Independent Auditor's Report

To the Board of Trustees of
the IronGate Energy Services
401(k) Plan
Houston, Texas

We were engaged to audit the accompanying financial statements of IronGate Energy Services 401(k) Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter
The supplemental schedules, as listed in the accompanying table of contents, as of and for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of the IronGate Energy Services 401(k) Plan (the "Plan") provides general information only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, established on July 1, 2013, is a defined contribution plan with a salary reduction arrangement. The Plan, sponsored by IronGate Energy Services, LLC (the "Employer" or "Plan Sponsor") has an income deferral feature under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and its subsequent amendments.

Administration of the Plan

The Employer is the Plan Administrator. The Principal Financial Group, through its related entities including Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, (collectively the "Custodian" or "Principal") is the investment custodian and record-keeper for the Plan's participant-directed accounts.

Eligibility

Employees, except those represented by bargaining unit that has bargained with the Plan Sponsor in good faith on the subject of retirement benefits, nonresident aliens, leased employees, individuals who are considered an independent contractor or employees of an independent contractor who are later determined by the IRS to be an employee of the Plan Sponsor, and residents of Puerto Rico, are eligible to participate upon attaining the age of 18 and completion of three months of service with the Employer. Employees may enter the Plan on the first day of the month on or subsequent to meeting the eligibility requirements.

Contributions

Participants may make tax deferred contributions (salary deferral contributions) of a specified percentage of their annual compensation, up to the maximum amount allowed by law ($18,000 for 2015 plus an additional $6,000 for those participants reaching age 50 in 2015). The Employer makes qualified safe harbor matching contributions equal to 100% of the employee's contributions up to 4% of pay, and an additional matching contribution equal to 50% of employee's contributions over 4% of pay but not over 8% of pay. In addition, the Employer may make a discretionary contribution each plan year. There were no discretionary contributions made for the year ended December 31, 2015.

Vesting

Participants are fully vested in their entire account balance if hired prior to January 1, 2012. Participants hired on or after January 1, 2012 are fully vested in the part of the account resulting from employee contributions, matching contributions (excluding additional matching contributions), qualified nonelective contributions and rollovers. For the remainder of the account balance (including additional matching contributions and discretionary contributions), the participant becomes fully vested once they reached three or more years of service. Participants are credited with service from Archer Well Company Inc., Greenlight Energy Services and Sun Tubular Services, LLC.

Participant Accounts

Each participant's account is credited with the participant's and Employer's contributions and investment income (both realized and unrealized) from the participant's directed investments. The account is also charged with withdrawals and an allocation of administrative fees based on the ratio that each participant's account balance bears to the total of all participant account balances on the preceding valuation date. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may direct contributions made on their behalf to a variety of investment choices available under the contract with Principal. The investments vary from conservative to dynamic in nature. A participant can change investment options at any time. In the event a participant does not make an affirmative election, a default investment is used.

Benefits

Upon retirement, death, disability, or termination of service prior to attaining retirement age, the participant's account shall be used to provide benefits in the form of a single lump sum distribution or one of several annuity options available under the Plan Agreement. Participants fully vest and are entitled to their entire account balance upon meeting the retirement requirements, death, or total and permanent disability while employed. Participants who terminate employment prior to attaining retirement age are entitled to their vested account balance. Participants may also receive a distribution due to financial hardship or an in-service distribution upon reaching age 59½. A participant who receives a hardship withdrawal shall be prohibited from making employee contributions to the Plan for six months after receipt of such distributions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are held by the Custodian pursuant to group annuity contracts. The Plan provides for self-directed investment programs for individual participants as provided by the Custodian.

The Plan's investments are primarily held in various common collective trusts, mutual funds, pooled separate accounts and a guaranteed investment contract, which are administered by the Custodian. Investments in mutual funds are stated at fair value, based on quotations obtained from national security exchanges. Investments in the common collective trust funds and pooled separate accounts are stated at net asset value ("NAV"), as provided by the Custodian, which is used as a practical expedient to estimate fair value. Investments in the guarantee investment contract are stated at NAV as determined by the Custodian which is based on the fair value of the underlying investments.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year

Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan Agreement. Expenses that are paid directly by the Employer are excluded from these financial statements. Fees related to the administration of participant accounts are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation or depreciation in the fair value of investments.

Recently Issued Accounting Pronouncement and Adoption

In May 2015, the FASB issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by ASC 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan has elected to early adopt ASU 2015-07; accordingly, these provision were retrospectively applied.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"). Part I requires fully-benefit responsive investment contracts ("FBRIC") to be measured, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and non-participant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. If an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as direct filing entity, disclosure of that investment's strategy is no longer required. Additionally, under Part III plans are provided a practical expedient to measure an investment's fair value utilizing a month-end closest to the Plan's fiscal year end when the fiscal year end does not coincide with a month-end. Part III is not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application. The Plan has elected to early adopt the provisions of Parts I and II of this new standard; accordingly, these provision were retrospectively applied.

Subsequent Events

The Plan Sponsor has evaluated all events through October 12, 2016, the date the financial statements were available for issuance, and noted that there are no events, other than the event disclosed in Note 9, that required recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

December 31,	**2015**	**2014**
Common collective trust	$ 2,855,242	$ 3,322,364
Mutual funds	253,567	222,499
Pooled separate accounts	237,974	164,079
Guaranteed investment contract	417,604	1,560
Notes receivable from participants	76,026	88,411

Year Ended December 31,	**2015**
Net depreciation in fair value of investments	$ (65,022)
Dividend income from mutual funds	3,218
Interest from notes receivable from participants	4,251

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are describes as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability: and
- Inputs that are derived principally from or corroborated by observable market data by correlation by other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as well as contract value. There have been no changes in the methodologies used at December 31, 2015 and 2014 except for the retrospective adoption of ASU 2015-07 and 2015-12.

- ***Mutual Funds:*** The fair values of mutual funds are determined based on quoted market prices (fair value) on the last business day of the plan year as reported by the investment trustee of the Plan's assets.

- ***Common Collective Trust:*** The common collective trust funds are stated NAV, as provided by the custodian, which is used as a practical expedient to estimate fair value. The funds are based on the fair value of the underlying investments held by the funds (less its liabilities) in relation to the total number of units outstanding.

- ***Pooled Separate Accounts*:** Certain investments are held in the form of units of participation in pooled separate accounts and are generally subject to the volatility of the major stock markets in which the underlying investments are held. The units are valued based on the market value of the underlying investments which is known as NAV and are credited with the actual earnings on the underlying investments and charged for distribution and fund transfer expenses. NAV is used as a practical expedient to estimate fair value. Units are purchased and sold at their unit value on the date of the transaction.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of investments as of December 31, 2015 and 2014 are categorized as follows:

December 31, 2015	Level 1	Level 2	Level 3	Total
Mutual funds	$ 253,567	$ -	$ -	$ 253,567
Investments in fair value hierarchy	$ 253,567	$ -	$ -	253,567
Investments measured at net asset value *				3,093,216
				$ 3,346,783

December 31, 2014	Level 1	Level 2	Level 3	Total
Mutual funds	$ 222,499	$ -	$ -	$ 222,499
Investments in fair value hierarchy	$ 222,499	$ -	$ -	222,499
Investments measured at net asset value *				3,486,443
				$ 3,708,942

* In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Fully Benefit-Responsive Investment Contract

The Plan entered into a fully benefit-responsive investment contract with Principal. The Principal Fixed Income Guaranteed Option is held and backed by the general accounts of Principal. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The average yields earned by the guaranteed investment contract are as follows:

	2015	2014
Average yields:		
Based on actual earnings	1.30 %	1.35%
Based on interest rate credited to participants	1.30 %	1.35%

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan Agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participant accounts will be 100 percent vested and non-forfeitable.

7. Parties-In-Interest

The Plan's assets are invested in pooled separate accounts, common collective trusts and a guaranteed investment contract managed by Principal, who also is the custodian of the Plan's assets and performs the recordkeeping for the Plan and, therefore, these qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. The Plan Administrator has approved these activities and transactions.

8. Income Tax Status

The Plan is in the process of obtaining a determination letter from the Internal Revenue Service (the "IRS"). The Plan Sponsor believes that the Plan, as designed, is operated in compliance with the applicable requirements of the IRC. In addition, the Plan is in the process of correcting certain delinquent participant contributions. The Plan Sponsor intends to maintain the tax-qualified status of the Plan; therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes current open tax periods subject to income tax examinations are from 2013 forward.

9. Subsequent Event

On June 1, 2016, the KV Power & Sun Tubular Services, 401(k) & Profit Sharing Plan merged in to the Plan as a result of an acquisition made by the Plan Sponsor. Affected participants became eligible to participate in the Plan subject to the provisions of the Plan agreement.
