WEST CENTRAL GASTROENTEROLOGY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF PLAN

The following description of the West Central Gastroenterology 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan became effective January 1, 2011 and covers all eligible employees of West Central Gastroenterology, LLP (the "Company") who have met certain eligibility requirements.

Eligibility – Employees of the Company who have attained age twenty-one and completed one year of service are eligible to participate in the Plan.

Contributions – After enrollment in the Plan, participants may elect to contribute, in the form of salary deferrals, up to 100 percent of their annual compensation, not to exceed the regulatory maximum. The elective deferral maximum for 2015 was $18,000 and an additional $6,000 "catch-up" for those age 50 or older. Rollover contributions from another qualified plan or individual retirement account are permitted under the Plan.

The Company may make discretionary matching and profit sharing contributions to the Plan. The discretionary matching contribution is a discretionary percentage of participants' elective deferrals up to a maximum deferral of 6% of the participant's compensation and will not exceed 4% of the participants' compensation for the Plan year. The discretionary profit sharing contribution is allocated to eligible participants based on eligible compensation and participant classification. The participant must be employed on the last day of the year and have completed 1,000 hours of service during the Plan year in order to receive a profit sharing contribution. The discretionary matching and profit sharing contributions are determined annually by the Company. The Company will make safe harbor contributions to each eligible participant in an amount equal to 3% of the participant's compensation for the Plan year. Eligible employees for the purpose of the safe harbor contributions exclude highly compensated employees. There was no matching contribution for 2015. The Company made profit sharing and safe harbor contributions totaling $1,029,732 for 2015.

Contributions were invested, as directed by the participant, in mutual funds or a stable value fund held by Capital Bank and Trust Company.

Participant accounts – Each participant's account is credited with the participant's contributions, Company contributions and investment earnings (losses) less expenses. Any benefits provided by the Plan are paid from the net assets available for benefits. The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions and income (loss) thereon (including net realized and unrealized investment gains and losses) allocated to such participant's account. Forfeitures are applied to reduce Company contributions or Plan expenses. Forfeitures of $1,790 were used to reduce Company discretionary contributions during 2015. As of December 31, 2015, the forfeiture account balance was $1,314 which will be used to reduce future Company discretionary contributions or Plan expenses.

Participants have the ability to direct the investment of their account balances between various investment funds or any combination thereof. Each investment fund has unique and varied investment objectives.

WEST CENTRAL GASTROENTEROLOGY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF PLAN, CONTINUED

Vesting – Participants are immediately vested in their voluntary contributions and in Company safe harbor contributions and earnings thereon and, if applicable, any amounts "rolled over" into their accounts. Vesting of the employer discretionary contributions and earnings thereon is based on the participant's period of service with the Company. Participant's vest 20 percent per year beginning in the second year of service and are fully vested after six years.

Notes receivable from participants – The Plan allows participants to borrow up to the lesser of 50% of their vested balance or $50,000. Loans must be for a minimum of $1,000 and are limited to one loan per participant at a time. Loans to participants are secured by the participant's vested account balance. Interest rates are based on the Wall Street Journal Prime rate plus 1%, and generally must be repaid within five years. Up to a fifteen year term loan may be available if the loan is to be used to purchase the principal residence of the participant.

Notes receivable from participants are measured at their unpaid principal balance. If a participant fails to make a scheduled loan payment, the loan shall be in default. Upon default the entire principal balance shall become immediately due and payable. A loan is also considered in default when the participant terminates employment and does not pay the outstanding balance within thirty days of their termination date. Loans in default are reclassified as distributions based upon the terms of the Plan documents.

Payment of benefits – Participants are eligible to receive benefits upon termination of service, retirement, disability or death. Distributions will be made in one lump sum payment in cash. At December 31, 2015, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid. The Plan also allows in-service distributions from fully vested account balances for participants age 59½ or older. Hardship distributions for immediate and heavy financial need are allowed but are limited to the participant's elective deferral accounts. Distributions of rollover contributions may be made at any time as elected by the participant.

Plan administration fees- Plan administrative expenses, including recordkeeping, third party administration fees and transaction fees are paid for by the Plan participants. The Plan incurred $29,203 of administrative expenses in 2015. Company personnel provided administrative services to the Plan at no charge in 2015.

Plan termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis except for benefit payments which are recorded when paid.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Valuation of investments – Investments are valued at fair value (See Note 4).

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest income on loans is recorded on the accrual basis.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Risks and uncertainties – The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the risk associated with investment securities and the uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Adoption of accounting standards updates (ASU No. 2015-07 and ASU No. 2015-12) – Effective December 31, 2014, Plan management adopted Accounting Standards Update No. 2015-07 Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) which requires the update to be applied retrospectively for all financial statements presented. The update eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendment also removed the requirement to make certain disclosures regarding investments that are eligible to be measured at fair value using the net asset value practical expedient.

Effective December 31, 2014, Plan management adopted Accounting Standards Update No. 2015-12 Part II: Plan Investment Disclosures which requires the update to be applied retrospectively for all financial statements presented. The update simplifies disclosures by eliminating the requirement to disclose investments exceeding 5% of net assets, eliminating the requirement for disclosures of non-participant directed investments and requires investments be grouped only by general type, eliminating the need to disaggregate investments in detail in the fair value measurement disclosures.

(3) INVESTMENTS

The Plan's investments were held by Capital Bank and Trust Company at December 31, 2015 and 2014. The following information included in the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2015 was obtained from data that has been prepared and certified to as complete and accurate by Capital Bank and Trust Company.

The Plan's investments at December 31, 2015 are $6,561,917 as certified by Capital Bank and Trust Company.

During 2015, the Plan's investments, including gains and losses on investments sold during the year, depreciated in fair market value by $431,280 as certified by Capital Bank and Trust Company.

Interest and dividend income was $337,942 and interest income from participant notes receivable was $3,036 for the year ended December 31, 2015 as certified by Capital Bank and Trust Company.

(4) FAIR VALUE MEASUREMENTS

Generally accepted accounting principles provide a framework for measuring fair value and have established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of other than publicly quoted prices that are observable, either directly or indirectly, and Level 3 inputs consist of unobservable inputs and has the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The level is based on the lowest level of any input that is significant to the fair value measurement.

(4) FAIR VALUE MEASUREMENTS, CONTINUED

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014.

- Mutual funds: The fair value is based on quoted net asset values of the shares held by the Plan at year-end (market approach).
- Stable value fund: As a practical expedient, the net asset value of units of the bank collective trust is used to estimate fair value.

	December 31, 2015 Fair value measurements using:	
	Total	Level 1
Mutual funds	$ 6,493,417	$ 6,493,417
Investments measured at net asset value (a)	68,500	-
Investments at fair value	$ 6,561,917	$ 6,493,417

	December 31, 2014 Fair value measurements using:	
	Total Compiled	Level 1 Compiled
Mutual funds	$ 4,987,402	$ 4,987,402
Investments measured at net asset value (a)	58,544	-
Investments at fair value	$ 5,045,946	$ 4,987,402

(a) In accordance with Subtopic 820-10, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

(4) FAIR VALUE MEASUREMENTS, CONTINUED

The following tables summarize investments measured at fair value based on net asset value per share as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2015			
	Fair Value	Unfunded commitments	Redemption frequency	Redemption notice period
Stable value fund	$ 68,500	N/A	Daily	12 months

	December 31, 2014 (Compiled)			
	Fair Value	Unfunded commitments	Redemption frequency	Redemption notice period
Stable value fund	$ 58,544	N/A	Daily	12 months

The Key Bank EB MaGIC Stable Value Fund seeks to provide investors with a reasonable level of income together with stability of principal. The fund invests in traditional guaranteed investment contracts (obligations of creditworthy life insurance companies), synthetic GICs (high-quality debt securities held by the Fund within contracts), bank investment contracts, separate account GICs, repurchase agreements, other collective investment trusts, cash and cash equivalents and other investments having the characteristics of a guaranteed return of principal and fixed rate of interest.

(5) TAX STATUS

Effective January 1, 2011, the Employer adopted the KB Pension Services, Inc. Defined Contribution Volume Submitter Plan and Trust. The Volume Submitter Plan obtained a determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

(6) RELATED PARTY TRANSACTIONS

Certain Plan investments at December 31, 2015 and 2014 are shares of mutual funds managed by American Funds Distributors, Inc. which is a subsidiary of Capital Group Companies, Inc., parent of the trustee and record-keeper. Recordkeeping fees of $8,327 were paid to a subsidiary of Capital Group Companies, Inc. for the year ended December 31, 2015.

(7) CORRECTION OF ELECTIVE DEFERRALS

In 2015, management determined that elective deferrals were not calculated according to the participants instructions for certain participants, which resulted in "missed" elective deferrals. As of the date of the audit report, management has not identified the total affected participants; therefore the amount involved in the correction process has not been determined. However, management has estimated that the amount necessary to correct the missed deferrals is not material as of December 31, 2015, and therefore the financial statements do not reflect an adjustment for the correction. Plan management intends to determine the participants affected and to correct the error as soon as administratively possible.

(8) PROHIBITED TRANSACTIONS

For the Plan year 2015, the Company did not remit certain participant contributions to the trustee in a timely manner based on when the participant contributions were withheld from participant paychecks as required under Department of Labor Regulation 29 CFR 2150.3-102. In recognition of its responsibility in this matter, the Company calculated and has elected to make contributions to the affected participants' accounts to compensate for estimated lost income of $67 for 2015. In addition, as the delayed remittances are defined as prohibited transactions under Department of Labor regulations, the Company will file Form 5330 for year ended December 31, 2015.

(9) SUBSEQUENT EVENTS

The Plan's management has evaluated events occurring subsequent to year end through October 13, 2016, the date the financial statements were available to be issued, for financial reporting and disclosure purposes. Plan management identified the following subsequent events:

The correction of missed deferrals discussed in Note 7 has not been finalized as of the issuance of these financial statements.

The Plan was restated effective January 1, 2016 to conform to regulatory requirements and incorporate previous compliance amendments. The restatement also changed the Plan name to "Gastro Florida 401(k) Plan" and modified the employer's discretionary matching contribution to eliminate the matching formula. The employer's discretionary matching contribution will be a percentage of participant's compensation or a discretionary dollar amount to be determined by the employer on a uniform basis for all participants. The restatement did not materially change the most recent provisions of the Plan and related amendments, or result in loss of benefits to participants.
