Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the North Florida Sales 401(k) Profit Sharing Plan (Plan), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information, which was certified by John Hancock Life Insurance Company (U.S.A.), the Plan custodian, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the Plan has changed its accounting position related to Plan investment disclosures and accounting for fully benefit-responsive investment contracts with the adoption of ASU 2015-12. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of the North Florida 401(k) Profit Sharing Plan

The following description of the North Florida 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by North Florida Sales (Company) for the benefit of its employees who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). V. G. Pelham, III and Greg Holzmeyer are the trustees of the Plan effective January 1, 2015. Prior to January 1, 2015, V. G. Pelham and M. Gregory Flowers were the trustees of the Plan. John Hancock Life Insurance Company (U.S.A.) (John Hancock) serves as Plan custodian.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of eligible compensation. Contributions are subject to certain limitations. Employee rollover and Roth contributions are also permitted. For participants employed as of the end of the Plan year, the Company contributes to the Plan a discretionary matching contribution in an amount or percentage up to the first 15% deferred under the participant's salary deferral. Additional amounts may be contributed at the discretion of the Company's board of directors. Forfeitures are used to reduce administrative costs, restore previously forfeited accounts, then to reduce employer contributions.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after six years of continuous service. The nonvested balance is forfeited upon termination of service. The administrator may elect to use forfeitures to pay administration costs of the Plan, restore previously forfeited account balances or reduce employer contributions.

Payment of Benefits

Upon termination of service, an employee will receive a lump-sum amount equal to the value of his or her account or a partial withdrawal. The Plan allows for hardship distributions and in-service distributions for participants who have attained age 59 ½.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $1,819 and $391, respectively. These amounts may be used as additional employer contributions or to pay administrative expenses. During 2015 and 2014, additional employer contributions were $555 and $46, respectively, from forfeited nonvested accounts. During 2015, $750 of forfeited nonvested accounts were applied to third-party administrator service fees.

Participant Loans

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings, unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan administrator. Loans issued after January 1, 2012 bear interest at 1% over prime.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Change in Accounting Principle

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning on or after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II early. Accordingly, the amendment was retrospectively applied resulting in the removal of Fair Value Level 3 reconciliation, disclosure of individual investments greater than 5% of net assets, disclosure of net appreciation (depreciation) of investments by type and disclosure of classes of assets based on nature, characteristics and risks, which were previously required. Investment income was restated to reflect appreciation (depreciation) between investments at fair value and contract value in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2014. With the adoption of Part I, the fully benefit-responsive investment contract was restated from fair value to contract value as of December 31, 2014 in the Statement of Assets Available for Benefits. Due to the adoption of Part II, classes of assets are now grouped and disclosed based on general type. Parts III is not applicable to the Plan.

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Plan Tax Status

The Plan operates under a volume submitter plan document sponsored by Retirement Solutions Specialists. The volume submitter plan document has been filed with the appropriate agency. The volume submitter plan received its latest determination letter on August 7, 2009, in which the Internal Revenue Service stated that the form of the plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2012.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Investments

The Plan's investment information, included in this note and throughout the Plan's financial statements and supplemental schedule, was prepared by or derived from information provided by John Hancock, the custodian of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certification from the custodian that investment information provided to the Plan administrator by the custodian, related to the investment information, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investment information in this note, and which appears throughout the financial statements and the supplemental schedule.

During the years ended December 31, 2015 and 2014, the Plan's investments (including gains and losses on investments at fair value bought, sold and held during the year) appreciated (depreciated) in value by $(48,136) and $186,764, respectively.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in certain funds of the Plan custodian. The Company provides certain administrative services at no cost to the Plan.

Note 5: Fair Value of Plan Assets and Liabilities

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities;

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; and

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. There are no Level 1 securities. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include mutual funds of pooled separate accounts. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no investments classified in Level 3 of the valuation hierarchy.

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying Statements of Net Assets Available for Benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

	2015			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observ-able Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Pooled Separate Accounts	$ 3,390,124	$ -	$ 3,390,124	$ -

	2014			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observ-able Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Pooled Separate Accounts	$ 3,188,413	$ -	$ 3,188,413	$ -

Note 6: Fully Benefit-responsive Guaranteed Investment Contract

The Plan holds a pooled separate account whose underlying investment, John Hancock Stable Value Fund Collective Investment Trust, is a fully benefit-responsive guaranteed investment contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts, as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Plan invests in investment contracts through guaranteed investment contracts within a stable asset value fund held by a pooled separate account. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Information on the fully benefit-responsive investment contract is as follows:

	2015	2014
Average yield	1.09%	0.80%
Credited interest rate at December 31	0.81%	0.81%
Fair value	$ 744,666	$ 777,786
Contract value	$ 743,254	$ 766,972

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (*i.e.*, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; and 5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and (4) a material amendment to the agreement without the consent of the issuer.

Note 7: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to the Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 4,463,016	$ 4,323,761
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	1,412	10,814
Net assets available for benefits per Form 5500	$ 4,464,428	$ 4,334,575

The following is a reconciliation of the net increase in net assets available for benefits for the years ended December 31 to the Form 5500:

	2015	2014
Net increase in net assets available for benefits per the financial statements	$ 139,255	$ 427,455
Change in adjustment from fair value to contract value for fully benefit-responsivle investment contracts	(9,402)	4,163
Net assets available for benefits per Form 5500	$ 129,853	$ 431,618

Note 8: Risks and Uncertainties

Investment Securities

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 11, 2016, which is the date the financial statements were available to be issued.

Plan management has elected to transfer the Plan's assets to Transamerica Retirement Solutions, LLC.
