INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Intcomex 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Intcomex 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the years then ended, the related notes to the financial statements and the supplemental schedule of Schedule H, line 4i, as of December 31, 2015.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by State Street Bank and Trust ("Trustee"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Trustee as of and for the year ended December 31, 2015, that the information provided to the Plan administrator by Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter—Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A. DESCRIPTION OF THE PLAN

The following description of the Intcomex 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document and amendments for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution retirement plan sponsored by Software Brokers of America, Inc. ("Plan Sponsor"), covering all employees of Software Brokers of America, Inc. and adopting affiliates (collectively referred to as the "Company") who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions: Each year, participants may elect to defer a percentage of their compensation on a pre-tax basis or after-tax basis (Roth) to the Plan, subject to statutorily defined limits (For 2015, $18,000 in the aggregate). Participants may also make rollover contributions to the Plan from other qualified contribution plans. The Company makes Safe Harbor matching contributions equal to 100% of the individual participants' elective deferrals up to 4% of their eligible earnings. The participants must make elective deferrals in order to receive the Safe Harbor matching contributions. The Company's matching contributions were $342,638 and $359,564 for the years ended December 31, 2015 and 2014. Contributions are funded as soon as reasonably possible and, generally, within 5 days of a payroll pay date.

3. Investment Options: Amounts contributed to the Plan are held in a trust created under the Plan. Upon enrollment in the Plan, a participant may direct their contributions into various investment options offered by the Plan.

4. Participant Accounts: Each participant's account is credited with his or her payroll reduction contribution, the Company's matching and profit-sharing contributions, if any, and investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting: Participants are always 100% fully vested in their total account balance in the Plan.

6. Payment of Benefits: Benefits are payable to participants after they leave the Company for any reason (retirement, termination, disability or death). Upon termination of employment, participants can receive their vested benefits in a single lump sum payment or have the payment paid as a "direct rollover" to an individual retirement account or individual retirement annuity or to another employer's tax qualified plan. If the value of a vested account balance (minus any rollover contribution account but including any outstanding loan balance) is $5,000 or less on the valuation date coincident with or immediately following the termination of employment, the Company can cash the entire vested account balance out of the Plan. Participants may also receive a distribution if they experience undue financial hardship as defined by the Internal Revenue Code ("IRC").

7. Notes receivable from participants: Participants may borrow from their account a minimum of $500 up to a maximum equal to 50% of their vested account balance to a maximum of $50,000. A participant may have up to three (3) active loans outstanding at one time. In the aggregate, the loans cannot exceed the aforementioned maximum amounts. Loan terms range from 1 to 5 years and up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Interest rates on participant loans outstanding as of December 31, 2015 range from 4.25% to 6.00%. Principal and

NOTE A. DESCRIPTION OF THE PLAN – CONTINUED

interest is paid ratably through periodic payroll deductions. If a participant terminates employment, any remaining payments are due immediately unless a participant qualifies as a party in interest. If a participant does not repay the loan, the outstanding loan balance will be included in the participant's gross income for federal income tax purposes as if it was distributed to the participant.

8. Administrative Expenses: During the years ended December 31, 2015 and 2014, $12,262 and $10,142, respectively, of administrative and other professional fees were paid indirectly by the Plan. These amounts are included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

9. Transfers: Transfers represent the correction of a participant loan conversion from 2014.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

2. Use of Estimates: The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Significant estimates include the determination of fair value of certain investments of the Plan. Accordingly, actual results could differ from those estimates.

3. Investment Valuation and Income Recognition: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment custodian.

   The fair value of an asset or liability is the price that would be received to sell an asset or transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Company utilized a fair value hierarchy that maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. *Level 1* inputs are quoted prices in active markets for identical assets or liabilities. *Level 2* inputs are observable inputs other than quoted prices included in *Level 1* that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs derived from observable market data. *Level 3* inputs are unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—CONTINUED

As asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

4. Contributions receivable: Contributions receivable represent amounts due from participants as of December 31, 2015 and 2014 funded in the subsequent January.

5. Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees for processing loans are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the remaining note balance is reduced and a benefit payment is recorded.

6. Payment of Benefits: Benefits are recorded when paid.

7. Risks and Uncertainties: The Plan provides for various investment options in any combination of the mutual funds offered. Investment securities are exposed to various risks, such as interest rate, market and credit risks.

   Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events: The Plan's Board of Trustees has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 27, 2016 the date the financial statements were available to be issued.

NOTE C. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets at December 31:

NOTE D. INFORMATION PREPARED AND CERTIFIED BY STATE STREET (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust, the custodian and trustee of the Plan has certified all Plan investment data included in the accompanying financial statements and supplemental schedule is complete and accurate. Plan assets certified by the trustee as of December 31, 2015 and 2014 were as follows:

Interest income on notes receivable from participants	14,321	13,220
Total investment and interest income	$ (86,016)	$ 287,576

NOTE E. FAIR VALUE MEASUREMENTS

The Plan's mutual funds are valued at the quoted NAV of shares held by the Plan at year-end.

The carrying amount of financial assets not measured at fair value on a recurring basis, including notes receivable from participants and employer contributions receivable, approximates their fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

In addition, certain administration services are provided to the Plan by the payroll service provider of the Sponsor. Fees paid by the Plan for services provided by the Trustee and the payroll service provider are also party-in-interest transactions.

NOTE H. TAX STATUS

The Plan obtained its latest determination letter on July 8, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
