Employees of the Employer who are at least 21 years of age or older and are members of the Unions are eligible to participate at the beginning of the calendar quarter following completion of 1,000 hours of service in covered employment within one year of the employee's hire date or during the first plan year beginning after the employee's hire date.

Participant Accounts

Each participant's account is credited with the participant's contributions, and the participant's proportionate share of the Plan's earnings. Each participant's account is debited with the participant's withdrawal, the participant's proportionate share of the Plan's losses, and the Plan's service charge. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (cont'd.)

Vesting

Participants are immediately vested in their salary deduction or rollover contributions plus actual earnings or losses thereon. In addition, a participant will become 100% vested in profit sharing and matching contributions under the following conditions:

(i) Attains age 65 while employed by the Employer
(ii) Becomes disabled (eligible for Social Security disability payments)
(iii) Death

Otherwise, the vested portion of any participant's account is subject to a six-year schedule as follows:

Years of credited service	Vested percentage
Less than 2	0%
2, but less than 3	20%
3, but less than 4	40%
4, but less than 5	60%
5, but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow up to 50% of the amount in his or her individual account not to exceed $50,000 of the nonforfeitable amount of their account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate similar to the rate charged for a loan made under similar circumstances by persons in the business of lending money. Loans are generally due within five years of issuance, unless for the purchase of a principal residence, in which case repayment is limited to a period consistent with the terms set by the Plan sponsor. At December 31, 2015 and 2014, interest rates range from 3.25% to 5.25% per annum, with loans having various maturity dates.

Failure to make loan payments in accordance with the terms of the loan will result in a loan default. The defaulted loan balance will be taxable income to the participant. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 65. On termination of service, a participant may elect to receive a partial withdrawal if terminated, direct rollover or a lump sum amount equal to the participant's account. Benefit payments are also permitted for death, disability and hardship.

Note 1 - Description of Plan (cont'd.)

Payment of Benefits (cont'd.)

Plan regulations mandate that the distribution of a participant`s benefit commence when the participant attains age 70 1/2, or retires, whichever occurs later. Active participants may take withdrawals from their rollover contributions at any time.

Forfeitures

Portions of nonvested accounts are forfeited at the time a participant terminates service with the Employer and begins receiving distributions of the vested portion of his/her account, or when the participant incurs five consecutive one-year breaks in service, whichever is later. Forfeited account balances are used to either reduce Employer contributions or are allocated to the remaining participants' accounts. Through December 31, 2015, there were no Employer contributions to the Plan. Accordingly, there were no forfeitures for the year ended December 31, 2015.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Notes Receivable from Participants

Notes receivable from Plan participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded at December 31, 2015 and 2014.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

Payments of Benefits

Benefits are recorded upon payment.

Administrative Expenses

The Plan sponsor has agreed to assist in the administration of the Plan and absorb certain administrative costs related to the Plan.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent),* which exempts investments measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management is still evaluating the effects of the ASU and it has not been adopted as of December 31, 2015.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Change in Accounting Principle

In July 2015, the FASB issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Accordingly, the amendments were applied retrospectively to all periods presented, resulting in changes to the prior-period disclosures to eliminate the disclosure of: (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type. Parts I and III are not applicable to this Plan.

Note 3 - Information Prepared and Certified By Trustee

The Plan administrator has obtained certification from Mass Mutual Retirement Services, trustee of the Plan at December 31, 2014 and from January 1, 2015 through August 25, 2015. The Plan administrator also obtained certification from Voya, trustee of the Plan at December 31, 2015 and from August 25, 2015 through December 31, 2015. Information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and net depreciation in fair value of investments for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustees of the Plan. This information has not been audited by the independent auditors.

Note 3 - Information Prepared and Certified By Trustee (cont'd.)

	2015	2014
Investments:		
Pooled separate accounts	$ 2,315,268	$ 2,141,530

Notes receivable from participants	$ 51,977	$ 59,087
Net depreciation in fair value of investments	$ (42,718)	
Investment income:

Note 4 - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements (cont'd.)

Following is a description of the valuation methodologies used for assets measured at fair value.

At December 31, 2014, Level 2 inputs relate to the insurance company general account which is valued at liquidation value based on the actuarial formula as defined under the terms of the contract. No unobservable inputs.

At December 31, 2015, Level 2 inputs relate to the pooled separate accounts in nonregistered funds whose underlying assets are valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Level 2 inputs also relate to the Guaranteed income fund, which is valued using a discounted cash flow valuation methodology where the interest rate for the portfolio investment contract is reset at least as frequently as annually (see Note 5).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2015 and 2014:

	Assets at Fair Value at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Pooled separate accounts	$ -	$ 2,315,268	$ -	$ 2,315,268
Guaranteed income fund	-	345,159	-	345,159
Total Investments	$ -	$ 2,660,427	$ -	$ 2,660,427

Note 4 - Fair Value Measurements (cont'd.)

	Assets at Fair Value at December 31, 2014			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Pooled separate accounts	$ -	$ 2,141,530	$ -	$ 2,141,530
Guaranteed income fund	-	336,476	-	336,476
Total Investments	$ -	$ 2,478,006	$ -	$ 2,478,006

Note 5 - Guaranteed Income Fund

The Plan invests in a guaranteed income fund with Voya, which maintains the contributions in a general account. Because certain events limit the ability of the Plan to transact at contract value with the issuer, the Plan has determined that the guaranteed income fund is not fully benefit-responsive, so it is presented on the face of the statements of net assets available for benefits at fair value.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed periodically for resetting.

Note 6 - Income Tax Status

The Plan has received a determination letter from the IRS dated March 31, 2014, stating that the Plan is qualified under Section 401(a) and is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code ("IRC"). The Trustees believe that the Plan, including amendments subsequent to the IRS determination, is currently designed and operated in compliance with the requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax exempt at the financial statement date.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax benefit only if it is more likely than not that the tax position would be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are held by the manager of the investment; therefore, transactions relating to those investments qualify as exempt party-in-interest transactions and are identified as such on the supplemental schedule of investments. Notes receivable from participants also qualify as party-in-interest transactions.

Note 8 - Plan Termination

The Plan sponsor intends to continue the Plan indefinitely, but reserves the rights to amend or terminate it as provided by the applicable Trust Agreement and Plan provisions. If the Plan is terminated, the rights of all affected participants and beneficiaries, to the value of the amounts credited to participants' accounts, shall be nonforfeitable and the Plan assets will be allocated to pay all obligations of the Plan and to provide benefits to those eligible under the terms of the Plan and as otherwise required by law.

Note 9 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to Schedule H of the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 2,713,331	$ 2,537,511

Adjustment for employee contributions receivable	4,010	(4,065)
Net assets available for benefits per the Form 5500	$ 2,717,341	$ 2,539,593

Note 10 - Reconciliation of Financial Statements to Schedule H of the Form 5500 (cont'd.)

The following is a reconciliation of net change in net assets per the financial statements for the year ended December 31, 2015 to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$	175,820
Adjustment		(2,079)
Adjustment for employee contributions receivable		4,010
Net income per the Form 5500	$	177,751

Note 11 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2015 through the date of these financial statements, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.

NATHEL & NATHEL, INC.
401(k) PLAN FOR UNION EMPLOYEES

THE AUDITORS' COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

FOR THE YEAR ENDED DECEMBER 31, 2015

To The Board of Trustees
Nathel & Nathel, Inc. 401(k) Plan for Union Employees

We have conducted a DOL limited-scope audit of the financial statements of Nathel & Nathel, Inc. 401(k) Plan for Union Employees (the "Plan") for the year ended December 31, 2015, and have issued our report thereon dated October 11, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit and certain information related to our audit findings.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated February 19, 2016, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by Plan management, we will not perform any auditing procedures with respect to information prepared and certified to by MassMutual Retirement Services (the "Trustee"), in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements. Our audit of the financial statements does not relieve you or management of your responsibilities.

Our responsibility for the supplementary information accompanying the financial statements, as described by professional standards, is to evaluate whether the form and content of the supplemental information, other than that derived from the information certified to by the Trustee, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Planned Scope and Timing of the Audit

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit involved judgment about the number of transactions to be examined and the areas to be tested.

Our audit included obtaining an understanding of the Plan and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. However, as part of the scope limitation discussed in the first paragraph, we will not consider internal control relating to the information prepared and certified by the Trustee. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties-in-interest or other violations of ERISA rules and regulations, that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan. We generally will communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Nathel & Nathel, Inc. 401(k) Plan for Union Employees are described in Note 2 to the financial statements. Note the disclosure of the change in accounting principle in Note 2 relating to the early adoption of Part II of FASB ASU No. 2015-12, which eliminates disclosures of (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type. Aside from this change, no other new accounting policies were adopted and the application of existing policies was not changed during 2015. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements is related to the fair value of the Plan's Investments in Note 4 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Trustees and management of Nathel and Nathel, Inc. 401(k) Plan for Union Employees and is not intended to be, and should not be, used by anyone other than these specified parties.
