INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Quest Specialty Chemicals 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of QUEST SPECIALTY CHEMICALS 401(K) PLAN, which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2015 and 2014 and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements - modified cash basis.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Change in Accounting Principle

As discussed in Note 1 to the financial statements, management has elected to adopt new accounting guidance issued under Accounting Standards Update 2015-12. The new accounting guidance impacts the presentation and disclosure of certain investment information. Management retrospectively applied this change in accounting principle to the 2014 financial statements. Our opinion is not modified with respect to that matter.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter

As described in Note 1 to the financial statements, all investments of the Quest Specialty Chemicals 401(k) Plan were merged into the GAF Materials Corporation 401(k) Plan, effective December 31, 2015.

Report on Form and Content in Compliance With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

QUEST SPECIALTY CHEMICALS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS

DECEMBER 31, 2015 AND 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Participating employers - In March 2008, the Quest Specialty Chemicals 401(k) Plan was formed and the assets of the existing 401(k) plans of the following related entities were transferred into the plan. In June 2013, the companies had formal name changes and began doing business under the names listed below. Quest Specialty Chemicals Holdings, LLC is the parent company.

- United Coatings Manufacturing Co. became a component of Quest Construction Products, LLC
- Hydro-Stop LLC became a component of Quest Construction Products, LLC
- Raabe Company, LLC became a component of Quest Specialty Coatings, LLC doing business as Quest Industrial Products
- Matrix System Automotive Finishes, LLC became a component of Quest Specialty Coatings, LLC doing business as Quest Automotive Products

These entities are collectively referred to as the employer. Also in June 2013, the company acquired U.S. Chemicals & Plastics which became an additional covered employer operating in Quest Specialty Coatings, LLC.

All of the operating units (Quest Specialty Coatings, LLC and Quest Construction Products, LLC) of Quest Specialty Chemicals Holdings, LLC were sold to two separate third parties during 2015. Included in the plan's September 23, 2015 restatement, Quest Specialty Coatings, LLC was removed as a participating employer leaving Quest Construction Products, LLC as the sole remaining participating employer. All contributions to the plan ceased from Quest Specialty Coatings, LLC at the time of the sale during 2015 and participants were given the opportunity to take a distribution of their account balance. Management of GAF Materials Corporation and the trustee of GAF Materials Corporation 401(k) Plan approved the merger of the plan's investments into the GAF Materials Corporation 401(k) Plan, effective December 31, 2015. Contributions from Quest Construction Products, LLC continued to be made to the plan up until the plan's merger. As a result, all investments were transferred from the plan into the GAF Materials Corporation 401(k) Plan on that date.

Method of accounting - The accompanying financial statements have been prepared on the modified cash basis of accounting. Under that basis, certain additions and the related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred. That basis differs from accounting principles generally accepted in the United States of America primarily because the plan has not recognized contributions receivable and the related effect on changes in net assets in the accompanying financial statements.

Key parties of the plan - The employer is the plan sponsor and the plan administrator. Fidelity Management Trust Company (Fidelity) is the trustee and plan agent that holds custody of plan assets. Fidelity Workplace Services LLC is the third party administrator that maintains plan and participant records and performs various compliance tests as tax counsel.

Accounting estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2015 through October 11, 2016, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The investments in the money market portfolio and mutual funds are recorded at fair value based on quoted market prices. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits - modified cash basis. Participants should refer to the prospectuses and annual reports of the mutual funds for more information.

Change in accounting principle - In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I and Part III are not applicable to the plan. Part II eliminates requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, to be applied retrospectively. Management has elected to early adopt the ASU for the 2015 financial statements and apply it retrospectively to the 2014 financial statements.

Fair value measurements - Accounting guidance relating to fair value measurements under accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund and mutual funds - Valued at the daily quoted market prices reported by the funds. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2015 and 2014 as summarized below.

Investments at fair value as of December 31, 2015

	Level 1	Level 2	Level 3	Total

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan has a deferred income arrangement as provided for by section 401(a) of the Internal Revenue Code of 1954, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments. The plan was amended and restated effective June 21, 2013, again effective January 1, 2015 and again effective September 23, 2015.

Eligibility - Employees were eligible to participate after they had completed a two month service requirement. An employee can enter the plan on the first day of each month after meeting the eligibility requirements.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their wages subject to certain limitations (elective deferral contributions). Employees are automatically enrolled in the plan with 3% of their compensation withheld as elective deferral contributions. Effective January 1, 2015, the automatic enrollment percentage was increased to 5%. Participants have the option to increase, decrease or stop the deferral by completing the necessary documentation. Deferral elections can be changed on the first day of each month and may be revoked at any time.
- b. Participants may make rollover contributions from other qualified plans.
- c. For all non-union employees, the employer makes a matching contribution equal to 50% of the elective deferral contributions. The maximum amount eligible for matching is 6% of the employee's compensation. For all union employees hired after November 22, 2006, the employer will make a safe harbor contribution equal to 3% of the employee's compensation. The employee does not have to actively participate in the plan to be eligible for the safe harbor match. If the employee does contribute to the plan, the employer will also make a matching contribution equal to 50% of the elective deferral contributions with a maximum amount eligible for matching of 3% of the employee's compensation. Union employees hired prior to November 22, 2006 are allowed to make voluntary deferrals to the plan, but are not eligible for any safe harbor or matching contributions unless they elect to freeze their defined benefit plan benefits.

The plan was amended, effective January 1, 2015, for all non-union employees to receive a safe harbor employer matching contribution equal to 100% of the first 3% of eligible compensation plus 50% of the next 2% of eligible compensation.

- d. A non-elective contribution may be made at the employer's discretion. There were no non-elective contributions in 2015 and 2014. To receive a non-elective employer contribution, an employee must be employed on the last day of the year to which the contribution relates. This requirement is waived upon death, disability or attainment of the normal retirement age during the year to which the contribution relates.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contributions, if any. Participants are allowed to transfer funds between the various investment options daily.

Vesting - Participants are always 100% vested in their elective deferral contributions, rollover contributions, safe harbor contributions, and the related earnings. Employer matching and non-elective contributions and the related earnings for non-union employees become 100% vested after one year of service. Union employees begin vesting in employer matching and non-elective contributions and the related earnings upon two full years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement participants become 100% vested.

Forfeitures - Forfeited nonvested accounts are retained in the plan and are used to pay certain administrative expenses and to reduce the amount of the employer's matching contributions. Unused forfeitures are not significant.

Benefits to participants - Benefit payments begin after death, disability, normal retirement or termination of employment. Participants will generally receive the distribution of their vested account balance in the form of a single lump sum payment. In addition, hardship withdrawals are permitted under the plan. In-service withdrawals can commence upon attaining the age of 59 ½.

Notes receivable from participants - Plan participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The maximum loan term for a general purpose loan is five years. Loan proceeds used to purchase a primary residence are generally payable over a period up to ten years. Participants may only have one loan outstanding at any given time. Loans are secured by the balance in the participant's account and bear interest at rates set by the plan administrator. Interest rates are fixed for the duration of the loan. As of December 31, 2014, the notes receivable from participants had interest rates ranging from 3.25% to 7.25% with various repayment schedules through February 2025. The notes receivable from participants are recorded at their unpaid principal balances plus any accrued but unpaid interest.

Administrative fees - Certain administrative fees of the plan are paid by the employer.

3. TERMINATION OF PLAN

As discussed in Note 1, the operating units of the employer have been sold to third parties and all remaining investments of the plan have been merged with the GAF Materials Corporation 401(k) Plan, effective December 31, 2015.

4. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of funds managed by Fidelity. Fidelity is the trustee and plan agent that holds custody of plan assets and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid to Fidelity were \$3,431 in 2015 and \$4,166 in 2014. Other indirect fees paid by the plan to Fidelity during 2015 and 2014 are included as a reduction of the return earned on the investment accounts. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. INCOME TAX STATUS

The plan adopted the Fidelity Basic Plan Document No. 14. This volume submitter plan received its most recent opinion letter on March 31, 2008 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan was amended and restated effective January 1, 2015 and adopted a Fidelity volume submitter defined contribution plan. The volume submitter plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the volume submitter plan as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service determination letter for the plan. The plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the trustee has certified that the following data is complete and accurate.

- a. Investments held by the trustee for the plan and the fair values of such as of December 31, 2015 and 2014;
- b. Investment income and the net appreciation (depreciation) in fair values of investments during 2015 and 2014;
- c. Purchases and sales of investments during 2015 and 2014; and
- d. Contributions to, investment income (loss) credited to, benefits paid from and transfers between accounts during 2015 and 2014.

Since the trustee certified the above information is complete and accurate with respect to investments, Department of Labor regulations allow these investments and related activity to be excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See the accompanying independent auditors' report.
