<i>The Respective Responsibilities of the Auditor and Management</i>	Our responsibility under auditing standards generally accepted in the United States of America has been described to you in our arrangement letter dated May 31, 2016. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.
<i>Other Information in Documents Containing Audited Financial Statements</i>	Our responsibility for other information in documents containing the Plan's financial statements is to read the information and consider whether its content or the manner of its presentation is materially inconsistent with the financial information covered by our auditor's report thereon or whether it contains a material misstatement. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We have provided our comments to management. We are not aware of other documents that contain the audited financial statements. With respect to the supplemental schedule accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine the information complies with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the method of preparing it had not changed from the prior year, and the information is appropriate and complete in relation to the financial statements as a whole. We compared and reconciled the supplemental schedule to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.
<i>Overview of the Planned Scope and Timing of the Financial Statement Audit</i>	We have issued a separate communication dated May 31, 2016 regarding the planned scope and timing of our audit and have discussed with you our identification of and planned audit response to significant risks of material misstatement.

Significant Accounting Practices, Including Policies, Estimates, and Disclosures	Adoption of, or Change in, Accounting Policies Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan adopted Accounting Standards Update ("ASU") No. 2015-12 and ASU No. 2015-07 for the Plan year ended December 31, 2015 and they were retrospectively applied to December 31, 2014. Significant or Unusual Transactions We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus. Management's Judgments and Accounting Estimates Summary information about the process used by management in formulating particularly sensitive accounting estimates and about our conclusions regarding the reasonableness of those estimates is summarized below: • Fair value of investments – see note 4 to the financial statements for a detailed description of the valuation of investments. Investments were certified as complete and accurate by Fidelity Management Trust Company.
Uncorrected and Corrected Misstatements	For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those we believe are trivial, and communicate them to the appropriate level of management. We did not note any uncorrected misstatements during our audit. In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. The attached schedule summarizes misstatements

Internal Control Matters

Our audit was performed in accordance with auditing standards generally accepted in the United States of America, except that we did not perform any of the normal auditing procedures on asset information certified and provided by the trustee under Section 2520.103-8 of the Department of Labor's Rules and Regulations. In planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2015, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A deficiency in design exists when a control necessary to meet the control objective is missing, or when an existing control is not properly designed so that even if the control operates as designed, the control objective is not always met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or qualifications to perform the control effectively.

Following are descriptions of other identified control deficiencies that we determined did not constitute significant deficiencies:

Documentation of the Hourly Rate

Observation

During our audit, we identified 1 participant out of a sample of 25 whose hourly rate received for additional services performed did not have current support documentation.

Recommendation

We recommend the Plan sponsor retain updated and appropriate documentation to support wages earned by employees.

Employee Contributions and Third-Party Administrator Compliance Testing

Observation

We noted some employee contributions exceeded the Internal Revenue Service ("IRS") limits for the year and the compliance testing for the Plan was not completed in a timely manner.

Recommendation

We recommend the client implement procedures to properly track contributions during the year and stop contributions when IRS maximum limits have been met. We also recommend the Plan sponsor and the third-party administrator work together to perform the required compliance testing and make corrective distributions prior to March 15th of each year to avoid unnecessary taxes and penalties.

This representation letter is provided in connection with your audit of the financial statements of Emergency Service Partners, LP 401(k) Plan (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

We have determined that the plan trustee, Fidelity Management Trust Company, qualifies to issue a certification of the Plan's asset activity under section 2520.103-5 of the Department of Labor's (DOL's) Rules and Regulations. Therefore, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to asset information certified or provided by Fidelity Management Trust Company, the trustee, other than comparing that information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule as a whole.

We confirm, to the best of our knowledge and belief, that as of October 11, 2016:

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit arrangement letter dated May 31, 2016, for the preparation and fair presentation of the financial statements referred to above in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
4. We are responsible for making the accounting estimates included in the financial statements. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable and reflect our judgment based on our knowledge and experience about past and current events and our assumptions about conditions we expect to exist and courses of action we expect to take.

In that regard, we are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are as follows:

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Brokerage account – The underlying investments, which consist primarily of mutual funds and individual corporate common stocks, are valued at the closing price reported on the open market.

Our valuation methodologies have been consistently applied from period to period. The methods and assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.

5. All significant estimates and material concentrations known to management that are required to be disclosed in accordance with the Risks and Uncertainties Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) have been properly recorded and/or disclosed in the financial statements. Significant estimates are estimates at the statement of net assets available for benefits date that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.
6. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
7. Transactions with parties in interest, as defined in ERISA Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties have been appropriately disclosed.
8. All events subsequent to the date of the financial statements, and for which U.S. GAAP requires adjustment or disclosure, have been adjusted or disclosed.
9. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
10. We have no intention to terminate the Plan.
11. We have properly reported and disclosed amendments to the Plan instrument, if any.
12. We have adopted the guidance in FASB Accounting Standard Updates ("ASU") 2015-12 and 2015-07, as discussed in Note 2 to the financial statements.

13. We have no knowledge of any uncorrected misstatements in the financial statements.

Supplementary Information

14. With respect to supplemental schedules:

- a. We acknowledge our responsibility for the presentation of such information.

- c. The methods of measurement or presentation have not changed from those used in the prior period.

28. We have complied with the DOL's regulations concerning the timely remittance of participants' contributions to trusts containing assets for the Plan.

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified and provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. Notes to the Financial Statements

1. Description of Plan

The following description of Emergency Service Partners, L.P. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Plan was amended and restated effective November 25, 2014.

General

The Plan is a defined contribution plan that covers employees of Emergency Service Partners, L.P. and its affiliates (collectively, the “Company” or “Plan Sponsor”), per the Plan document. An employee who is not a member of an excluded class and has completed six consecutive months of service meets the eligibility requirements for Plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Company contributes a safe harbor employer matching contribution of 3% of the participant’s compensation, as defined in the Plan, for employees who are eligible for the Plan. Additional discretionary profit sharing contributions may be made at the option of the Company’s Board of Directors. Contributions are subject to certain limitations.

Each year, participants may elect to contribute up to 100% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants are always 100% vested in their voluntary contributions.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions, safe harbor employer matching contributions, and actual earnings thereon. Employees hired prior to January 1, 2012 are immediately vested in discretionary profit sharing contributions. For employees hired after January 1, 2012, discretionary profit sharing contributions have a three-year graded vesting period as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	33%
2 years	66%
3 years	100%

Emergency Service Partners, L.P. 401(k) Plan

Notes to the Financial Statements

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants after March 15, 2016.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance that does not exceed \$5,000 is automatically paid out as soon as administratively possible. In the absence of an election by the participant within the time period specified by the Plan administrator, any balance that exceeds \$1,000, but does not exceed \$5,000, is paid as a direct rollover to an individual retirement account designated by the Plan administrator and any balance that does not exceed \$1,000 is paid directly to the participant in the form of a cash, lump-sum distribution. Hardship withdrawals are also available subject to certain limitations.

Forfeitures

Participant forfeitures of nonvested balances will be used to reduce future employer contributions and to pay the expenses of the Plan. During 2015, employer contributions were reduced by \$770,001 from forfeited nonvested accounts (\$0 in 2014). At December 31, 2015, unallocated forfeitures totaled \$42,528 (\$81,851 in 2014).

Administrative Expenses

Administrative expenses may be paid by either the Plan Sponsor or the Plan, as provided by the Plan document. Loan administration fees are paid by the participant electing the loan.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Emergency Service Partners, L.P. 401(k) Plan

Notes to the Financial Statements

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans – (1) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this ASU is to simplify plan accounting.

- The amendments in Part I of this ASU designate contract value as the only required measurement for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this ASU will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value ("NAV") per share (or its equivalent) practical expedient in *Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)* and that investment is in a fund that files a United States Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this ASU reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

Notes to the Financial Statements

The ASU may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this ASU are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted this ASU effective January 1, 2015, and the amendments in Part I and Part II were retrospectively applied to December 31, 2014. The impact of adopting these amendments is reflected in the financial statements.

In May 2015, FASB issued ASU No. 2015-07, *Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)*. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amends also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The amendments in this ASU are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this ASU are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this ASU will have on the Plan's financial statements.

3. Information Certified and Provided by Fidelity Management Trust Company

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2015 and 2014
- Investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2015

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

FASB's Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB's ASC, *Fair Value Measurements and Disclosures*, are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Brokerage account – The underlying investments, which consist primarily of mutual funds and individual corporate common stocks, are valued at the closing price reported on the open market.

Notes to the Financial Statements

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

December 31, 2015				
	Total	Level 1	Level 2	Level 3
Assets:				
Mutual funds	\$ 62,246,941	\$ 62,246,941	\$ -	\$ -

	<u>\$ 68,032,751</u>	<u>\$ 68,032,751</u>	<u>\$ -</u>	<u>\$ -</u>
December 31, 2014				
	Total	Level 1	Level 2	Level 3
Assets:				
Mutual funds	\$ 58,871,356	\$ 58,871,356	\$ -	\$ -

	<u>\$ 64,453,989</u>	<u>\$ 64,453,989</u>	<u>\$ -</u>	<u>\$ -</u>

5. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

The Plan Sponsor paid certain administrative expenses related to the Plan for the years ended December 31, 2015 and 2014.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan Sponsor contributions.

7. Tax Status

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Effective July 1, 2012, the Plan adopted a standardized form of a prototype plan. The prototype plan has received a determination letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2015	2014
Net assets available for benefits per the financial statements	\$ 69,983,097	\$ 64,992,459

Emergency Service Partners, L.P. 401(k) Plan

Net increase in net assets available for benefits per the financial statements	\$ 4,990,638	\$ 9,338,536

Net income per Form 5500	<u>\$ 3,737,472</u>	<u>\$ 9,338,536</u>

10. Subsequent Events

Effective January 1, 2016, the Plan was amended and restated to change employer contributions to 100% match of the first 6% of the eligible participant's compensation contributed to the Plan.

The Plan has evaluated subsequent events through October 11, 2016, the date the financial statements were available to be issued.
