To the Plan Administrator and Participants
of the SL Industries, Inc. Savings and Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SL Industries, Inc. Savings and Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2015 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2015 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2015 Financial Statements

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2015, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the 2015 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2015 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2015 financial statements.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2015, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2015 Financial Statements* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

The financial statements of the Plan as of December 31, 2014, were audited by other auditors and those financial statements reported upon were prior to the adoption of Financial Accounting Standards Board Accounting Standards Update 2015-12 and 2015-07, as described in the footnotes, which are being applied retrospectively. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 14, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the 2014 financial statements taken as a whole, and (b) the form and content of the information included in the 2014 financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee have, been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF PLAN

The following description of the SL Industries, Inc. Savings and Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering substantially all United States of America non-union employees of SL Industries, Inc. and Subsidiaries (collectively, the "Company" or "Plan Sponsor") including SL Power Electronics Corp. (a combination of Condor D.C. Power Supplies, Inc. and Ault Incorporated), SL Montevideo Technology, Inc., Teal Electronics Corp., RFL Electronics, Inc., and MTE Corporation who are age 18 or older. In November of 2014, in conjunction with the divesture of RFL Electronics, Inc., employees of RFL Industries, Inc. were no longer eligible to participate in the Plan. The Plan was formally amended in November of 2015, removing RFL Electronics, Inc. as a participating employer. During August of 2015, in conjunction with an acquisition executed by SL Industries, Inc., participant initiated rollovers of approximately $716,000 and notes receivable from participant balances of approximately $29,000 were contributed to the Plan.

The Retirement Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The trustee of the Plan is Fidelity Management Trust Company (the "Trustee") and the recordkeeper of the Plan is Fidelity Workplace Services.

[2] Contributions:

Participants may elect to contribute to the Plan up to 60% of annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans as rollover contributions. In no event may participant contributions exceed any statutory limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Unless the participant affirmatively elects, deferral contributions for participants having automatic enrollment contributions shall be increased annually by 1% (not to exceed 10%) of compensation effective July 1st. Such increased deferral contributions are pre-tax deferral contributions. The automatic deferral increase shall not apply to a participant within the first six months following the automatic enrollment occurrence. Contributions for automatically enrolled participants are invested in the respective Fidelity Freedom Fund based on the respective participant's date of birth until changed by the participant.

The Company may make discretionary matching contributions on behalf of each eligible participant in an amount equal to a percentage of participant contributions. The matching contribution for the year ended December 31, 2015 was equal to fifty percent (50%) of the participant's elective deferrals up to six percent (6%) of eligible compensation. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. The Company elected to not make a profit-sharing contribution during the year ended December 31, 2015.

Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[3] Participant accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution, if any, and Plan investment earnings as well as charged with distributions and an allocation of Plan investment losses. Participant accounts may also be charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are vested immediately in their contributions and their employer's profit-sharing contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service as follows:

Years of Service	Vesting
0-1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

The Plan allows for grandfathered vesting schedules for employees who were members of Ault Incorporated Profit Sharing Plan and Trust (the "Ault Plan"). Members of the Ault Plan are 100% vested in Company contributions regardless of years of service.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The notes bear interest at an interest rate as determined by the Plan administrator based upon the prevailing rates of interest charged by persons in the business of lending money. The interest rates on the notes from participants as of December 31, 2015 ranged from 4.25% to 6.00%. The term of any note to a participant shall be no greater than five years, except in the case of a loan towards the purchase of a principal residence, as defined by the Plan. Principal and interest is paid ratably through monthly payroll deductions.

[6] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, in payment over various types of installments, or have the vested account balance paid directly to an eligible retirement plan specified by the participant in a direct rollover. If a participant's account balance is less than $1,000, a lump sum distribution will be made regardless of whether the participant requests a distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[7] Forfeitures:

At December 31, 2015 and 2014, forfeited non-vested accounts totaled approximately $33,000 and $40,000, respectively. These accounts will be used to reduce future employer contributions to the Plan or to offset Plan administrative expenses. During 2015, approximately $56,000 were used to reduce employer matching contributions and $21,000 was used to pay administrative expenses.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 12, 2016, the date the financial statements were available to be issued.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and certain recordkeeping fees are paid by the Plan. Investment related expenses are included in net depreciation of fair value of investments.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

[7] Reclassification:

Certain amounts in the 2014 financial statements and disclosures have been reclassified to conform to the presentation in the 2015 financial statements.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

[8] Accounting pronouncements pending:

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07 ("ASU 2015-07"), *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), an amendment to Fair Value Measurement Topic 820*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted.

The Plan elected to adopt ASU 2015-07 as of and for the year ended December 31, 2015. Accordingly, investments measured using the net asset value per share as a practical expedient have not been categorized within the fair value hierarchy. The amendment has been applied retrospectively to all periods presented.

In July 2015, the FASB issued ASU No. 2015-12 ("ASU 2015-12"), *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965) (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows an employee benefit plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments using the month end closest to its fiscal year end. The amendments are effective for fiscal years beginning after December 15, 2015. Earlier application is permitted.

The Plan elected to adopt ASU 2015-12 as of and for the year ended December 31, 2015. The applicable amendments of ASU 2015-12 have been applied retrospectively to all periods presented.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the statement of changes in net assets available for benefits for the year ended December 31, 2015 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015.

NOTE D - FAIR VALUE MEASUREMENTS

The FASB's Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation of methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 37,530,747**	**$ -**	**$ -**	**$ 37,530,747**
Total investment assets in the fair value hierarchy	**$ 37,530,747**	**$ -**	**$ -**	**37,530,747**
Investments measured at net asset value (A):				
Common collective trust				**6,622,265**
Total assets at fair value				**$ 44,153,012**

	Assets at Fair Value as of December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 43,900,003	$ -	$ -	$ 43,900,003
Total investment assets in the fair value hierarchy	$ 43,900,003	$ -	$ -	43,900,003
Investments measured at net asset value (A):				
Common collective trust				6,031,618
Total assets at fair value				$ 49,931,621

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation/appreciation in value of investments in the statement of changes in net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers in or out of Levels 1, 2, or 3.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2015 and 2014:

	Fair Value Estimated Using NAV Per Share				
	Fair Value December 31,				
Investment	2015	2014	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust Fidelity Managed Income Portfolio (a)	**$ 6,622,265**	$ 6,031,618	None	Daily	None

(a) The objective of the managed income portfolio is to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity for participant withdrawals and transfers. The investment contract prohibits transfers to competing funds for a period of 90 days. Non-participant directed withdrawals must be preceded by 12 months written notice to the Trustee. The Trustee, in its discretion, may complete such withdrawal before the expiration of the 12 month period.

NOTE E - TAX STATUS

The Plan has adopted a Prototype Standardized Plan sponsored by Fidelity Management & Research Company. On March 31, 2014, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common collective trust managed by Fidelity Investments Institutional. Fidelity Workplace Services provides recordkeeping services for the Plan. Fidelity Investments Institutional, Fidelity Workplace Services and Fidelity Management Trust Company are companies under Fidelity Investments. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, transactions with Fidelity Investments Institutional qualify as party-in-interest transactions. In addition, participants are charged administrative expenses for distributions and loan withdrawals by Fidelity Workplace Services, and these transactions qualify as party-in-interest transactions. Fees paid by the Plan were approximately $28,000 for the year ended December 31, 2015.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2015 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - PARTIAL PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

In 2014, the Company sold RFL Electronics, Inc. The Company determined that a partial Plan termination had occurred. All participants affected by the partial Plan termination became fully vested in their accounts prior to distributions being taken.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,
