Independent Auditor's Report

To the Trustees of the
Ideal Window Manufacturing Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ideal Window Manufacturing Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in the net assets available for benefits for the years then ended, and the related notes to the financial statements.

Managements's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in the note entitled Certified Investments, which was certified by Principal Life Insurance Company, the Custodian of the Plan for 2015, and Massachusetts Mutual Life Insurance Company, the Custodian of the Plan for 2014, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians held the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the custodians of the Plan as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

DESCRIPTION OF PLAN

The following description of the Ideal Window Manufacturing Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective June 20, 2014 the plan sponsor has changed to IWM Acquisition Corp. and the plan name is changed to Ideal Window Manufacturing Retirement Plan. Participation in the Plan will continue without interruption and service with Ideal Window Manufacturing will be credited for eligibility and vesting purposes.

The Plan was restated as of January 1, 2015. No significant Plan provisions have changed.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who have attained age 21 and have completed six months of eligible service as of the bi-annual enrollment date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The plan provides all participants with the option of voluntarily contributing up to 100% of their pre-tax compensation, as defined, paid by the employer to such participant while a member of the plan, not to exceed statutory dollar limitations. The Plan includes an automatic enrollment provision of 3% of eligible compensation was implemented unless the participant elects otherwise. The plan also allows after tax Roth 401(k) contributions, not to exceed statutory dollar limitations. Contributions paid to the Plan by the employer may include matching and discretionary features. For the matching feature, the employer may contribute an amount equal to 100% of the participant's first 3% of pre-tax contributions. The Company may amend or revoke its obligation to contribute to the Plan if it determines that it will not have significant current or accumulated profits to make such contribution. As of April 1, 2008, the Company suspended the matching contribution. No discretionary contribution was made for the years ended December 31, 2015 or 2014.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as discretionary contributions and Plan earnings. A participant gradually vests in his employer matching and discretionary accounts based on his years of accredited service. A participant is 100% vested in these accounts after six years. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants non-vested accounts may be used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

Participants have the ability to borrow against their vested account balance, as defined in the Plan. Each loan is secured by a promissory note executed by the participant to the Trustee. The minimum loan a participant may seek is $1,000, the maximum loan is the lesser of $50,000 or 50% of the participant's vested balance. Loans are repaid in weekly installments over one to five years, except for a loan used to acquire a participant's principal residence, which may have a repayment period of up to thirty (30) years. The entire unpaid principal balance of the loan, plus any accrued interest, is due upon a participant's termination.

Investment Options

The Plan offered participants 30 investment options of varying risk with Principal Financial Group beginning on January 18, 2015. Beginning on December 26, 2014 the Plan entered a "Blackout" period as Plan assets and investment services were transferred to the Principal Financial Group. This transition was completed on January 18, 2015.

DESCRIPTION OF PLAN, Continued

Forfeitures

The non-vested accounts of participants shall be forfeited upon the earlier of the date of the participant's death, if prior to such date he ceased to be an employee, or his forfeiture date. All or a part of a participant's non-vested account will be forfeited, if, after he ceases to be an employee, he receives a distribution of his entire vested account. The forfeiture will occur as of the date he receives the distribution or on the date such provision became effective, if later. Forfeitures are transferred to the Plan's unallocated cash reserve fund until applied toward Company contributions or to offset plan expenses. Forfeited nonvested accounts totaled $6,811 and $4,233 at December 31, 2015 and 2014, respectively. Forfeitures of $0 and $1,461 were applied to administrative expenses in 2015 and 2014, respectively.

Payment of Benefits

On termination of service, a participant may elect to receive a lump sum amount equal to the value of his or her account or all or any portion of the account may be used to purchase an annuity to provide a lifetime income or installments over a specified guaranteed period.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount the participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines valuation policies utilizing information provided by the investment advisors, custodians, and other professionals. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred in connection with the administration of the Plan are paid by the Plan to the extent not paid by the Company.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncement

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force). Part I of ASU 2015-12, designates contract value as the only required measure for fully benefit-responsive investment contracts, and as a result, excludes such investments from the fair value disclosure requirements. Part II of ASU 2015-12 eliminates the current requirements to disclose (a) individual investments that represent five percent or more of net assets available for benefits and (b) the net appreciation or depreciation for investments by general type. The net appreciation or depreciation in investments still is required to be presented in the aggregate. Part II also requires that investments be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. In addition, Part II states that if an investment is measured using the net asset value (or its equivalent) practical expedient and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of ASU 2015-12 provides a practical expedient to permit Plans to measure investments and investment related accounts as of a month end date that is closest to the Plan's fiscal year end, when the fiscal period does not coincide with month end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted.

The Plan elected to adopt the provisions of 2015-12 for the year ended December 31, 2015, resulting in changes to certain disclosures relating to the fair value of investments. As such, disclosures for prior year amounts have been amended to reflect these changes.

Subsequent Events

The Plan evaluated the events and transactions subsequent to the date of its Statement of Net Assets Available for Benefits through October 3, 2016, which is the date the financial statements were available to be issued.

PARTICIPANT LOANS

Participant loans consist of notes receivables due from plan participants as described under the Description of Plan. The individual loan balances, reported as unpaid principal balances plus any accrued but unpaid interest, are collateralized by the respective participant's vested account balance. Interest rates vary among the loans, ranging from 4.25% to 9.50%. Repayments are made weekly from payroll deductions, ranging from one to five years except for a loan used to acquire a participant's principal residence which may have a repayment period of up to thirty (30) years.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

QUALIFIED TAX STATUS

The Plan has adopted a volume submitter plan, most recently restated as of January 1, 2015. The sponsor of the volume submitter plan received an opinion letter dated September 30, 2014 from the Internal Revenue Service stating the Plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Accordingly, no provision for federal income taxes has been made in the accompanying financial statements. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2012.

RELATED PARTY TRANSACTIONS

The Principal Financial Group, the Plan custodian, thus party-in-interest, holds the Plan's investments as of January, 2015. Massachusetts Mutual Life Insurance Company (MassMutual) held the Plan's investments through December 2014, thus party-in-interest. No related party transactions or party-in-interest transactions have occurred that are prohibited by ERISA regulations. Northeast Professional Planning Group, also party-in-interest, provides third-party administrative services.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 "Fair Value Measurements and Disclosures" defines fair value as the exchange price that would be received on the measurement date to sell an asset or the price paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 also establishes a three level fair value hierarchy that describes the inputs that are used to measure assets and liabilities.

Level 1
Level 1 asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities. The plan holds mutual funds and money market funds that are measured as Level 1 assets. All investments recorded at fair value are within Level 1 of the fair value hierarchy.

Level 2
Level 2 asset and liability fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities: quoted market prices that are not in an active market; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets and liabilities. The plan holds no Level 2 assets.

FAIR VALUE OF FINANCIAL INSTRUMENTS, Continued

Level 3
Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data. The plan holds no Level 3 assets.

		Fair Value Measurements for Assets Measured on a Recurring Basis		
December 31, 2015	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 4,820,233	$ 4,820,233	$ -	$ -
Total assets in the fair value hierarchy	4,820,233	4,820,233	-	-
Investment measured at contract value [1]	414,262	-	-	-
Investment at fair value	$ 5,234,495	$ 4,820,233	$ -	$ -

[1] In accordance with Subtopic 820-10, certain investments that were recorded at contract value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NET APPRECIATION (DEPRECIATION)

Plan investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in market value as of December 31, 2015 are follows:

Net depreciation in fair value of investments	$ (4,638)

FIXED INCOME ACCOUNT

The Plan is party to a benefit-responsive investment with Principal Life Insurance Company called the Principal Fixed Income Guaranteed Account. The account invests primarily in diversified fixed income funds and separately managed derivative contracts. The account is designed to provide a stable asset value. This investment has been reported at contract value in the statement of net assets available for benefits. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

FIXED INCOME ACCOUNT, Continued

The average yield earned by the fund was 1.3% for the year ended December 31, 2015, and the crediting interest rate was 1.20% at December 31, 2015. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company (the custodian of the Plan).

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to net assets per the Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 5,591,029	$ 6,039,671
