NOTE 1--DESCRIPTION OF PLAN

The following description of the Integral Systems, Inc. and Subsidiaries Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General : The Plan, which was adopted on January 1, 1995, is a defined-contribution plan covering substantially all employees of Kratos Integral Holdings, LLC (formerly Integral Systems, Inc.) and its participating affiliates, SAT Corporation, Real Time Logic, Inc., Lumistar, Inc., CVG, Inc., Kratos Integral Systems International, Inc., and Kratos Technology & Training Solutions, Inc. (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Kratos 401(k) Plan Advisory Committee is responsible for oversight of the Plan and determines the appropriateness and monitors performance of the Plan's investment offerings.

Contributions : Participant salary reduction contributions: Each year, non-highly compensated participants may contribute up to 80% of pretax annual compensation, as defined by the Plan, and highly compensated participants may contribute up to 25% of pretax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Such contributions are 100% vested and non-forfeitable. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The deferral rate for an automatically enrolled participant increases 1% per year until the participant reaches 10%. As defined by the Plan, participants are permitted to designate a portion or all of the deferral contributions they are otherwise eligible to make under the Plan as Roth deferral contributions. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer discretionary matching contributions: The Company may make matching contributions in an amount equal to the percentage declared by the employer's board of directors based on the deferral contribution made by each participant during each calendar quarter, as defined by the Plan. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Each participant will be vested in employer contributions per the vesting schedule. The Company has elected to not make an employer discretionary matching contribution for the year ended December 31, 2015.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Contributions (continued)	:	Employer discretionary profit-sharing contributions: The Company may make a profit-sharing contribution to the Plan each quarter. The contributions would be allocated to participant accounts in the same ratio as the participant's compensation bears to total compensation of eligible participants. The Company has elected to make a quarterly discretionary profit-sharing contribution of 6% for the year ended December 31, 2015. For the year ended December 31, 2015, the Company's employer discretionary profit-sharing contributions totaled $2,825,707. Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).
Eligibility to participate	:	Full time employees who have reached age twenty-one and completed one month of service are eligible to participate in the Plan as of the next succeeding entry date (first day of the calendar quarter). Full time employees who have reached age twenty-one and completed six months of service are eligible to receive employer contributions. If the employee fails to meet the previously listed criteria, the employee becomes eligible to participate in the Plan and receive employer contributions on the twelve month anniversary of the original date of employment as long as they worked at least 1,000 hours.
Forfeitures	:	At December 31, 2015 and 2014, forfeited nonvested accounts held by the Plan totaled $49,140 and $46,276. These accounts will be used to pay administrative expenses of the Plan or to reduce employer contributions. During 2015, forfeited nonvested accounts totaling $18,000 were used to reduce employer discretionary profit-sharing contributions.
Notes receivable from participants	:	Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined.
Participant accounts	:	Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, employer discretionary matching contributions, and an allocation of the employer's discretionary profit-sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Payment of benefits : On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000.

Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional contributions.

Vesting : Participants are vested immediately in their participant salary reduction and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts (employer discretionary matching and employer discretionary profit-sharing) is based on years of continuous service. For participants employed by the Company after May 31, 2009, accrued benefits vest as follows:

Years of Service	Vested Interest
Less than 1	0%
1	33%
2	67%
3 or more	100%

For participants who terminated employment before May 31, 2009, accrued benefits vest as follow:

Years of Service	Vested Interest
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

For vesting purposes, a year of service is defined as a plan year in which an employee works at least 1,000 hours.

Participants become fully vested upon termination for reason of retirement, death or disability, or if the Plan is terminated. Nonvested benefits are forfeited by participants upon termination for reasons other than normal retirement, death or disability.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and new accounting pronouncements : The financial statements of the Plan are presented on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under terms of the Plan.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II early. Accordingly, the amendments were retrospectively applied resulting in simplification of reporting of the ASC 820 disclosures. Part III is not applicable to this Plan.

Administrative expenses : Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of the Plan, administration of notes receivable from participants and distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Investment valuation and income recognition : Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants	:	Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Principal and interest are paid ratably through payroll deductions. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses have been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
Payment of benefits	:	Benefits are recorded when paid.
Subsequent events	:	The Plan has evaluated subsequent events through October 12, 2016, the date the financial statements were available to be issued.
Use of estimates	:	The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the investment information regarding the Plan, included in the Plan's financial statements and supplemental schedules that were prepared by or derived from information prepared by the current custodians, Massachusetts Mutual Life Insurance Company and State Street Bank and Trust Company, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that the information is complete and accurate as of December 31, 2015 and 2014. Certified information is summarized as follows:

	2015	2014
Mutual funds, at fair value	$ 111,226,667	$ 116,302,408
Guaranteed investment contract, at contract value	15,212,803	13,905,004
Notes receivable from participants	903,533	890,943
Total investments and assets certified by the custodians	$ 127,343,003	$ 131,098,355

Changes in net assets certified by the custodians and not audited for the year ended December 31, 2015, include the following:

Net depreciation in fair value of investments	$ (9,354,022)
Dividends	9,652,054
Interest on investments	440,537
Interest on notes receivable from participants	38,901
Administrative expenses	(23,025)

NOTE 4--FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy and a description of the valuation methodologies used for assets measured at fair value are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The Plan was not invested in any level two assets as of December 31, 2015 and 2014.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan was not invested in any level three assets as of December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 111,226,667	$ 0	$ 0	$ 111,226,667
Total investments, at fair value	$ 111,226,667	$ 0	$ 0	$ 111,226,667

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 116,302,408	$ 0	$ 0	$ 116,302,408
Total investments, at fair value	$ 116,302,408	$ 0	$ 0	$ 116,302,408

NOTE 5--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company and State Street Bank and Trust Company for the years ended December 31, 2015 and 2014. Massachusetts Mutual Life Insurance Company and State Street Bank and Trust Company maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company and State Street Bank and Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The contract value of the investment contract at December 31, 2015 and 2014 was $15,212,803 and $13,905,004, respectively. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuers but may not be less than zero percent. The crediting interest rate is reviewed and determined by the contract issuer prior to the last day of the previous calendar quarter. The contract cannot be terminated before the schedule maturity date.

NOTE 5--INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuers, such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deleting of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity date.

NOTE 6--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 7--TAX STATUS

The IRS has determined and informed the Company by a letter dated October 8, 2010, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine income tax examinations by taxing jurisdictions; however, there are currently no income tax examinations for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and a guaranteed investment contract managed by Massachusetts Mutual Life Insurance Company and State Street Bank and Trust Company. Massachusetts Mutual Life Insurance Company and State Street Bank and Trust Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10--NONEXEMPT TRANSACTIONS

Participant contributions and loan repayments totaling $207,636 were withheld from participants' pay throughout the plan year 2014 and were not remitted to the Plan timely. Each remittance constituted a loan from the Plan to the plan sponsor. The late contributions and loan repayments were remitted up to four business days after the date the contributions and loan repayments could have reasonably been remitted. Lost earnings on these participant contributions and loan repayments were determined to be immaterial and the Company will remit these lost earnings during the plan year ending December 31, 2016 (See attached Schedule H – Line 4a).

NOTE 11--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500 and of change in net assets available for benefits per the financial statements to the Form 5500:
