A. Description of Plan

The following description of the Spreen Honda 401(k) Plan (the Plan) provides only general information. The Plan was adopted on January 1, 1995 and restated effective March 15, 2015. Participants should refer to the plan document for a more complete description of the Plan's provisions.

*General*

The Plan is a defined contribution plan covering substantially all employees of Spreen Honda, Inc. (the company) who have attained the age of 21 and have completed six months of consecutive service. Fidelity Management Trust Company serves as the custodian of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Contributions*

Each year, participants may contribute an amount of their pretax annual compensation. Total contributions per participant in any calendar year may not exceed the limits of Internal Revenue Code Sections 401(k), 404 and 415, which were $18,000 and $17,500 for the years ended December 31, 2015 and 2014, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to an additional $6,000 and $5,500 for the years ended December 31, 2015 and 2014, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The company may provide a discretionary profit sharing contribution determined on an annual basis. The company may also provide a discretionary matching contribution. The amount of the match and the profit sharing contributions are determined each year by the Board of Directors. For the plan year ended December 31, 2015, no matching or profit sharing contributions were made.

All contributions under the Plan are to be invested in shares of investment companies for which Fidelity Management Trust company (Fidelity) acts as transfer agent and which are selected by the employer as investment options under the Plan. The Plan allows participants to self-direct their account balances among certain investments. At December 31, 2015 and 2014, all funds in the Plan were self-directed by the participants.

*Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of the company's contribution and Plan investment earnings or losses of the trust fund. Participants will only realize the gain or loss of their individual investment selections. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are allocated first to pay administrative expenses and secondly to reduce future employer contributions payable under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Description of Plan (Concluded)

*Vesting*

Participants are immediately vested in their 401(k) contributions plus actual earnings thereon. Vesting in the company's matching and profit sharing portions, if any, of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes 20% vested after two years of service. Beginning with the third year, participants' vesting will increase 20% per year until they reach 100% vesting at the end of their sixth year of service.

*Payment of Benefits*

On termination of service due to death, disability or retirement, a participant will receive benefits equal to the value of the participant's account balance. On termination of service due to other reasons, a participant will receive benefits equal to the value of the vested interest in his or her account balance. Payments will be made in one of the following methods:

a. a lump sum payment of entire vested account balance;
b. a single sum distribution of a portion of vested account balance.

Hardship distributions are permitted upon demonstration of financial hardship. The Plan administrator can distribute plan benefits in a single lump sum without the consent of the participant if the account balance is $5,000 or less. All fully vested balances are available for distribution after the participant reaches the age of 59½.

*Notes Receivable from Participants*

Participants may not borrow from their account.

*Plan Administrator Fees*

All routine Plan administrative expenses including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan may be paid out of the Plan unless paid by the employer. For the plan year ended December 31, 2015, administrative fees paid totaled $12,516.

*Forfeitures*

Amounts forfeited from terminating participants' nonvested portions of their company contributions and earnings may be used to reduce future employer contributions. At December 31, 2015 and 2014, the forfeitures account totaled $26,691 and $34,184, respectively.

B. Summary of Accounting Policies

*Date of Management's Review*

For the year ended December 31, 2015, the Plan has evaluated subsequent events for potential recognition and disclosure through October 10, 2016, the date on which the financial statements were available to be issued. It has been determined that no subsequent events or transactions need to be recognized or disclosed in these financial statements.

*Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

*Investment Valuation and Income Recognition*

The Plan's investments are presented at fair value. Fair value of the funds is determined based on the underlying investments of the related funds as reported by Fidelity, based on quoted market prices. Such investments are credited with earnings of the underlying investments and charged for Plan withdrawals and administrative expenses incurred.

Purchases and sales of these investments are reflected on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Payment of Benefits*

Benefits are recorded when paid.

*Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

B. Summary of Accounting Policies (Concluded)

*New Accounting Standards*

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent).* The ASU removes certain disclosures and the requirement to categorize within the fair value hierarchy investments for which fair value is measured using the net asset value (NAV) per share practical expedient provided by ASC 820, *Fair Value Measurement.* The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The ASU should be applied retrospectively to all periods presented. Management has elected to adopt this guidance for the year ended December 31, 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully-Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies disclosures of the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments by nature, characteristics, and risks for disclosure purposes. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively to all periods presented. Management has elected to adopt Parts I and II for the year ended December 31, 2015.

The Statement of Net Assets Available for Benefits as of December 31, 2014 has been adjusted to reflect retrospective application of the new accounting guidance. There was no effect to total net assets available for benefits as previously reported.

C. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

C. Fair Value Measurements (Continued)

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities, and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

***Mutual Funds***

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

***Common Collective Trust Funds***

These funds are valued at the NAV of units of the portfolio fund. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probably that the funds will sell the investment for an amount different from the reported net asset value. The fixed account guarantees a minimum rate of interest for the life of an annuity contract, but may credit a higher interest rate from time to time. Interest is credited to the principal and the investment increases through compound interest to create a book value amount to the participant. Amounts allocated to the fixed account are held in funds offered through an insurance company's general account.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2015 and 2014:

| | ***Assets at Fair Value as of December 31, 2015*** | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual funds | $ 1,711,123 | $ - | $ - | $ 1,711,123 |
| Total assets in the fair value hierarchy: | | | | |
| Investments measured at net asset value (a) | - | 317,897 | - | 317,897 |
| Investments at fair value | | | | $ 2,029,020 |

C. Fair Value Measurements (Concluded)

| | *Assets at Fair Value as of December 31, 2014* | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual funds: | $ 1,769,955 | $ - | $ - | $ 1,769,955 |
| Total assets in the fair value hierarchy: | | | | |
| Investments measured at net asset value (a) | - | 244,057 | | 244,057 |
| Investments at fair value | | | | $ 2,014,012 |

*In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in their fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.*

The following table summarizes investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan.

| | **Fair Value at December 31, 2015** | **Fair Value at December 31, 2014** | **Unfunded Commitments** | **Other Redemption Restrictions** | **Redemption Notice Period** |
|---|---|---|---|---|---|
| Common collective trust funds | 317,897 | 244,057 | None | Daily | 12 months |

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies, or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

D. Unaudited Information Certified by Custodian

At December 31, 2015 and 2014, the Plan's investments were held by the custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

| | 2015 | 2014 |
|---|---|---|
| Investments* | $ 2,029,020 | $ 2,014,012 |
| Dividend income | $ 129,470 | |
| Net depreciation in fair value of investments | $ 160,486 | |

**All investments are certified at fair value with the exception of the common collective trust funds, which is certified at contract value.*

E. Plan Termination

Although it has not expressed any intent to do so, the company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

F. Tax Status

The Internal Revenue Service has determined and informed Fidelity Management Trust Company by a letter dated March 30, 2008, that the prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2013.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $12,516 for the year ended December 31, 2015.

I. Reconciliation of the Financial Statements to Schedule H of Form 5500
