INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The Caddell Dry Dock & Repair Co., Inc.
401(k) Plan
Staten Island, New York

Report on the financial statements

We were engaged to audit the accompanying financial statements of The Caddell Dry Dock & Repair Co., Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the basis for disclaimer of opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T.D. Ameritrade Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Required supplemental information

The supplemental schedules of assets held at end of year and reportable transactions as of and for the year ended December 31, 2014 are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE CADDELL DRY DOCK & REPAIR CO., INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

1. Description of Plan:

The following description of The Caddell Dry Dock & Repair Co., Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering employees of The Caddell Dry Dock & Repair Co., Inc. (the "Company") who have at least one month of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The original Plan was restated to the TD Ameritrade Trust Company Non-Standardized 401 (k) Profit Sharing Plan with no changes in benefits, effective January 1, 2015.

Contributions

Participants in the 401(k) plan may contribute through salary reduction up to 90 percent of annual compensation defined by the Plan, subject to annual statutory limit determined by the Internal Revenue Code ("IRC"). Upon meeting the service and age requirements, eligible employees will automatically have 3% of gross wages contributed to the Plan unless otherwise elected. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with provisions of the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral amounts set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Additional profit sharing amounts may be contributed at the option of the Plan Sponsors' Board of Directors. During the years ended December 31, 2015 and 2014, no profit sharing contributions were made.

1. Description of Plan (continued):

Participant accounts

Each participant's account is credited with the participant's contribution, Company contributions, if any, and an allocation of Plan earnings. Participant accounts are charged with direct expenses and an allocation of Plan expenses. Allocations are based on participant earnings, account balances or specific participant transactions as defined. Benefits to which a participant is entitled are funded exclusively from the individual participant's account.

Vesting

Participants are immediately vested in their salary reduction contributions and rollover accounts plus actual earnings thereon. Vesting in Company discretionary contributions are based on years of service. Such contributions, if any, vest in accordance with the Plan's vesting schedule. A participant is vested after six years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to twenty years for the purpose of purchasing a principal residence. Loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent, which is fixed at the time of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, or in installments over a period not greater than the participant's or the participant's spouse's assumed life expectancy determined at the time of distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants are eligible for in-service distributions from their 401(k) and profit sharing accounts upon attaining the age of 59½ years.

1. Description of Plan (continued):

Forfeited accounts

Forfeited non-vested account balances are used to reduce future employer contributions. Forfeitures may be applied to pay Plan expenses, or may be used to reduce future employer contributions. At December 31, 2015 and 2014, forfeited, non-vested accounts were $13,975 and $22, respectively.

Investments options

The assets of the Plan are allocated to the various investment funds at the direction of the participant. Upon enrollment, a participant may direct his or her 401(k) contributions in any of the various investment options which are offered by T.D. Ameritrade Trust Company.

Payment of benefits

On termination of service due to death or disability, a participant may elect to receive either a lump sum amount equal to the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In-service withdrawals are available to participants who have attained age 59 ½ and are 100% vested in their elective deferral and employer contribution accounts.

2. Summary of significant accounting policies:

Basis of accounting

The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

2. Summary of significant accounting policies (continued):

Accounting methods

Net assets available for benefits and changes in net assets available for benefits differ from that reported on Internal Revenue Service ("IRS") Form 5500, *Annual Return/Report of Employee Benefit Plans*. This difference is the result of using the cash basis for governmental reporting purposes and the accrual basis for financial reporting purposes. See Note 10 for a reconciliation of the financial statements to Form 5500.

Accounting changes

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): *(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected early implementation of Parts I and II such adoption has no effect on the net assets available for benefit as of December 31, 2014.

Use of estimates

The preparation of financial statements in accordance with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of significant accounting policies (continued):

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as charges to the participants' accounts. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015. The Plan had no excess contributions as of December 31, 2015.

2. Summary of significant accounting policies (continued):

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Participants' accounts are charged a fee for loan disbursements of $100 and a fee for distributions of $40. Investment related expenses are included in the statement of changes in net assets available for benefits.

3. Summary of information certified by Plan trustee:

The investments (including participant notes) included in the statement of net assets available for benefits as of December 31, 2015 and 2014, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2015, and the accompanying notes to the financial statements and the supplemental schedule of assets held for investment as of December 31, 2015 were prepared in part from information certified by the trustee, TD Ameritrade Trust Company, in accordance with 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

4. Fair value measurements (continued):

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers or reclassifications of investments between levels within the fair value hierarchy during the year ended December 31, 2015 and 2014.

4. Fair value measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2015:

	Assets at fair value as of December 31, 2015			
Description	Total	Level 1	Level 2	Level 3

4. Fair value measurements (continued):

Fair value of investments in entities that use NAV

December 31, 2015	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Collective trust fund	$ 739,476	N/A	Daily	12 months

December 31, 2014	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Collective trust fund	$ 746,686	N/A	Daily	12 months

5. Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by T.D. Ameritrade Trust Company. T.D. Ameritrade Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in investment gains, as they are paid through revenue sharing, rather than a direct payment.

The Plan makes loans to participants and therefore, these transactions qualify as parties-in-interest.

6. Plan termination:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. Upon Plan termination, participants become 100% vested in their employer contributions.

7. Tax status

The IRS has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan's Federal informational returns for the years prior to 2013 are no longer subject to examination by the respective taxing authorities. There have been no tax adjustments or regulatory examinations during the year ended December 31, 2015.

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various financial risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

9. Distributions payable:

At December 31, 2015 and 2014, net assets available for plan benefits included $103,843 and $264,934, respectively, of participant balances for participants who are separated from service or withdrawn from the Plan prior to the end of the Plan year but have not yet requested distribution from the Plan, or the request had not been approved and processed for payment prior to year-end.

10. Reconciliation of financial statements to IRS Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of IRS Form 5500:

	Financial statements	IRS Form 5500	Difference
Investments, at fair value	$ 5,835,604	$ 5,774,613	$ 60,991

End of year	$ 6,329,009	$ 6,323,959	$ 5,050

11. Subsequent events:

The Plan has evaluated subsequent events through October 10, 2016, which is the date the financial statements are available for issuance, and have determined that except for the matter discussed in the following paragraph, there are no subsequent events that require disclosure under accounting principles generally accepted in the United States of America.
