RPC, Inc. Retirement Savings Plan
St. Augustine, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of RPC, Inc. Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by State Street Bank and Trust Company, the trustee of the Plan, and Massachusetts Mutual Life Insurance Company, as custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee and custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate to the best of their knowledge and belief, and from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Emphasis of Matter
As discussed in Note 2 to the financial statements, the Plan adopted new accounting guidance related to presentation of fair value of certain investments and disclosure of investments. Certain investments are now shown at contract value rather than fair value on the statement of net assets available for benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter
The supplemental schedules of schedule H, line 4a – schedule of delinquent participant contributions and schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2015 or for the year ended December 31, 2015, are required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the RPC, Inc. Retirement Savings Plan (the Plan), as amended and restated effective June 1, 2015, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, established in 1995, is a defined contribution Plan available to substantially all employees of RPC, Inc. (the Company or Employer) with at least three months of service as of the next enrollment date (first day of each quarter). Collectively bargained employees and non-resident aliens are excluded from participation in the Plan. The Board of Directors of the Company is responsible for oversight of the Plan and the determination of the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment: Effective May 1, 2015, the Plan was amended to include SITECH North and Central Florida, LLC as a participating employer of the Plan.

Contributions: Each year, participants may contribute up to 100% of their compensation to the Plan up to the Internal Revenue Code (IRC) maximum limits. The maximum allowable pre-tax voluntary contribution, as determined by the Internal Revenue Service (IRS), was $18,000 for 2015. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,000. Effective October 1, 2012, a Roth elective contribution feature was added allowing employees to make after-tax contributions into the Plan as well. The Plan has a 5% automatic enrollment provision, increased by 1% annually on January 1 of each year with the first increase starting January 1, 2011, up to a maximum of 10% of compensation. If no investment selection is made by an automatically enrolled employee, the appropriate age-based T. Rowe Price Retirement Series fund will be selected as the default investment option. Participants may change the deferral election to a different percentage or amount, including zero, at any time. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company provides for matching contribution of 50% of participant contributions up to 7% of compensation. The Company may also make discretionary employer contributions to employees who have at least one year of service with a minimum of 1,000 hours in a 12-month consecutive period. During the year ended December 31, 2015, there were $1,003,171 of discretionary employer contributions made. As of December 31, 2015, discretionary employer contributions are included in employer contributions receivable in the accompanying statements of net assets available for benefits. In addition, the Company may make special contributions, which include the qualified non-elective contributions (QNEC). No QNEC was made during the year ended December 31, 2015.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, their portion of the Employer's matching contribution and discretionary contribution (if any) and an allocation of Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participants' contributions or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions and any QNEC, plus or minus actual earnings and losses thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus or minus actual earnings and losses thereon, is based on years of continuous service. The Plan provides for 20% vesting of a participant's account for each full year of credited service as defined in the Plan agreement. Participants are 100% vested after five years of credited service.

Regardless of years of service, participants become 100% vested in their accounts upon reaching normal retirement age, death, permanent disability or upon termination of the Plan.

Investment options: Upon enrollment in the Plan, a participant may elect to invest both participant and Company contributions in various investment options as more fully described in the Plan's literature. The Plan currently offers a variety of pooled separate accounts and a guaranteed investment account as investment options for participants. Participants may change their investment options at any time.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000, up to the lesser of $50,000 or 50% of the participant's vested balance in the Plan. A participant may not have more than one note outstanding at any time. The notes, which are collateralized by the balance in the participant's account, bear interest at a fixed rate (prime plus 1%), which ranged from 4.25% to 10.00% as of December 31, 2015, and mature through 2030. Principal and interest are repaid ratably through payroll deductions. All notes are repaid within a period of five years, except notes for the participant's principal residence, which must be repaid in a reasonable period of time, not to exceed fifteen years.

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or receive regular installments over a set number of years, if such vested interest is greater than $5,000, up to age 70½. The normal retirement age, as defined by the Plan, is age 65. If a participant terminates before retirement and has a vested account balance in excess of $5,000, they may elect a lump sum payment or annual installments over a set number of years. Vested account balances less than $5,000, but greater than $1,000, absent direction from the participant, will be distributed into an individual retirement account for the participant. Vested account balances less than $1,000 will be distributed as a lump sum as soon as administratively practicable.

Participants may request hardship withdrawals of elective deferrals, rollover contributions and vested employer contributions under certain circumstances as defined in the Plan document. Participants may request in-service withdrawal of deferrals or rollovers at age 59½ and in-service withdrawal of the Company's match at 59½ and 15 years of service. In addition, participants and surviving spouses may convert some or all of their distributions of vested account balances to a designated Roth account within the Plan.

Forfeited accounts: Forfeitures of participants' non-vested account balances are to be used to reduce future Company contributions or pay Plan expenses. As of December 31, 2015 and 2014, forfeited non-vested accounts totaled $18,847 and $70,263, respectively, and forfeitures used to reduce employer contributions of the Plan totaled $138,853 for the year ended December 31, 2015.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment custodian and trustee. See Note 4 for discussion of fair value measurements.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. These investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Contributions: Contributions from Plan participants and the matching contribution from the Employer are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary employer and QNEC contributions are recognized upon authorization as the underlying compensation is recognized. All participants and employer contributions are participant-directed.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from the accompanying financial statements. Administrative expenses reflected in the financial statements include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan (as provided for in the Plan agreement). Investment related expenses are included in net appreciation of fair value of investments.

Income taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more-likely-than-not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Accounting pronouncements adopted/not yet effective: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the Update for the 2015 Plan year and the Update was retroactively applied to December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the accompanying financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting. The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this Update will eliminate the requirements for plans to disclose: (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. The amendments in Part II of this Update will also require that investments (both participant directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan,* as a direct filing entity, disclosure of that investment's strategy will no longer be required.

Note 2. Summary of Significant Accounting Policies (Continued)

The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted this Update for the 2015 Plan year, and the amendments in Parts I and II were retrospectively applied to December 31, 2014. The amendments in Part III of this Update were not applicable to the Plan. Prior year disclosures in Notes 3 and 4 have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the accompanying financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2015) through October 13, 2016, which is the date these financial statements were available to be issued.

Note 3. Investment Information Certified and Provided by Custodian and Trustee

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Massachusetts Mutual Life Insurance Company (MassMutual), the custodian of the Guaranteed Investment Account and from State Street Bank and Trust Company, (State Street), the trustee under the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian and trustee that information provided to the Plan Administrator by the custodian and trustee related to the following assets and asset activity is complete and accurate and complete and accurate to the best of their knowledge and belief, respectively. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedules related to the following assets:

	2015	2014
Investments at fair value:		
Pooled separate accounts	$ 102,820,624	$ 101,527,473
Investments at contract value:		
Guaranteed investment account	$ 42,590,740	$ 40,054,500
Notes receivable from participants	$ 4,392,244	$ 3,891,287

The custodian and trustee also certified to the completeness and accuracy of $17,396 of net appreciation in fair value of investments, $1,211,113 of interest income related to the plan assets and $173,221 of interest related to notes receivable from participants for the year ended December 31, 2015.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued at net asset value (NAV) per unit based on the quoted market price of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

In accordance with Subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. Therefore, none of the Plan's assets that are recorded at fair value need to be classified or presented within the fair value hierarchy.

Changes in fair value levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers in or out of Levels 1, 2 or 3.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) practical expedient as of December 31, 2015 and 2014:

	Fair Value December 31		Unfunded	Redemption	Redemption	Redemption
	2015	2014	Commitment	Frequency	Restrictions	Notice Period
Pooled separate accounts	$ 102,820,624	$ 101,527,473	None	Daily	None	None

Note 5. Fully Benefit-Responsive Investment Contract

As of December 31, 2015 and 2014, the Plan has a guaranteed investment account with MassMutual Retirement Services (MMRS) which, as described in Note 2, has been determined to be fully benefit-responsive. The MMRS guaranteed investment account is provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed investment account and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Because the trust fund is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits to the fund. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The principal is guaranteed as long as the contract is in force.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete Plan termination; or (3) Plan disqualification. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield earned for 2015 was 2.63%. The average yield credited to participants for 2015 was 2.63%. The crediting interest rate is based on a formula agreed upon with the issuer and guaranteed not to be less than 3%. However, the average yield earned by the Plan and credited to participants may differ from the guaranteed rate due to interest being credited based on contract values, the timing of cash flows, the process by which rates may be reset during the plan year and simplified assumptions used in the calculation of the average yield credited to participants. Such interest rates are reviewed on a quarterly basis for resetting.

Note 6. Plan Termination and Amendment

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to amend any or all provisions of the Plan as well as discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Related Party Transactions and Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or any Employer whose employees are covered by the Plan. Accordingly, the contributions of the Employer are considered party-in-interest transactions. Certain Plan investments include a guaranteed investment account and pooled separate accounts with MassMutual. MassMutual is the custodian as defined by the Plan and therefore, these transactions qualify as permitted party-in-interest transactions, as defined by ERISA. Fees paid by the Plan to MassMutual for recordkeeping services amounted to $69,360 for the year ended December 31, 2015. Certain administrative expenses of the Plan are paid by the Company, and personnel and facilities of the Company have been used by the Plan at no additional charge to the Plan.

Note 8. Tax Status

The Plan has adopted a non-standardized form of a prototype plan document sponsored by MassMutual. The prototype plan has received an opinion letter dated May 11, 2009, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provision of the Internal Revenue Code.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets per the Form 5500 as of December 31, 2015 and 2014:

	2015	2014

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
