Infotech Aerospace Services, Inc. Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

(1) Description of the Plan:

The following description of the Infotech Aerospace Services, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

(a) General –

The Plan is a defined contribution profit sharing plan with cash or deferred arrangement, which became effective on January 1, 2006. The Plan was created for the purpose of providing retirement benefits to the employees of Infotech Aerospace Services, Inc. ("Sponsor") and to encourage and assist them in adopting a regular savings program by means of payroll deduction through a plan that qualifies under the applicable laws of the Commonwealth of Puerto Rico. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan adopted the Trustee and Recordkeeping Services under the UBS Financial Services Incorporated of Puerto Rico ("Trustee") Master Retirement Plan.

Effective October 1, 2013, the Plan was amended to, among other changes, comply with those requirements established by the Internal Revenue Code for a New Puerto Rico (IRC-NPR). Some of the amendments included:

- to provide for automatic enrollment of all eligible employees in the Plan
- to provide for forfeitures to be used to reduce the Plan's administrative expenses and then to reduce any employer profit sharing contribution and/or matching contribution as of the end of the Plan year.

As of December 31, 2015 and 2014, there were 636 and 586 active participants in the Plan, respectively.

(b) Eligibility –

The Plan covers all employees of Infotech Aerospace Services, Inc. who have three (3) months of service and are age twenty-one (21) or older.

(c) Contributions –

Each year, participants may contribute up to \$15,000 of pre-tax compensation, as established by Act No. 1 of January 31, 2011 of the Internal Revenue Code for a New Puerto Rico. Participants who have attained age fifty (50) before the end of the plan year are eligible to make catch-up contributions of \$1,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers contributions).

Participants direct all or a portion of the investment of their contributions into various investment options offered by the Plan. The Plan currently offers seventeen (17) mutual funds as investment options for participants. The Sponsor may make matching contributions equal to a discretionary percentage, to be determined by employer. During the year ended December 31, 2015, the Sponsor made a qualified non-elective contribution of \$1,460 in order to correct a missed deferral of participants' contributions. No matching contributions were made during the year ended December 31, 2015.

Infotech Aerospace Services, Inc. Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

(d) Participant accounts –

An account is maintained for each participant, credited with the participant's contribution, the employer's matching contribution, if any, and allocation of investment income based on participant's compensation and account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, on specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting –

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service, as defined.

(f) Participant loans –

Loans to participants from the Plan are not permitted.

(g) Payment of benefits –

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(h) Forfeited accounts –

Forfeited non-vested accounts are allocated to all participants in proportion to each of their employer's matching contribution at the end of the plan year. As of December 31, 2015 and 2014, forfeitures amounted to \$3.

(2) Summary of accounting policies:

(a) Basis of accounting –

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

(b) Basis of presentation –

The Plan's fiscal year ends on December 31st of each year. All references to years in these notes to the financial statements represent calendar years unless otherwise noted. The Plan has evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued.

(c) Change in accounting principle –

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Pension Plans (Topic 965): Part I. Fully Benefit-Responsive Investment Contracts, Part II. Plan Investment Disclosures, and Part III. Measurement Date Practical Expedient (consensuses of the Emerging Issues Task Force)" ("ASU 2015-12"). ASU 2015-12 will simplify accounting and reporting for employee benefit plans, by among other matters:

Infotech Aerospace Services, Inc. Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

- designating contract value as the only required measure for fully benefit-responsive investment contracts.
- requiring that participant-directed and nonparticipant-directed investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways.
- removing the requirement to disclose investments that represent 5 percent or more of net assets available for benefits.
- eliminating the requirement to disclose the investment strategy for investments measured using the net asset value per share (or its equivalent) if that investment is in a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity.
- permitting the Fair Value measurement footnote to be presented by only general type.

ASU 2015-12 is effective for plans with fiscal years beginning after December 15, 2015 (2016 calendar years). The amendments in Parts I and II should be applied retrospectively for all financial statements presented. The amendments in Part III should be applied prospectively. Parts I and III are not applicable to this Plan. Earlier application is permitted. The Plan's management has decided to implement this provision for the current reporting period.

(d) Use of estimates –

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Investment valuation and income recognition –

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold, as well as, held during the year.

(f) Benefit payments recognition –

Benefits paid directly to participants are recorded when paid. As of December 31, 2015 and 2014, all benefits due to withdrawn participants had been paid.

(g) Operating expenses –

All expenses of maintaining the Plan are paid by the Sponsor.

(h) Risks and uncertainties –

The Plan invests in various investments securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes should materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Infotech Aerospace Services, Inc. Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

(3) Information certified by the custodian:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2015 and 2014, and net depreciation in fair value of investments and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Hand Benefits & Trust Company (the custodian of the Plan).

(4) Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2- Inputs to the valuation methodology include:
 - (a) Quoted prices for similar assets or liabilities in active markets;
 - (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
 - (c) Inputs other than quoted prices that are observable for the asset or liability; and
 - (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements December 31, 2015 and 2014

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2015 and 2014:

<u>Assets at fair value as of December 31, 2015</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 6,483,077</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,483,077</u>

<u>Assets at fair value as of December 31, 2014</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 5,760,415</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,760,415</u>

(5) **Administrative fee:**

The Trustee receives an administrative fee, for the services performed under the Plan Agreement, which is paid by the Plan Sponsor without reimbursement by the Plan. Administrative fees paid by the Plan's Sponsor for the year ended December 31, 2015 were \$40,765.

During the year ended December 31, 2015, the Plan paid fees for \$13,953 related to the purchase and sale of investments. These fees were deducted directly from each participant's account.

(6) **Party-in-interest transactions:**

In accordance with the Department of Labor's Regulation 2510.3-102, an employer is required to segregate participants' contributions from its general assets as soon as practical when amounts are contributed by participants or withheld from their wages for a pension plan, such as the Plan. During the year ended December 31, 2015, there was an unintentional delay in the remittance of participants' contributions amounting to \$139,735.

(7) **Plan termination:**

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(8) Tax status:

The Plan is exempt from Puerto Rico income taxes as per the Internal Revenue Code for a New Puerto Rico ("IRC-NPR") which was approved effective for taxable years starting after December 31, 2010. The provisions of the IRC-NPR required that the Plan be amended in order to comply with several rules related to the qualification of pension plans and also that it be submitted to the Puerto Rico Treasury Department ("PRTD") in order to obtain a new determination letter issued by the PRTD to maintain the Plan's qualified status. The Plan Sponsor obtained the new determination letter on April 21, 2015.

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2011.

(9) Subsequent event:

Effective January 1, 2016, the Sponsor approved a matching contribution of 40% of the participants' contributions up to 6%.
