NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of the Stronghold Engineering, Inc. 401(k) Employees' Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility and Coverage

The Company adopted a Prevailing Wage Pension Plan on January 1, 1997, which was amended and restated as of April 1, 2013, as a defined contribution plan. Effective December 31, 2005, the net assets of Stronghold Engineering, Inc. 401(k) Employees' Profit Sharing Plan were merged into the Plan. The Plan is a defined contribution 401(k) profit sharing plan covering all eligible employees of Stronghold Engineering, Inc. (the "Plan Sponsor"). As of January 1, 2015, the Plan was restated. The restatement decreased the minimum service requirement to three months of employment in which at least 250 hours are worked and decreased the minimum age requirement from age twenty-one to eighteen. The Plan covers all Davis-Bacon or state prevailing wage contract employees regardless of age or hours of service requirement. Participants, once eligible, may begin deferring a portion of their compensation into the Plan. Employees are eligible for discretionary matching contributions if they are working for the Company on the last day of the plan year and have completed at least 1,000 hours of service during the Plan year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(a) of the Internal Revenue Code (IRC).

Contributions

Participant – Participants can contribute up to 100% of their salaries as long as it does not exceed limits set forth by the IRS. In 2015, not more than $18,000 may be contributed. Participants ages 50 or older may elect to defer additional amounts (called "catch-up" contributions) to the Plan. The maximum "catch-up" contribution that can be made in 2015 is $6,000. The additional amount can be deferred regardless of any other limitations on the amounts that can be deferred to the Plan. Participants also have the option to make elective after-tax contributions to a Roth 401(k). Total Roth contributions for the year ended December 31, 2015 was $45,894. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover").

Employer – Employer contributions may be made at the sole discretion of the Plan Sponsor. Contributions are subject to certain Internal Revenue Service limitations. The plan sponsor may also make a discretionary profit sharing contribution. Employees receive a pro rata allocation based upon the employee's compensation. During the year ended December 31, 2015, the Company matched 50% of the employee contributions for a total of $155,226. The Company also contributes the amount allowable as retirement contributions included under the general prevailing wage determinations in effect and used to determine compensation for Davis-Bacon or state prevailing wage contracts.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Contributions (Continued)

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan unless affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions in a designated balanced fund until changed by the participant.

During the plan year ended 2015, the Company amended its plan document to elect its automatic deferral to increase on a pre-tax deferral rate of 1% per year. The automatic increase will take effect as of the first day of the second plan year following the plan year in which the automatic deferral election first becomes effective. Such increase shall be capped at a maximum of 10% of the participant's compensation. The participant has the option to opt out of such election. For the plan year ended 2015, the increase was made effective September 1, 2015.

All contributions made on a participant's behalf are deposited in the trust and allocated among the investment funds in accordance with the participant's investment elections. A participant may elect to transfer investments from any investment fund to any other investment fund on a daily basis.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Plan Sponsor's contributions and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and related investment activity thereon. Participants vest in plan sponsor contributions in annual ratable installments of 20% after the second year of service and are fully vested after 5 years. Participants are fully vested in the event of death, disability, or attaining normal retirement age (age 65). Participants are immediately vested in plan sponsor prevailing wage contributions.

Forfeitures

If a participant terminates prior to vesting 100% in the employer contributions, the forfeited balance will be used to reduce administrative expenses and future employer contributions. In 2015, administrative expenses were reduced by $26,250. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $36,196 and $15,130, respectively.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are also available to those participants who are age 59 ½ or older. Participants who qualify for retirement benefits and withdrawals will receive their benefits as a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative lump sum distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan repayment terms shall be no greater than five years except when the loan proceeds are used for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2% at the time the loan is taken. At December 31, 2015, outstanding loans had interest rates ranging from 3.25% to 5.25%. Principal and interest is paid at least weekly over the term of the loan through payroll deductions.

Administrative Expenses

Certain expenses of maintaining the Plan may be paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value by Great-West Trust Company, LLC (the "Custodian"). Mutual funds are valued based on the quoted market prices on the last business day of the plan year. The carrying value of interest bearing money market accounts equal their fair value. Increases or decreases in fair value are recognized currently. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses have been recorded as of December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded when paid.

Risk and Uncertainties

The plan provides for various investment securities. These investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in value, it is at least reasonably possible that changes in the various risk factors in the near term would materially affect participant's account balances and the amounts reported in the accompanying financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management elected to adopt Part II early. Parts I and III are not applicable to this Plan. Accordingly, the amendments were retrospectively applied, resulting in the removal of the disclosures of individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type have been removed, and the level of disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2016, the date which the financial statements were available to be issued. No events have occurred through this date requiring disclosure.

NOTE 3 - TRUSTEE CERTIFICATION

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified to the completeness and accuracy of all investments reflected on the accompany statements of assets available for benefits as of December 31, 2015 and 2014 and the supplemental schedule of assets held for investment purposes as of December 31, 2015, the related investment activity reflected in the statements of changes in assets available for benefits for the year ended December 31, 2015.

NOTE 4 - FAIR VALUE MEASUREMENTS

The accounting standards regarding fair value measurements define fair value, establish a framework for measuring fair value, and provide for enhanced disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Valuation is based upon quoted prices in active markets for identical securities.

Level 2 – Valuation is based upon other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).

Level 3 – Valuation is based upon unobservable inputs significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in methodologies used at December 31, 2015 and 2014.

Cash and Cash Equivalents

The carrying value is believed to be representative of the fair value.

Mutual Funds

These are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels established in current accounting standards.

	Assets at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$11,917,325	$ -	$ -	$11,917,325

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Cash	$12,825,623	$ –	$ –	$12,825,623

NOTE 5 - RELATED PARTY TRANSACTIONS

The Plan pays auditing and administrative fees to parties-in-interest. The Plan paid approximately $55,000 to parties-in-interest for the year ended December 31, 2015.

Transactions involving participant loans also qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants' rights to their accrued benefits are non-forfeitable.

NOTE 7 - INCOME TAX STATUS

The Plan has adopted the provisions of a volume submitter 401(k) Plan. The Plan obtained its latest opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2015. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits according to the financial statements compared to Schedule H of Form 5500 at December 31:

	2015	2014
Net assets available for benefits per the financial statements	$ 12,562,921	$ 13,323,314
Less: Deemed distributed loans	(66,277)	(5,322)
Net assets available for benefits per Form 5500	$ 12,496,644	$ 13,317,992

The following is a reconciliation of the net decrease in net assets according to the financial statements compared to Schedule H of Form 5500 at December 31, 2015:

Net decrease per the financial statements	$ (760,393)
Less: Deemed distributed loans	(60,955)
Net loss per Form 5500	$ (821,348)

In 2015, Form 5500, which is filed with the Department of Labor, has certain items of income that differ from the amounts shown on the accompanying statement of changes in net assets available for benefits. These differences relate to classification only and have no effect upon net assets available for benefits.
