REPORT OF INDEPENDENT AUDITORS

To the Trustees of the
Amalgamated Transit Union Pension Plan
for International Officers and Employees

We have audited the accompanying financial statements of the Amalgamated Transit Union Pension Plan for International Officers and Employees (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets available for benefits as of December 31, 2015 and changes therein for the year then ended and its financial status as of December 31, 2014 and changes therein for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Reports on Supplemental Information

Our audits were made for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 14 and 15 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1. DESCRIPTION OF THE PLAN

The Amalgamated Transit Union Pension Plan for International Officers and Employees (the Plan) was established September 1, 1953 to provide retirement, disability and death benefits for eligible participants. The Plan is a noncontributory defined benefit pension plan covering officers and employees of the Amalgamated Transit Union (the Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Under current plan provisions, a regular pension is payable at the later of age 60, or the age of the employee on the 5th anniversary of the date the participant commences participation in the Plan. Benefits are equal to 3 percent of participants' "Average Annual Earnings," multiplied by their years of credited service up to a maximum of 75%.

An early retirement pension is available at age 55 to eligible employees with at least 5 years of credited service. Benefits are equal to the regular pension amount to which the employee would be entitled if he or she had attained age 60, reduced by 5 percent for each year by which the employee is younger than 60 on the effective date of retirement. However, if the employee has had at least 10 years vesting service, there will be no reduction for the fact that the employee has started to receive the pension prior to age 60.

A late retirement pension is available if a participant is employed past normal retirement age. The pension benefit is the greater of the normal retirement pension calculation and the actuarial equivalent of the benefit calculated at age 60. If a participant reaches age 70 ½ and has not retired, they will begin receiving pension payments or have the payments deferred. If the pension payments are deferred, the pension benefits are actuarially adjusted to take into account the period after age 70 ½.

The occupational disability pension uses the same benefit formula as the normal retirement pension; however, it is always equal to at least 50% of the average annual earnings at the date of disability. A non-occupational disability pension is calculated using the normal retirement pension formula, however, no reduction is made for the benefit commencing prior to the normal retirement date. The benefit is guaranteed for at least ten years.

A pre-retirement spouse benefit for active employees is available to eligible employees with 5 years of vesting service. The benefit is equal to 100% of the benefit the participant would have received had the participant terminated employment on the date of death, except there is no reduction because of its commencement prior to the normal retirement date.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

A pre-retirement spouse benefit for terminated employees is available to eligible employees with 5 years of service. The benefit will equal the vested deferred pension the former deceased employee would have been entitled to.

The plan document should be referred to for specific information regarding benefits and other matters.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements are prepared using the accrual basis of accounting.

Investments - Investments are carried at fair value. Investments in publicly traded mutual funds are measured at the daily closing price as reported by the fund. Short-term investments are carried at cost, which approximates fair value. Common collective funds, non-publicly traded mutual funds and insurance company pooled separate accounts are measured at the net asset value per share of the investment. Privately held corporate stock is measured based upon an annual valuation. Purchases and sales of securities are recorded on a settlement date basis. The fair value of securities purchased and sold just before the financial statement date did not change significantly from the trade date to the financial statement date and the purchases and sales did not significantly affect the composition of the Plan's assets available for benefits.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

New Accounting Pronouncement - In 2015, Accounting Standard Update (ASU) 2015-07 and ASU 2015-12 were issued by the Financial Accounting Standards Board. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-12 simplifies and makes more effective the investment disclosure requirements. ASU 2015-07 becomes effective for plan years beginning after December 15, 2016 and ASU 2015-12 became effective for plan years beginning after December 15, 2015. The Plan has elected early implementation of these standards. Previously reported financial information has been restated to present that information on a comparative basis.

Benefits - Benefits are recorded when paid.

NOTE 3. TAX STATUS

The Plan obtained its latest determination letter dated March 27, 2012 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a).

The Plan accounts for income taxes in accordance with the Accounting Standards Codification (ASC) Topic *Income Taxes*. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The Plan performed an evaluation of uncertain tax positions for the years ended December 31, 2015 and 2014, and determined that there were no matters that would require recognition in the financial statements or that may have an effect on its tax-exempt status. As of December 31, 2015, the statute of limitations for tax years 2012 through 2014 remains open with the U.S. Federal jurisdiction and the various states and local jurisdictions in which the Plan files returns.

NOTE 4. FUNDING POLICY

In accordance with the Union's constitution and general laws, $.10 per member, per month in membership dues shall be allocated to the Plan. Participants are neither required nor permitted to make contributions. Once each year, an independent actuary determines the amount the Union is required to contribute in order to keep the Plan in a sound condition. The actuary uses the unit credit cost method to determine the amounts required to be funded under applicable laws. The Union contributed $1,364,364 and $223,609 to the Plan during the years ended December 31, 2015 and 2014, respectively, of which $1,214,364 and $223,609 were receivable at year end. Contributions made to the Plan by the Union for 2015 and 2014 met the minimum funding requirements of ERISA.

NOTE 5. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations.

Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

NOTE 5. PRIORITIES UPON TERMINATION (CONTINUED)

In addition, certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

NOTE 6. ACTUARIAL INFORMATION

An actuarial valuation of the Plan was made by Cheiron as of January 1, 2015. Information in the report included the following:

	January 1, 2015
Actuarial present value of accumulated plan benefits	
Retirees and beneficiaries currently receiving benefits	$ 47,779,593
Inactive participants entitled to deferred benefits	678,767
Active participants	16,077,438
Total vested benefits	64,535,798
Nonvested benefits	1,569,052
Total actuarial present value of accumulated plan benefits	$ 66,104,850

As reported by the actuary, the changes in the present value of accumulated plan benefits for the year ended January 1, 2015 were as follows:

Actuarial present value of accumulated plan benefits at beginning of year		$ 63,155,662
Increase (decrease) during the year attributable to:		
Additional benefits earned	$ 1,482,875	
Actuarial gains	(627,592)	
Plan amendments	2,447,911	
Change in discount period	4,663,148	
Benefits paid	(5,017,154)	
Net increase		2,949,188
Actuarial present value of accumulated plan benefits at end of year		$ 66,104,850

NOTE 6. ACTUARIAL INFORMATION (CONTINUED)

The actuarial calculations were made using unit credit cost method. Some of the more significant actuarial assumptions used in the January 1, 2015 valuations were:

- Life expectancy of participants - optional combined small plan mortality table for the applicable year.
- Retirement age assumption - staff employees are assumed to begin to retire at age 60 and officers are assumed to retire at age 65.
- Investment rate of return - 7.5%.
- Salary scale - 3.5% increase per year.

The Plan was amended to implement a one-time special supplement increase of 5.4% for all retirees and beneficiaries. Additionally, changes in the Canadian Special Supplemental Benefit are reflected in the valuation.

The above actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received from the Union and income from investments.

Since information on the accumulated plan benefits at December 31, 2015 and the changes therein for the year then ended are not included above, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of December 31, 2015 and the changes in its financial status for the year then ended, but a presentation of the net assets available for benefits and the changes therein as of and for the year ended December 31, 2015. The complete financial status is presented as of December 31, 2014.

NOTE 7. FAIR VALUE MEASUREMENTS

The Plan reports fair value measurements of plan assets using a hierarchy for observable independent market inputs and unobservable market assumptions. Considerable judgments may be required in interpreting market data used to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that could be realized in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value.

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy, and its applicability to the Plan's portfolio for 2015 and 2014, respectively, are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices for similar assets or liabilities, or inputs that are observable, either directly or indirectly, for substantially the full term through corroboration with observable market data. Level 2 includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

Level 3 - Pricing inputs are unobservable for the asset or liability, that is, inputs that reflect the reporting entity's own assumption about the assumption market participants would use in pricing the asset or liability.

The following is a summary of the inputs used as of December 31, 2015 and 2014, in valuing investments carried at fair value:

	2015			
	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Short-term investments	$ 153,809	$ -	$ 153,809	$ -
Mutual funds	15,128,509	15,128,509	-	-

	15,810,560	$ 15,128,509	$ 153,809	$ 528,242
Investments measured at net asset value*				
Mutual funds	47,814,109			
Insurance company pooled separate accounts	926,256			
Common collective fund	8,324,601			
	$ 72,875,526			

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

	2014			
	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Short-term investments	$ 154,396	$ -	$ 154,396	$ -
Mutual funds	15,419,137	15,419,137	-	-
Corporate stock	753,602	-	-	753,602
	16,327,135	$ 15,419,137	$ 154,396	$ 753,602
Investments measured at net asset value*				
Mutual funds	54,018,567			
Insurance company pooled separate accounts	2,233,469			
Common collective fund	5,722,746			
	$ 78,301,917			

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair value measurements using significant unobservable inputs (Level 3) as of December 31, 2015 and 2014, are as follows:

Changes in Level 3 Category	2015	2014
Beginning balance	$ 753,602	$ 657,019
Unrealized gain (loss)	(225,360)	96,583
Ending balance	$ 528,242	$ 753,602

Short term investments are estimated based on amortized cost which approximates fair value.

Publicly traded mutual funds are valued at the closing price reported on the active market on which the individual securities are traded.

The Plan's investment in privately held stock is comprised of an investment in a single company for the years ended December 31, 2015 and 2014. This entity estimates per share value based upon an annual valuation prepared by a valuation specialist. The specialist evaluates the entity's business segments and discounts the estimated value for a lack of marketability. Management estimates the fair value of this investment based upon the reported share value of the entity. Redemption of this stock is restricted to offering periods set by the company.

NOTE 8. INVESTMENT IN INVESTMENT ENTITIES

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the net asset value per share or its equivalent (NAV) of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in investment entities is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a on a daily or quarterly basis but longer lock-up periods can apply to certain investments.

The following table summarizes the Plan's investments in certain entities that calculate net asset value per share as practical expedient to estimate fair value measurement as of December 31, 2015 and 2014 by investment strategy:

	Fair value		Unfunded	Redemption	Redemption notice
	2015	2014	commitments	frequency	period
a. Insurance company pooled separated accounts	$ 926,256	$ 2,233,469	$ -	Monthly	None
b. Common collective funds	8,324,601	5,722,746	-	daily	None
c. Mutual funds	47,814,109	54,018,567	-	Monthly/Daily	15 day notice/none

The following summarizes the investment strategy for each of the Plan's investments in the table presented above:

a. The Plan's investment in insurance company pooled separate accounts consists of an investment in a group of annuity contracts for the years ended December 31, 2015 and 2014. These annuities are comprised primarily of fixed income securities. The Plan owns units within the account which are valued based on the underlying value of the investments of the account. This investment can be redeemed monthly with no redemption notification or restriction.

b. The Plan's investment in common collective funds at December 31, 2015 and 2014 consists of the Longview Small Cap 600 Index Fund. This fund passively invested and seeks to provide returns that track the performance of the S&P 600 Index Fund of small cap companies. The fair value of the Fund is based on the underlying value of the Fund's investments. The investment can be redeemed daily with formal notification via a signed letter of direction by 1:00 PM on trade date. Settlement process is typically on a T+3 cycle (trade date plus three days).

NOTE 8. INVESTMENT IN INVESTMENT ENTITIES (CONTINUED)

c. The Plan's investment in mutual funds measured at net asset value at December 31, 2015 and 2014 consists of investments in the AFL-CIO HIT and the AFL-CIO Equity Index Fund. The AFL-CIO HIT primarily invests in high yield, high credit quality fixed-income securities with interest rates similar to the Barclays Capital Aggregate Bond Index. The fair value of the AFL-CIO HIT is calculated based on the fair value of the underlying investments. The methodologies for the valuations of the underlying securities vary but largely are based on independent pricing services, dealer quotes and cash flow models. This investment can be redeemed monthly with a 15-day redemption notification. There are no redemption restrictions. The AFL-CIO Equity Index Fund is a passively invested fund that provides returns that track the performance of the S&P 500 Index Fund. The fair value of the Fund is based on the underlying value of the Fund's investments. The Fund invests in publicly traded, Level 1, investments. The investment can be redeemed daily with no restriction and no notification requirement.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that those changes could materially affect the amounts reported in the statement of net assets available for benefits. Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 10. ADMINISTRATIVE SERVICES

Administrative services are provided to the Plan by the Union, at no charge to the Plan. The value of these services cannot be readily determined.

NOTE 11. SUBSEQUENT EVENTS REVIEW

Subsequent events have been evaluated through September 16, 2016, which is the date the financial statements were available to be issued. This review and evaluation revealed no new material event or transaction which would require an additional adjustment to or disclosure in the accompanying financial statements.

Schedule SB, Part V – Summary of Plan Provisions

1.	Effective date of plan	September 1, 1953.
2.	Plan coverage	The plan covers all International Officers and Employees.
3.	Plan Year	The calendar year.
4.	Benefit service	Credited service under the prior plan, for employment prior to January 1, 1976, plus the number of cumulative years after December 31, 1975.
5.	Vesting service	Credited service under the prior plan, for employment prior to January 1, 1976, plus the period of service after December 31, 1975.
6.	Annual earnings	Total annual compensation paid during any twelve-month period. Pay is limited to $265,000 for 2015.
7.	Average annual earnings	The three consecutive twelve-month periods out of the last 120 months during which the employee earned the highest total pay.
8.	Accrued benefit	3% of average annual earnings times benefit service. The maximum benefit is 75% of average annual earnings. Monthly payments are 1/12 of this amount.
9.	Normal retirement	
	a. Eligibility	Attainment of age 60.
	b. Benefit	The accrued benefit.
10.	Early retirement	
	a. Eligibility	Attainment of age 55 and 5 years of vesting service.
	b. Benefit	The accrued benefit if the employee has at least 10 years of vesting service. Otherwise, the accrued benefit is reduced by 5% per year prior to age 60.

Schedule SB, Part V – Summary of Plan Provisions (continued)

11.	Disability retirement	
	a. Eligibility	No service or age requirement for disability due to occupational accidents. 5 years of vesting service for non-occupational disability.
	b. Benefit	Unreduced accrued benefit. The minimum disability retirement is 50% of average annual earnings for occupational accidents.
12.	Vested termination	
	a. Eligibility	5 years of vesting service.
	b. Benefit	Accrued benefit payable at age 60, or a reduced accrued benefit, as early as age 55. Benefits commencing prior to age 60 are reduced by 5% per year if the participant has less than 15 years of service.
13.	Pre-retirement spouse benefit for active employees	
	a. Eligibility	5 years of vesting service.
	b. Benefit	100% of the benefit the participant would have received had the participant terminated employment on the date of death. The benefit is guaranteed for at least 10 years.
14.	Pre-retirement spouse benefit for terminated employees	
	a. Eligibility	5 years of vesting service.
	b. Benefit	100% of the benefit the participant would have received had the participant terminated employment on the date of death. If payments would otherwise cease within the first 10 years after benefit commencement, payments equal to 97% of the pension are continued until the end of the 10-year period.

Schedule SB, Part V – Summary of Plan Provisions (continued)

15.	Special Supplemental Benefit	
	a. Eligibility	Participants who are not eligible to receive any benefits under the Railroad Retirement Act or from the Social Security Administration.
	b. Benefit	The benefit formula is designed to estimate the benefit the participant and the participant's spouse would have been entitled to under Railroad Retirement if the participant were covered under Railroad Retirement for all work performed. This benefit is reduced by the Railroad Retirement benefit the participant and spouse are actually eligible to receive under Railroad Retirement.
16.	Benefit forms	For single participants, the benefits are based on the 10 year certain and life. The pension shall be equal to 97% of the accrued benefit. For married participants, the benefits are based on the 100% joint and survivor benefit. If payments would otherwise cease within the first 10 years after the participant's retirement date, payments equal to 97% of the pension are continued until the end of the 10 year period.
17.	Cost of living adjustments to pensioners	None.
18.	Status of Plan	The plan is an ongoing pay/service plan. There are no changes pending.
19.	Changes from prior year	The plan was amended to implement a one-time special supplement increase of 5.4% for all retirees and beneficiaries.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
