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan adopted amendments in Parts I and II of this Update for the year ended December 31, 2015, and the amendments in Parts I and II were retrospectively applied as of December 31, 2014. The impact of adopting these amendments is reflected in the financial statements and the accompanying notes.

3. FIXED ANNUITY CONTRACT

At December 31, 2015 and 2014, the Plan held investments in a fully benefit-responsive fixed account option issued by Great-West Life & Annuity Insurance Company ("Great-West"). Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus interest at the contract rate, less funds used to pay participants' benefits. The fixed investment contract (the "Fixed Account") held by the Plan is fully benefit-responsive; therefore, contract value reporting is required.

3. FIXED ANNUITY CONTRACT – CONTINUED

The Fixed Account is part of the general account of Great West and is guaranteed against loss of principal, less all withdrawals, including surrender charges and market value adjustments. The Fixed Accounts does not permit Great-West to terminate the agreement prior to the scheduled maturity date. Interest is credited daily at an interest rate that will not be less than the Fixed Account's minimum interest rates, per the contract specifications. The crediting interest rates are set at the beginning of each calendar quarter and are periodically reviewed for adjustment. The guarantees are based on Great-West's ability to meet its financial obligations from the general assets of Great-West.

4. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENT – CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2015 and 2014.

Variable annuities: The fair values of accumulated units held by the Plan in variable annuity accounts are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. Data for NAVs are distributed to Plan administrators and client investors, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the annuity accounts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

The valuation methodologies described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments at fair value represent investments in variable annuity accounts which are valued using NAV practical expedient. Due to the adoption of ASU 2015-07, the Plan does not hold any investments requiring categorization within the fair value hierarchy.

	2015	2014
Investments, at fair value		
Investments, measured at NAV[(a)]		
Variable annuity accounts	$ 13,005,399	$ 10,479,571
Total investments, at fair value	$ 13,005,399	$ 10,479,571

[(a)]In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. FAIR VALUE MEASUREMENT – CONTINUED

5. INFORMATION CERTIFIED BY PLAN CUSTODIAN

The following is a summary of the unaudited information regarding the Plan as of December 31, 2015 and 2014 and for the year ended December 31, 2015, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Great-West Life & Annuity Insurance Company, custodian of the Plan as of December 31, 2015 and 2014 and for the year ended December 31, 2015, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate.

5. INFORMATION CERTIFIED BY PLAN CUSTODIAN – CONTINUED

	2015	2014
Statements of net assets available for benefits		
Investments, at fair value	$ 13,005,399	$ 10,479,571

Statement of changes in net assets available for benefits		
Interest income	751,298	
Net depreciation in fair value of investments	(682,511)	

Supplemental schedule: All investment balances and information included in the supplemental Schedule of Assets (Held at End of Year).

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Great-West Life & Annuity Insurance Company, the Plan's custodian; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each account. Fees paid through the Plan's expense account for investment management services totaled $8,221 for the year ended December 31, 2015.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all Sponsor contributions.

8. TAX STATUS

The Plan uses a prototype plan document sponsored by Great-West Trust Company. The prototype plan document received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The prototype plan document has been amended since receiving the opinion letter. However, Great-West Trust Company and the Company, believe that the prototype plan document is currently designed and operated in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. However, Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. TAX STATUS – CONTINUED

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015.
