Notes to Financial Statements

1. Description of the Plan

The following description of the Ascensus, Inc. 401(k) Saving Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on August 1, 2007. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 ("IRC"), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Administrative Committee of Ascensus, Inc. (the "Company" or the "Employer") is responsible for oversight of the Plan. The Company provides recordkeeping services for the Plan and Ascensus Trust Company (the "Trustee") is responsible for the custody and management of the Plan's assets. The Trustee is considered a related party to the Company and the Plan.

Eligibility

All full-time employees, as defined by the Plan, are eligible to join the Plan on the first of the month following or coinciding with the employee's date of hire.

Contributions

Participants may contribute up to 50% of their annual pre-tax compensation, as defined by the Plan and is subject to certain limitations. Participants who are age 50 or older can make additional pre-tax contributions (catch-up contributions), subject to certain limitations. Participants may also contribute amounts representing pre-tax distributions from other qualified retirement plans or individual retirement accounts (rollover contributions). Roth elective deferrals are not permitted.

Participants direct contributions into various investment options offered by the Plan. Participant investment elections can be changed daily. The Plan includes an auto-enrollment and auto-escalation provision whereby all newly eligible participants are automatically enrolled in the Plan on the first of the month following their first month of eligibility. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their deferral rate is increased by 1% annually, up to a maximum of 8%.

The company may make a discretionary match for each qualifying contributing participant. The allocation formula and the percentage of the dollar amount limit are at the discretion of the Company. For contributions that were made for the year ended December 31, 2015, the Company matched 50% of each participant's contribution, excluding catch up contributions, up to a maximum of 8%. The Company made matching contributions to the Plan totaling \$2.9 million for the year ended December 31, 2015.

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan (Continued)

Contributions (Continued)

The Company may make an employer profit sharing contribution based on a discretionary formula of a flat dollar amount for each qualifying participant. Each qualifying participant must complete at least 500 hours and be an employee of the Company on the last day of the Plan year, as defined in the Plan document. There was a profit sharing contribution made to the Plan for the year ended December 31, 2014 for approximately \$1.5 million which was funded in February 2015. There was no profit sharing contribution declared for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. Allocations are based on Plan earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. Participants are fully vested after five years of credited service, as follows:

	Year 1	Year 2	Year 3	Year 4	Year 5
Discretionary matching contributions	0 %	40 %	60 %	80 %	100 %
Employer profit sharing contributions	0 %	40 %	60 %	80 %	100 %

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive distributions in the form of lump sum payments of vested account balances and are recorded when paid. Individual account balances less than or equal to \$5,000 will be a lump sum payout. Involuntary cash out distributions of \$1,000 or less will be paid in a lump sum distribution. In-service and hardship withdrawals are permitted, as defined in the plan document.

Notes Receivable from Participants

Participants may borrow from their account up to 50% of the participant's vested account balance up to a maximum amount of \$50,000. The term of notes receivable is 5 years (up to 15 years if the receivable is for the purchase of a primary residence). Notes receivable are collateralized by the balance in a participant's account and bear interest at prime plus 1% at the date of origination. Principal and interest are paid ratably through automatic payroll deductions.

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan (Continued)

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested amounts held by the Plan were approximately \$126,000 and \$13,000, respectively. These amounts shall be used to reduce future employer matching contributions. No forfeitures were used to reduce employer matching contributions during the year ending December 31, 2015.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Other Income

Effective October 1, 2014, the Plan adopted a new Recordkeeping Service Agreement (the "Agreement") which provides for deposits to be made into an administrative fee credit account ("AFCA") when revenue received by recordkeeping service providers exceeds the amount owed under the Agreement. The Plan may then use amounts in the AFCA to pay expenses of the Plan. Such deposits are recorded in other income. The AFCA has a balance of approximately \$23,000 as of December 31, 2015.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions on the basis of the terms of the Plan.

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Effective October 1, 2014, pursuant to the Agreement, expenses of the Plan will be paid from amounts available in the AFCA. The Plan incurred approximately \$88,000 for the year ended December 31, 2015. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) (Subtopic 835-30). ASU No. 2015-07 aims to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU No. 2015-07 is effective for fiscal years beginning after December 15, 2016, and is to be applied retrospectively, with early adoption permitted.

In July 2015, the FASB released ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. This amendment removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value. Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose (i) individual investments that represent 5% or more of net assets available for benefits, (ii) net appreciation (depreciation) by individual investment type, and (iii) investment information disaggregated based on the nature, characteristics and risks. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has also been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. The amendment also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. ASU No. 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively, while Part III should be applied prospectively.

The Plan elected to early adopt ASU No. 2015-07 and the applicable parts of ASU No. 2015-12 in order to simplify the presentation of investments and related disclosures.

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

3. Fair Value Measurements

The Plan measures its investments at fair value on a recurring basis in accordance with U.S. GAAP. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritized the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value of measurement. The levels of the fair value hierarchy are as follows:

Level 1-Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2- Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets, and other observable inputs.

Level 3-Fair value is based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and similar techniques.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015, and 2014. There have been changes in level classification during 2015 or 2014.

Cash: The Plan's cash is measured at cost which approximates fair value.

Registered investment companies: The Plan's registered investment companies are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective trust fund: The Plan invests in the Wells Fargo Stable Value Fund C (the "Stable Value Fund"), which is a collective trust fund sponsored by Wells Fargo. The Stable Value fund invests all its assets in the Wells Fargo Stable Return Fund G, which invests in investment contracts and security-backed contracts. The Stable Value Fund has been valued at the net asset value per unit as a practical expedient to measure fair value at year-end as reported by the issuer of the fund. The Stable Value Fund has no unfunded commitments or significant redemption restrictions.

Notes to Financial Statements

3. Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015, and 2014.

Investments at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
<i>(in thousands)</i>				
Registered investment companies	\$ 94,385	\$ -	\$ -	\$ 94,385

Total investments				<u>\$ 93,978</u>

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits in accordance with ASC 2015-07.

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

4. Information Certified by Trustee

All investments consist of funds that were certified as being complete and accurate by the Trustee. The Trustee holds all of the Plan's assets and distributes funds to participants or their beneficiaries.

Additionally, net investment income for the year ended December 31, 2015, included in the Plan's financial statements, was certified as being complete and accurate by the Trustee and was furnished to the Plan administrator.

As permitted by 29 CFR 2520.103-8, the Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

5. Related Party Transactions/Party-in-Interest

The Trustee is a wholly owned subsidiary of the Company, and the recordkeeper for the Plan is the Company. For the year ended December 31, 2015, fees incurred for services provided by the Trustee or the Company amounted to approximately \$23,000, which are accrued at December 31, 2015.

The Plan issues loans to participants, which are secured by the participant's account balances. These qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event plan termination, participants would become 100 percent vested in Employer contributions.

7. Income Tax Status

Effective January 1, 2015, the Plan adopted a Volume Submitter Plan from Ascensus, Inc., which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 stating that the Volume Submitter Plan was designed in accordance with the applicable provisions of the IRC. For the year ended December 31, 2014, the IRS determined that the Plan was designed in accordance with the applicable provisions of the IRC by letter dated July 23, 2012. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

7. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions. On August 26, 2016, the IRS completed its examination of the Plan for the plan years ending December 31, 2012, 2013, and 2014. The IRS notified the Plan sponsor that the 2012, 2013, and 2014 Form 5500's were accepted as filed with no changes with the exception of 2012 due to changes in Plan information. The Plan and Plan Sponsor are in the process of addressing the advisory comments as a result of the examination.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent Participant Contributions

For the year ended December 31, 2015, the Company did not remit participant contributions and loan repayments to the Plan on a timely basis. Such contributions and loan repayments totaled approximately \$305,000 for the year ended December 31, 2015 which are summarized on the Schedule of Delinquent Participant Contributions. Management intends to self-correct in 2016.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Form 5500 (in thousands):

11. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued.

The Plan was restated and amended effective January 1, 2016 to permit Roth elective deferrals, distributions, and hardship withdrawals.

Effective May 10, 2016, all recordkeeping fees will be paid directly by the Plan Sponsor, and any other administrative fees will be paid from AFCA. Administrative expenses in excess of the AFCA balance will be paid by the Plan Sponsor.
