RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Boisset Family Estates, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 2010 to provide retirement benefits for employees of Boisset Family Estates, Inc. and its wholly owned subsidiary, Raymond Vineyard & Cellar, Inc., a participating employer of the Plan (together, the "Company"). The Plan is a defined contribution plan covering all eligible employees who have reached at least 21 years of age and are not leased employees, union employees, residents of Puerto Rico or temporarily assigned Japanese Nationals. Employees become eligible to participate following 3 months of employment with the Company and may join the Plan on the first day of the quarter following the date on which all eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Additionally, participants may make a separate election to defer up to 100% of any bonus compensation. Participant contributions from all sources are limited to an annual maximum of $18,000 for the year ended December 31, 2015. Participants who have reached at least 50 years of age by the end of the calendar year may also make additional "catch-up" contributions limited to an annual maximum of $6,000 for the year ended December 31, 2015. A participant may increase or decrease the amount of contributions on the first day of each Plan quarter. Participants are permitted to make rollover contributions representing distributions received from other qualified plans.

Employer Contributions – The Company may make discretionary matching and profit sharing contributions to the Plan. For the year ended December 31, 2015, the Company made matching contributions to each participant equal to 50% of the participant's contribution, limited to 3% of the participant's annual compensation, as defined by the Plan. For 2015, the Company elected to make no profit sharing contributions to the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan investment earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions and earnings thereon is based on years of continuous service. Participants vest at a rate of 20% per each year of service and are 100% vested after five years of service.

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of their account balance into various funds or an investment contract offered by the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. Loan terms range up to five years, except for loans used to finance the purchase of a primary residence. Participants may have only one loan outstanding at a time from the Plan. The loans are secured by the balance in the participant's account. Interest is charged at a rate commensurate with the prevailing interest rate charged on similar loans under like circumstances by persons in the business of lending money. Principal and interest are repaid ratably through payroll deductions and loans are due immediately upon termination of employment.

Payment of Benefits – Upon termination of service, death, disability, or retirement, a participant may receive a lump-sum distribution or a direct rollover distribution into another qualified plan. Normal retirement age is the later of a participant's 62nd birthday or the 5th anniversary of the first day of the Plan year in which participation in the Plan commenced. A participant who has reached age 59½ may also elect to receive certain pre-retirement distributions. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Terminated participants with account balances over $5,000 may delay receipt of distributions. If the participant's account balance is between $1,000 and $5,000, and no distribution instructions have been received from such participant, the account may be rolled over into an individual retirement account as determined by the plan administrator. Accounts of terminated participants with balances of less than $1,000 will be distributed directly to the participant in the form of a lump-sum payment. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 70½ or the year in which the participant terminates employment.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts – The unvested portion of a participant's account is forfeited upon separation of employment. Forfeited accounts are applied to reduce employer contributions or pay administrative expenses of the Plan. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $12,693 and $12,690, respectively. During the year ended December 31, 2015, forfeitures of $6,423 were used to reduce employer contributions to the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared under the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Adoption of Recent Accounting Pronouncements – Effective January 1, 2015, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* Under the guidance in ASU 2015-07, investments for which fair value is measured using the net asset value per share practical expedient will no longer be categorized within the fair value hierarchy levels, but will be presented as a reconciling item. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. ASU 2015-07 also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value by limiting those disclosure requirements to investments for which the entity has elected to measure the fair value using that practical expedient.

Effective January 1, 2015, the Plan adopted FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). The overall objective of this ASU is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments.

These ASUs have been applied retrospectively. Accordingly, the 2014 Statement of Net Assets Available for Benefits and certain disclosures related to 2014 have been modified to be in accordance with these new standards. These modifications have had no effect on previously reported net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts: Investments in pooled separate accounts are valued at the net asset value ("NAV") of accumulation units held at year-end. The NAV, as provided by VOYA, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. The pooled separate accounts do not have unfunded commitments and are currently not subject to withdrawal limitations.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Investments Measured at Net Assets Value:				
Pooled Separate Accounts	$ -	$ -	$ -	$ 6,362,134
Investments at Fair Value	$ -	$ -	$ -	$ 6,362,134

	2014			
	Level 1	Level 2	Level 3	Total
Investments Measured at Net Assets Value:				
Pooled Separate Accounts	$ -	$ -	$ -	$ 6,027,508
Investments at Fair Value	$ -	$ -	$ -	$ 6,027,508

NOTE 4 – INFORMATION CERTIFIED BY THE INSURANCE COMPANY

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VOYA Retirement Insurance and Annuity Company ("VOYA") has certified the completeness and accuracy of all investments presented on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014, the investment information in Notes 3 and 5, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment income presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015. All investments are in participant-directed funds.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

As part of the VOYA Fixed Account, the Plan has entered into a fully benefit-responsive investment contract with VOYA. VOYA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of VOYA or otherwise.

The Plan is credited with an annual interest rate of no less than 2.00% for as long as the contract remains in force. Each calendar year, VOYA will set a floor interest rate which will be declared in writing, to the contract holder prior to its effective date. As of December 31, 2015 and 2014, the current rate was 2.00%.

VOYA may terminate the contract after the completion of five contract years by providing the Plan a 90 day written notice to pay out the full value without fees, charges, or Market Value Adjustment ("MVA").

Certain events may limit the ability of the Plan to transact at contract value with VOYA. A no surrender charge is assessed against contract withdrawals taken for reasons of participant retirement, severance from employment, death, disability, hardship, loan or in-service withdrawals after age 59½. There are restrictions on transfers to and from the VOYA Fixed Account and a positive or negative MVA may apply if the contract is terminated by either VOYA or the Plan sponsor. The plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

The investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract values, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any unvested portions of their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 7 – TAX STATUS

The Plan has adopted the Alliance Benefit Group of Houston, Inc. Defined Contribution Prototype Plan and Trust (the "Prototype Plan"). The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service dated September 30, 2014, stating that the form of the Plan is qualified under Section 401 of the IRC, and therefore, the related trust is tax exempt. The Plan has not filed for a separate determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RELATED PARTY TRANSACTIONS

The Plan's investments are managed by VOYA. VOYA maintains the Plan's assets in pooled separate accounts and under a fully benefit-responsive investment contract, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are netted against net appreciation or depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. VOYA provides certain administrative services to the Plan pursuant to a service agreement between the Company and VOYA. VOYA receives revenue from certain investment service providers for services VOYA provides to the funds. This revenue is used to offset certain amounts owed to VOYA for its administrative services to the Plan.

If the revenue received by VOYA from such investment service providers exceeds the amount owed under the service agreement, VOYA remits the excess to the Plan. Such amounts may be applied to pay Plan recordkeeping and administration fees. During 2015 there were no excess amounts. The Plan or Plan sponsor may make a payment to VOYA for administration expenses not covered by revenue sharing.

The trustees of the Plan are members of management of the Company.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the years ended December 31, 2015, 2014, 2012, and 2011, there were unintentional delays by the Company in remitting certain employee contributions and participant loan repayments amounting to $463,077, $336,372, $380,946, and $267,747, respectively to the Plan, within the period prescribed by Department of Labor regulations. The Company is currently calculating the amount of lost earnings arising from the delays which will be contributed to the accounts of the affected participants during the year ending December 31, 2016.

NOTE 11 – SUBSEQUENT EVENTS

Effective January 1, 2016, the Prototype Plan was restated with generally the same provisions; the most significant provisions changes were: the addition of auto enrollment, the change in eligibility requirements and the addition of Roth contributions. Under the auto enrollment feature once an employee satisfies the eligibility requirements and if he or she does not make a deferral election within a reasonable period of time after he or she is hired, rehired or reclassified, or affirmatively opts out, the employee's eligible compensation automatically will be reduced by 3% and that amount shall be deemed the employee's deferral election. For employees hired on or after January 1, 2016, the employee is eligible to participate following 6 months of employment with the Company. The restated plan covered amendments through the effective date and contains provisions that are intended to permit continued compliance with current qualification requirements of the IRC.

The Plan administrator has evaluated subsequent events through October 11, 2016, the date the financial statements were available to be issued.
