Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mercer Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the DOL Rules and Regulation for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

(1) Description of plan

The following description of the Fruit of the Loom 401(K) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was established to provide retirement benefits for employees of Russell Corporation and Subsidiaries and Fruit of the Loom, Inc. and Subsidiaries (collectively, the "Plan Sponsors"). The Plan covers substantially all full-time and part-time employees ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a Safe Harbor 401(k) Plan.

In 2015, the Plan Sponsors sold a portion of their operations to Parkdale America, LLC. Participants working at the facilities involved in the transaction became eligible to participate in the Parkdale Mills, Inc. Retirement Plan (the "Parkdale Plan") and were given the option to rollover their balances from the Plan into the Parkdale Plan. Rollovers out of the Plan as a result of this transaction totaled approximately $2,050,000 and are included within benefits paid in the accompanying statements of changes in net assets available for benefits. Additionally, any participant electing to rollover his or her balance into the Parkdale Plan could also elect to transfer his or her outstanding loan balance, if any. Total loans transferred from the Plan amounted to $485,321.

(b) Contributions

After meeting the eligibility requirements, participants can immediately make voluntarily qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In order to participate, employees must make a minimum contribution of 1% of compensation, as defined in the plan document. Participant contributions are permitted up to 75% of eligible compensation, as defined by the plan document. All newly eligible non-participating employees are automatically enrolled in the Plan at a deferral rate of 3% of their compensation. The employees can opt out of the automatic enrollment at any time. Effective November 2, 2015, the Plan was amended to allow participants an after-tax Roth contribution option.

Upon each participant's completion of six months of service, the Plan Sponsors match an amount equal to 100% of the participant's contributions up to 3% of compensation plus 50% of the participant's contributions for the next 2% of compensation.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited or charged with the participant's contributions and Plan Sponsors' contributions, and allocations of investment earnings or losses and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in both their elective salary deferral contributions and in the Plan Sponsors' contributions, plus actual earnings or losses thereon.

(e) Notes receivable from participants

Each participant may borrow from his or her account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of his or her account balance. The notes are secured by the balances in the respective participants' accounts and bear interest at fixed rates ranging from 4.25% to 10.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator at the time the notes were taken. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service, a participant may elect to receive a lump-sum payment equal to his or her entire account balance. Effective April 1, 2015, the Plan was amended to allow a participant whose vested account balance exceeds $5,000 to receive a partial distribution of not less than $1,000 before electing to receive a lump-sum payment. A participant may elect to receive no more than one partial withdrawal at any six-month period.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan document. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(h) Administrative expenses

Fees incurred by the Plan for investment management services or recordkeeping services are included in net depreciation in fair value of investments, because they are paid through revenue sharing, rather than as direct payments from the Plan. A flat fee is charged to all participants to pay for recordkeeping not paid through revenue sharing and for custom target date fund management expenses. Fees related to the administration of notes receivable from participants are charged directly to the applicable participant accounts and are included in administrative expenses.

(i) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsors have the right under the plan document to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(2) Summary of significant accounting policies

(a) Recently adopted accounting pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, "*Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share*" ("ASU 2015-07"), which removes the requirement to present certain investments for which the practical expedient is used to measure fair value at net asset value ("NAV") within the fair value hierarchy table. Instead, the Plan is required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. The Plan Sponsor elected to early adopt ASU 2015-07 as of December 31, 2015, and has applied the provisions retrospectively. The Plan presents the investment disclosure required by this ASU 2015-07 in the fair value hierarchy tables for 2015 and 2014 in Note 4, "Fair Value Measurements." There were no other impacts on the statements of net assets available for benefits as of December 31, 2015 and 2014, or the statements of changes in net assets available for benefits for the years then ended.

In July 2015, the FASB issued ASU No. 2015-12, "*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*," ("ASU 2015-12"), which simplifies the required disclosures related to employee benefit plans.

- Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts, including collective trust assets.

- Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type, however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of Plan asset.

- Part III is not applicable to the Plan.

The Plan Sponsor elected to early-adopt ASU 2015-12 as of December 31, 2015, and has applied the provisions retrospectively. The adoption of ASU 2015-12 has resulted in the reclassification of $501,138 related to the adjustment from fair value to contract value for collective trust funds within its statement of net assets available for benefits as of December 31, 2014. Furthermore, the Plan Sponsor has eliminated its historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. There were no other impacts on the statements of net assets available for benefits as of December 31, 2015 and 2014, or the statements of changes in net assets available for benefits for the years then ended.

(b) Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(c) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

(e) Payment of benefits

Amounts distributed to participants are recorded when paid.

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Events occurring after reporting date

The Plan's management has evaluated events and transactions that occurred between December 31, 2015 and October 11, 2016, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by trustee

The following information was certified as complete and accurate by Mercer Trust Company, trustee, as of and for the years ended December 31, 2015 and 2014:

	2015	2014
Investments, at fair value	$ 160,473,560	$ 168,849,935
Notes receivable from participants	$ 4,176,476	$ 5,640,502
Net change resulting from investment activity	$ (685,288)	$ 7,091,844
Interest from notes receivable to participants	$ 191,454	$ 251,103

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

(i) *Mutual funds*: Valued at the NAV of shares held by the Plan at year end based on a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements as of December 31, 2015 using the following inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$126,603,425	$ -	$ -	$126,603,425
Investments measured at NAV (a)				33,870,135
Investments at fair value				$160,473,560

	Fair Value Measurements as of December 31, 2014 using the following inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$135,458,826	$ -	$ -	$135,458,826
Investments measured at NAV (a)				33,391,109
Investments at fair value				$168,849,935

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using the NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Description	Fair Value 12/31/2015	Fair Value 12/31/2014	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Value Fund	$25,449,642	$27,070,457	n/a	Daily	n/a
Collective Fund (a)	$8,420,493	$6,320,652	n/a	Daily	n/a

(a) The fund's investment objective is to seek long-term capital appreciation by investing primarily in common stocks of growth oriented companies that the adviser believes have long-term capital appreciation potential and expects to grow faster than the U.S. economy.

(5) Income tax status

The Plan obtained a favorable determination letter on May 6, 2015, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party transactions

Fees of $175,108 and $286,258 in 2015 and 2014, respectively, were paid to Mercer Trust Company, the trustee. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions.

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$ 164,957,397	$ 174,490,437
Notes receivable from participants treated as deemed distributions	(45,263)	(20,627)
Net assets available for benefits per the Form 5500	$ 164,912,134	$ 174,469,810

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2015 and 2014:

	2015	2014
Change in net assets available for benefits per the financial statements	$ (9,533,040)	$ (6,970,976)
Change in notes receivable from participants treated as deemed distributions	(24,636)	(9,759)
Change in net assets available for benefits per the Form 5500	$ (9,557,676)	$ (6,980,735)

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(9) Subsequent event

On August 8, 2016, the Plan's investment committee elected to engage T. Rowe Price Trust Company as the trustee for the Plan effective March 1, 2017 and replace Mercer Trust Company, the current trustee of the Plan.
